 - HSA Sec. 125 (Deduction IDs – 36 and 37)
 - HSA Catch Up Sec. 125 (Deduction IDs – 38 and 39)
 - Adoption Assistance Sec.125 (Deduction ID – 54 and 55)
- Decreased the maximum employer SUI tax rate from 10.39% to 8.68%.
- Decreased the minimum employer SUI tax rate from .75% to .64%. (This is a change to the documentation only.)
- Decreased the new employer SUI tax rate from 1.7% to 1.53%. (This is a change to the documentation only.)
- Added a SUI Surcharge with an employer tax rate of 3.66% and a wage base of \$23,800.00.

Note: *The SUI Surcharge rate is the combination of the Support and Solvency Surcharges.*

Connecticut

- Decreased the Phase-out tables from 3% to 2%.
- Revised the 2% Phase-out tables.
- Revised the Additional Recapture amount tables.
- Revised the withholding tables.

Georgia

- Added filing status Married Filing Separately or Married Filing Jointly Both Spouses Working (Filing Status - 64) to be consistent with the 2024 GA W-4. Georgia does not require all employees to file a new GA W-4 for 2024.
- The following filing statuses will be eliminated in Update #3/24:
 - Married filing separately (Filing Status - 4)
 - Married filing jointly both spouses working" (Filing Status - 20)
- **Note:** *Employees using these filing statuses must be recoded to Married Filing Separately or Married Filing Jointly Both Spouses Working (Filing Status - 64).*
- For 2024, Georgia uses a flat rate of 5.49% to calculate the withholding tax on regular wages for all employees.
- Eliminated the personal allowance amounts.
- Revised the supplemental withholding table.
- Increased the standard deduction amount for single filers from \$5,400.00 to \$12,000.00.
- Increased the standard deduction amount for head of household filers from \$5,400.00 to \$12,000.00.
- Increased the standard deduction amount for married filing separately filers from \$3,550.00 to \$12,000.00.
- Increased the standard deduction amount for married filing jointly with 1 spouse working filers from \$7,100.00 to \$24,000.00.
- Increased the standard deduction amount for married filing jointly with 2 spouse working filers from \$3,550.00 to \$12,000.00.

Hawaii

- Increased the wage base from \$56,700.00 to \$59,100.00 for the following:
 - SUI
 - SUI Employment & Training Assessment
- Decreased the maximum employer SUI tax rate from 6.2% to 5.8%.
- Decreased the minimum employer SUI tax rate from 1.2% to .2%. (This is a change to the documentation only.)
- Decreased the new employer SUI tax rate from 4% to 3%. (This is a change to the documentation only.)

Idaho

- Increased the wage base from \$49,900.00 to \$53,500.00 for the following:
 - SUI
 - SUI Workforce Development
 - SUI Administrative Reserve

Illinois

- Increased the Line 1 withholding allowance from \$2,425.00 to \$2,775.00.

Indiana

- Decreased the withholding tax rate for regular and supplemental wages from 3.15% to 3.05%.

Iowa

- Added filing status Other (Filing Status - 63) to be consistent with the 2024 IA W-4.
- Added filing status Married (Filing Status - 2), after removing it in Update #12/23.01, to be consistent with the 2023 IA W-4. Iowa does not require all employees to file a new IA W-4 for 2024.
- Revised the withholding tables.
- Increased the Standard Deduction from \$13,850.00 to \$14,600.00 for total allowance amount claimed under \$80.00.
- Increased the Standard Deduction from \$27,700.00 to \$29,200.00 for total allowance amount claimed over \$80.00.
- Tax Credit was revised to reflect the total allowance amount claimed on the 2024 IA W-4 Line 6.
- Added the following filing statuses:
 - Head of Household (Filing Status - 3)
 - Married Filing Jointly One Spouse Working (Filing Status - 19)
 - Married Filing Jointly Two Spouse Working (Filing Status - 20)
- The Flat Rate Combined calculation method will no longer be supported. Concurrent Aggregation will be the only and default calculation method when Regular and Supplemental wages are paid at the same time. When supplemental wages are included with regular wages, the two amounts are combined, and the withholding tables are to be used.

Note: Iowa no longer requests the number of allowances claimed on the state's W4 form; they now require the actual allowance dollar amount to be provided on Line 6 of the 2024 IA W-4. The allowance dollar amount is used to determine the amount of the Standard Deduction to reduce taxable wages. Then, the actual allowance dollar amount is used as a tax credit.

We are temporarily proposing that pPriExempt (PRI_EXEMPT) parameter, which is used to send the amount of allowances claimed, be updated to pass line 6 Total Allowance Dollar Amount (rounded to the nearest whole dollar). We will use this value to find the Standard Deduction amount, and will also be used as a Tax Credit. Furthermore, as the instructions in the Withholding Guide state, "For employees who do not file an updated W-4 using the 2024 IA W-4 form, use \$40 as the total allowance amount." Therefore, for the employees who have not filled out the new W-4, we need the pPriExempt (PRI_EXEMPT) parameter set to \$40. If they have filled out the new form, then pass in the Line 6 dollar amount.

Kentucky

- Increased the wage base from \$11,100.00 to \$11,400.00 for the following:
 - SUI
 - SUI Service Capacity Upgrade Fund

Maine

- Increased the maximum employer SUI tax rate from 5.47% to 5.75%.
- Increased the new employer SUI tax rate from 1.97% to 2.04%. (This is a change to the documentation only.)
- Increased the SUI Competitive Skills Scholarship Fund tax rate from .07% to .13%.

Maryland

- Increased the minimum standard deduction from \$1,700.00 to \$1,800.00.
- Increased the maximum standard deduction from \$2,550.00 to \$2,700.00.
- Revised withholding tables and combined state and local supplemental tax rates for the following counties:
 - Anne Arundel County
 - Cecil County
 - Frederick County

Note: Vertex continues to calculate Maryland state taxes as a combined amount along with the Maryland county withholding, without the updated tiered rates for Anne Arundel and Frederick County taxes. Anne Arundel and Frederick County will be computed using the highest tier rate of 3.2%, as provided in the combined tables. Vertex plans to include a solution for tiered county rates in the next scheduled program release.

- Decreased the new employer SUI tax rate from 1.7% to 1.53%. (This is a change to the documentation only.)

Connecticut

On 12-12-23, the Connecticut Department of Revenue Services published a final version of Circular CT, Connecticut Employer's Tax Guide, effective 1-1-24. The changes include lowering the two lowest marginal rates while also including changes to their Tax Rate Phase-Out Add-Back and Tax Recapture calculations.

Vertex is currently evaluating the effect of these 2024 changes on our withholding calculations, and we will provide an update once we determine the full impacts on Vertex Payroll. In the meantime, we will continue to support the existing 2023 calculations.

Georgia

- For 2024, Georgia uses a flat rate of 5.49% to calculate the withholding tax on regular wages for all employees.
- Eliminated the personal allowance amounts.
- Revised the supplemental withholding table.
- Increased the standard deduction amount for single filers from \$5,400.00 to \$12,000.00.
- Increased the standard deduction amount for head of household filers from \$5,400.00 to \$12,000.00.
- Increased the standard deduction amount for married filing separately filers from \$3,550.00 to \$12,000.00.

- Increased the standard deduction amount for married filing jointly with 1 spouse working filers from \$7,100.00 to \$24,000.00.
- Increased the standard deduction amount for married filing jointly with 2 spouse working filers from \$3,550.00 to \$12,000.00.

Hawaii

- Increased the wage base from \$56,700.00 to \$59,100.00 for the following:
 - SUI
 - SUI Employment & Training Assessment
- Decreased the maximum employer SUI tax rate from 6.2% to 5.8%.
- Decreased the minimum employer SUI tax rate from 1.2% to .2%. (This is a change to the documentation only.)
- Decreased the new employer SUI tax rate from 4% to 3%. (This is a change to the documentation only.)

Indiana

- Decreased the withholding tax rate for regular and supplemental wages from 3.15% to 3.05%.

Iowa

- Revised the withholding tables.
- Increased the Standard Deduction from \$13,850.00 to \$14,600.00 for total allowance amount claimed under \$80.
- Increased the Standard Deduction from \$27,700.00 to \$29,200.00 for total allowance amount claimed over \$80.
- Tax Credit was revised to reflect the total allowance amount claimed on the 2024 IA W-4 Line 6.
- Added the following filing statuses:
 - Head of Household (Filing Status - 3)
 - Married Filing Jointly One Spouse Working (Filing Status - 19)
 - Married Filing Jointly Two Spouse Working (Filing Status - 20)
- Removed the following filing status:
 - Married (Filing Status - 2)

- The Flat Rate Combined calculation method will no longer be supported. Concurrent Aggregation will be the only and default calculation method when Regular and Supplemental wages are paid at the same time. When supplemental wages are included with regular wages, the two amounts are combined, and the withholding tables are to be used.

Note: Iowa no longer requests the number of allowances claimed on the state's W4 form; they now require the actual allowance dollar amount to be provided on Line 6 of the 2024 IA W-4. The allowance dollar amount is used to determine the amount of the Standard Deduction to reduce taxable wages. Then, the actual allowance dollar amount is used as a tax credit.

We are temporarily proposing that pPriExempt (PRI_EXEMPT) parameter, which is used to send the amount of allowances claimed, be updated to pass line 6 Total Allowance Dollar Amount (rounded to the nearest whole dollar). We will use this value to find the Standard Deduction amount, and will also be used as a Tax Credit. Furthermore, as the instructions in the Withholding Guide state, "For employees who do not file an updated W-4 using the 2024 IA W-4 form, use \$40 as the total allowance amount." Therefore, for the employees who have not filled out the new W-4, we need the pPriExempt (PRI_EXEMPT) parameter set to \$40. If they have filled out the new form, then pass in the Line 6 dollar amount.

Kentucky

- Increased the wage base from \$11,100.00 to \$11,400.00 for the following:
 - SUI
 - SUI Service Capacity Upgrade Fund

Massachusetts

On 12-15-23, the Massachusetts Department of Revenue (DOR) published an updated draft of the 2024 Circular M, featuring new percentage method instructions accounting for the 4% surtax for high-income individuals.

Vertex continues to work on a solution based on the draft information while closely monitoring for publication of the final copy of Circular M. Vertex will continue to support the existing 2023 calculations while providing you with regular updates on an eventual solution.

 - \$97,150.00 for single taxpayers
 - \$194,300.00 for married taxpayers
 - Revised the withholding tables.

Maryland

- The Maryland tiered county change announced with program version 4.5.1 encountered some unexpected results in scenarios between Maryland and Pennsylvania. We decided to revert the data prior to 4.5.1 and address the tiered Anne Arundel and Frederick County withholding calculations early next year in the February release. Maryland county taxes will continue to be calculated as a combined amount along with the Maryland state withholding without the tiered rates until our next release.

If you are an organization that will run a 2024 payroll in December and have applied program version 4.5.1, apply the interim data update as soon as possible to ensure no issues with the 2024 Maryland calculations.

Michigan

- Increased the personal exemption from \$5,400.00 to \$5,600.00.
- Increased the withholding tax rate for regular and supplemental wages from 4.05% to 4.25%.

Minnesota

- Increased the wage base from \$40,000.00 to \$42,000.00 for the following:
 - SUI
 - SUI Workforce Development Fee

Missouri

- Decreased the supplemental withholding tax rate from 4.95% to 4.8%.
- Increased the standard deduction amount for Single, Married and Spouse Works and Married Filing Separate filers from \$13,850.00 to \$14,600.00.

- Increased the standard deduction amount for Married and Spouse Does Not Work filers from \$27,700.00 to \$29,200.00.
- Increased the standard deduction amount for Head of Household filers from \$20,800.00 to \$21,900.00.
- Revised the withholding tables.

Montana

- Decreased the supplemental withholding tax rate from 6% to 5%.
- Eliminated the withholding allowance of \$2,070.00.
- Revised Withholding Tables.
- Added the following filing statuses:
 - Single or married filing separately (Filing status 62) – federal mapping (filing status 62)
 - Married filing jointly or qualifying widower (filing status 16) – federal mapping (filing status 16)
 - Head of Household (filing status 3) - federal mapping (filing status 3)
 - Single (filing status 1) (pre 2020 federal filing status) – federal mapping (filing status 1)
 - Married (filing status 2) (pre 2020 federal filing status) - federal mapping (filing status 2)
 - Married filing jointly both spouses working (filing status 20). This has been added to accommodate the tax calculation for employees that have selected box 2 on MW-4. (filing status 0 - no federal mapping)

Note: *If no state filing status is passed, the system will default to single or married filing separately (62) for withholding calculations.*

Montana is only requiring new employees to file a new 2024 MW-4. If a 2024 MW-4 has not been completed, the federal filing status will need to be used for the employee. As a result, we have added the pre 2020 federal filing statuses.

Senate Bill 399, which was approved during the 67th Legislature in 2021, has introduced significant changes to Montana's income tax system, effective for Tax Year 2024. Changes were made to filing statuses, tax brackets, and the calculation of Montana taxable income. As a result, the Department of Revenue has changed the method for calculating Montana wage withholding. This new method closely resembles the federal method. Employees will no longer use Montana personal and dependent exemptions to calculate the amount of their Montana wage withholding. The new calculation method will determine a filing status by using the new Montana 2024 WM-4 or the current federal W-4 on file. Employees can still designate additional amounts to withhold from their paycheck or elect to have an amount of their choosing withheld from their paycheck. Specific exemptions to Montana wage withholding will not change. The department recommends that employers review the revised Employer and Information Agent Guide. Additionally, the department advises to have copies of the updated Form MW-4 available for employees seeking to adjust their wage withholding for tax year, 2024.

State Tax Changes

Maryland

- The Maryland tiered county change announced with program version 4.5.1 encountered some unexpected results in scenarios between Maryland and Pennsylvania. We decided to revert the data prior to 4.5.1 and address the tiered Anne Arundel and Frederick County withholding calculations early next year in the February release. Maryland county taxes will continue to be calculated as a combined amount along with the Maryland state withholding without the tiered rates until our next release.

If you are an organization that will run a 2024 payroll in December and have applied program version 4.5.1, apply the interim data update as soon as possible to ensure no issues with the 2024 Maryland calculations.

How to use this guide

Use the *Vertex Payroll Tax Calculation Guide* to look up U.S. state and local taxes:

1. Navigate to a specific state's section to find that state's tax information.

Note: Refer to the Pre-Tax Deductions Table to determine whether the employee's contributions to these plans are taxable or exempt.

2. Read the State Withholding Tax Summary.
3. Follow the calculation example, substituting the number of pay periods, filing status, number of exemptions, and gross wages applicable to the employee whose tax calculation you are reviewing.
4. Where applicable, read the Summary Page for any miscellaneous taxes levied by the state.
5. Read the Summary Page for Unemployment or Disability Insurance taxes.
6. Read the Local Withholding Tax Summary.
7. Locate the tax rate of the jurisdiction in the Local Withholding Tax Summary.
8. Follow the calculation example, substituting the number of pay periods, filing status, number of exemptions, and gross wages applicable to the employee whose tax calculation you are reviewing.

You can use this guide with both Vertex® Cloud Payroll Tax and Vertex® Payroll Tax Q Series®.

About this guide

Reciprocity	Indiana allows a credit for taxes paid elsewhere. For Indiana residents working in other states, withhold for Indiana the amount by which Indiana tax exceeds the tax of the state of employment. Indiana withholding is required from non-residents working in Indiana who reside in states other than those listed below. The following table summarizes the reciprocity agreements in effect:	
	Residents of...	Who work in...
	Are subject to this tax treatment...	
	KY, MI, OH, PA, and WI ¹	IN
IN	KY, MI, OH, PA, and WI	Exempt from Kentucky, Michigan, Ohio, Pennsylvania, and Wisconsin withholding
Jurisdiction interaction treatment	Credit the resident state by the amount of work tax withheld. Always accumulate wages. <i>Programming tip: You can program the system to calculate using these rules by setting pJurIntTreatment to a value of 2.</i>	
Valid Filing Statuses	Not applicable	
Exemptions	Personal, per exemption:	1,000.00
	Additional:	1,500.00
	First-time additional dependent:	1,500.00
	Adopted Dependent:	3,000.00

1. Residents of these states must furnish employer with Form WH-47 *Certificate of Residence*.

Annualized Method Calculation Example with Period-to-Date Wages**

This calculation example is based on employee claiming four exemptions, residing in Baltimore County. For this example, regular wages are \$500 and period-to-date wages are \$450.

Maryland Withholding Tax Regular Wages Only Annualized Method Calculation Example With Period-To-Date Wages			
Step	Action	Result	Example
1	Add current gross wages to period-to-date gross wages.	Total gross wages	450.00 + <u>500.00</u> 950.00
2	Multiply gross wages per pay period by the annual number of pay periods. If annual gross wages are less than \$5,000, no tax is to be withheld.	Annual gross wages	950.00 x <u>52</u> 49,400.00
3	Subtract the standard deduction. 15% of annual gross wages for all filers 1,800.00 Minimum deduction 2,700.00 Maximum deduction	Wages minus the standard deduction	49,400.00 - <u>2,700.00</u> 46,700.00
4	Subtract the personal exemption amount. 3,200.00 per exemption	Annual taxable wages	46,700.00 - <u>12,800.00</u> 33,900.00
5	Compute the annual combined state and local tax using the combined state and local tax rate table. Baltimore County	Annual combined state and local tax	33,900.00 x <u>0.0795</u> 2,695.05
6	Divide the annual tax by the annual number of pay periods.	Total amount of combined state and local tax for the multiple pays within the pay period	2,695.05 / <u>52</u> 51.83
7	Subtract the period-to-date tax amount.	Combined state and local tax for the additional pay within the pay period	51.83 - <u>12.08</u> 39.75

Note: Employees with filing status Single and Married/Civil Union Partner Separate must use Rate Table "A". Married/Civil Union Couple Joint, Head of Household, and Qualifying Widow(er)/Surviving Civil Union Partner filers may use Rate Table "A", "B", "C", "D", or "E". However, the state of New Jersey strongly recommends that filers with status Married/Civil Union Couple Joint, Head of Household, and Qualifying Widow(er)/Surviving Civil Union Partner with annual taxable wages in excess of \$50,000 use this wage chart to determine the appropriate rate table to use. Refer to Appendix D of the Vertex Payroll Tax Q Series Programmer's Guide for how to represent these rates to Vertex Payroll Tax using pAltCalcCd.

Reciprocity	No reciprocity agreements are in effect. However, New York allows a credit for taxes paid elsewhere. For New York residents working in other states, withhold for New York the amount by which New York tax exceeds the tax of the state and local jurisdiction of employment. No credit is allowed for occupational privilege tax or emergency and municipal services tax. New York withholding is required from non-residents working in New York.												
Jurisdiction Interaction Treatment	Credit the resident state by the amount of work tax withheld. Always accumulate wages. *Programming tip: You can program the system to calculate using these rules by setting pJurIntTreatment to a value of 2.*

State Withholding Tax Regular Wages Only Annualized Method Calculation Example

This calculation example is based on filing status of Married Filing Jointly with four dependents.

Utah State Withholding Tax Regular Wages Only Annualized Method Calculation Example			
Step	Action	Result	Example
1	Multiply gross wages per pay period by the annual number of pay periods.	Annual gross wages	$\begin{array}{r} 1,000.00 \\ \times \quad 52 \\ \hline 52,000.00 \end{array}$
2	Compute the initial annual state tax using the state tax rate.	Initial annual state tax	$\begin{array}{r} 52,000.00 \\ \times \quad 0.0465 \\ \hline 2,418.00 \end{array}$
3	Calculate the withholding allowance credit reduction amount by reducing the annual taxable wages by the allowance for filing status and then multiplying by the state rate. Allowances: Married Filing Jointly 16,742.00	Withholding allowance credit reduction	$\begin{array}{r} 52,000.00 \\ - \quad 16,742.00 \\ \hline 35,258.00 \\ \times \quad 0.0130 \\ \hline 458.35 \end{array}$
4	Calculate annual withholding tax credit by reducing the standard deduction by the withholding allowance credit reduction (not less than zero). Standard Deduction: Married Filing Jointly 830.00	Annual withholding tax credit	$\begin{array}{r} 830.00 \\ - \quad 458.35 \\ \hline 371.65 \end{array}$
5	Subtract the withholding allowance credit.	Annual state tax	$\begin{array}{r} 2,418.00 \\ - \quad 371.65 \\ \hline 2,046.35 \end{array}$
6	Divide the annual state tax by the annual number of pay periods.	State withholding tax per pay period	$\begin{array}{r} 2,046.35 \\ / \quad 52 \\ \hline 39.35 \end{array}$

Employee's Withholding Certificate

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay.
Give Form W-4 to your employer.
 Your withholding is subject to review by the IRS.

2024

Step 1: Enter Personal Information	(a) First name and middle initial	Last name	(b) Social security number
	Address		Does your name match the name on your social security card? If not, to ensure you get credit for your earnings, contact SSA at 800-772-1213 or go to www.ssa.gov .
	City or town, state, and ZIP code		
	(c) <input type="checkbox"/> Single or Married filing separately <input type="checkbox"/> Married filing jointly or Qualifying surviving spouse <input type="checkbox"/> Head of household (Check only if you're unmarried and pay more than half the costs of keeping up a home for yourself and a qualifying individual.)		

Complete Steps 2–4 ONLY if they apply to you; otherwise, skip to Step 5. See page 2 for more information on each step, who can claim exemption from withholding, and when to use the estimator at www.irs.gov/W4App.

Step 2: Complete this step if you (1) hold more than one job at a time, or (2) are married filing jointly and your spouse also works. The correct amount of withholding depends on income earned from all of these jobs.

Multiple Jobs or Spouse Works

Do **only one** of the following.

(a) Use the estimator at www.irs.gov/W4App for most accurate withholding for this step (and Steps 3–4). If you or your spouse have self-employment income, use this option; **or**

(b) Use the Multiple Jobs Worksheet on page 3 and enter the result in Step 4(c) below; **or**

(c) If there are only two jobs total, you may check this box. Do the same on Form W-4 for the other job. This option is generally more accurate than (b) if pay at the lower paying job is more than half of the pay at the higher paying job. Otherwise, (b) is more accurate

Complete Steps 3–4(b) on Form W-4 for only ONE of these jobs. Leave those steps blank for the other jobs. (Your withholding will be most accurate if you complete Steps 3–4(b) on the Form W-4 for the highest paying job.)

Step 3: Claim Dependent and Other Credits	If your total income will be \$200,000 or less (\$400,000 or less if married filing jointly):		
	Multiply the number of qualifying children under age 17 by \$2,000	\$ _____	
	Multiply the number of other dependents by \$500	\$ _____	
	Add the amounts above for qualifying children and other dependents. You may add to this the amount of any other credits. Enter the total here		3 \$ _____
Step 4 (optional): Other Adjustments	(a) Other income (not from jobs). If you want tax withheld for other income you expect this year that won't have withholding, enter the amount of other income here. This may include interest, dividends, and retirement income		4(a) \$ _____
	(b) Deductions. If you expect to claim deductions other than the standard deduction and want to reduce your withholding, use the Deductions Worksheet on page 3 and enter the result here		4(b) \$ _____
	(c) Extra withholding. Enter any additional tax you want withheld each pay period		4(c) \$ _____

Step 5: Under penalties of perjury, I declare that this certificate, to the best of my knowledge and belief, is true, correct, and complete.

Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

Exemption from withholding. You may claim exemption from withholding for 2024 if you meet both of the following conditions: you had no federal income tax liability in 2023 **and** you expect to have no federal income tax liability in 2024. You had no federal income tax liability in 2023 if (1) your total tax on line 24 on your 2023 Form 1040 or 1040-SR is zero (or less than the sum of lines 27, 28, and 29), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2024 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 15, 2025.

Your privacy. Steps 2(c) and 4(a) ask for information regarding income you received from sources other than the job associated with this Form W-4. If you have concerns with providing the information asked for in Step 2(c), you may choose Step 2(b) as an alternative; if you have concerns with providing the information asked for in Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c) as an alternative.

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

1. Expect to work only part of the year;
2. Receive dividends, capital gains, social security, bonuses, or business income, or are subject to the Additional Medicare Tax or Net Investment Income Tax; or
3. Prefer the most accurate withholding for multiple job situations.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay these taxes through withholding from your wages, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

Option (a) most accurately calculates the additional tax you need to have withheld, while option (b) does so with a little less accuracy.

Instead, if you (and your spouse) have a total of only two jobs, you may check the box in option (c). The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2024 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Step 2(b) – Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on only ONE Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job. To be accurate, submit a new Form W-4 for all other jobs if you have not updated your withholding since 2019.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables; or, you can use the online withholding estimator at www.irs.gov/W4App.

- 1 Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, skip to line 3
2 Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.
a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a
b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b
c Add the amounts from lines 2a and 2b and enter the result on line 2c
3 Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc.
4 Divide the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in Step 4(c) of Form W-4 for the highest paying job (along with any other additional amount you want withheld)

Step 4(b) – Deductions Worksheet (Keep for your records.)

- 1 Enter an estimate of your 2024 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income
2 Enter: { \$29,200 if you're married filing jointly or a qualifying surviving spouse; \$21,900 if you're head of household; \$14,600 if you're single or married filing separately }
3 If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"
4 Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information
5 Add lines 3 and 4. Enter the result here and in Step 4(b) of Form W-4

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. Internal Revenue Code sections 3402(f)(2) and 6109 and their regulations require you to provide this information; your employer uses it to determine your federal income tax withholding. Failure to provide a properly completed form will result in your being treated as a single person with no other entries on the form; providing fraudulent information may subject you to penalties. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation; to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their tax laws; and to the Department of Health and Human Services for use in the National Directory of New Hires. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The average time and expenses required to complete and file this form will vary depending on individual circumstances. For estimated averages, see the instructions for your income tax return.

If you have suggestions for making this form simpler, we would be happy to hear from you. See the instructions for your income tax return.

Employee's Withholding Tax Exemption Certificate

Every employee, on or before the date of commencement of employment, shall furnish his or her employer with a signed Alabama withholding exemption certificate relating to the number of withholding exemptions which he or she claims, which in no event shall exceed the number to which the employee is entitled. In the event the employee inflates the number of exemptions allowed by this Chapter on Form A4, the employee shall pay a penalty of five hundred dollars (\$500) for such action pursuant to Section 40-29-75.

Part I – To be completed by the employee

EMPLOYEE NAME _____		EMPLOYEE SOCIAL SECURITY NUMBER _____	
STREET ADDRESS _____	CITY _____	STATE _____	ZIP CODE _____

HOW TO CLAIM YOUR WITHHOLDING EXEMPTIONS

1. If you claim no personal exemption for yourself and wish to withhold at the highest rate, write the figure "0", sign and date Form A4 and file it with your employer. _____
2. If you are SINGLE or MARRIED FILING SEPARATELY, a \$1,500 personal exemption is allowed.
Write the letter "S" if claiming the SINGLE exemption or "MS" if claiming the MARRIED FILING SEPARATELY exemption _____
3. If you are MARRIED or SINGLE CLAIMING HEAD OF FAMILY, a \$3,000 personal exemption is allowed.
Write the letter "M" if you are claiming an exemption for both yourself and your spouse or "H" if you are single with qualifying dependents and are claiming the HEAD OF FAMILY exemption. _____
4. Number of dependents (other than spouse) that you will provide more than one-half of the support for during the year. See dependent qualification below. _____
5. Additional amount, if any, you want deducted each pay period. \$ _____
6. **This line to be completed by your employer:** Total exemptions (example: employee claims "M" on line 3 and "2" on line 4. Employer should use column M-2 (married with 2 dependents) in the withholding tables) _____

Under penalties of perjury, I certify that I have examined this certificate and to the best of my knowledge and belief, it is true, correct, and complete.

Employers are required to keep this certificate on file. If the employee is believed to have claimed more exemption than legally entitled or claims 8 or more dependent exemptions, the employer should contact the Department at the following address or phone number for verification: Alabama Department of Revenue, Withholding Tax Section, P.O. Box 327480, Montgomery, AL 36132-7480, by phone at (334) 242-1300, or by fax at (334) 242-0112. If the employee does not qualify for the exemptions claimed upon verification, the employer is required to withhold at the highest rate until the employee submits a corrected Form A4 reflecting the proper exemption they are entitled to claim.

DEPENDENTS: To qualify as your dependent (Line 4 above), a person must receive more than one-half of his or her support from you for the year and must be related to you as follows:
Your son or daughter (including legally adopted children), grandchild, stepson, stepdaughter, son-in-law, or daughter-in-law;
Your father, mother, grandparent, stepfather, stepmother, father-in-law, or mother-in-law;
Your brother, sister, stepbrother, stepsister, half-brother, half-sister, brother-in-law, or sister-in-law;
Your uncle, aunt, nephew, or niece (but only if related by blood).

Nonresident Military Spouse Withholding Tax Exemption Certificate

Form A4-MS is to be used only for employees claiming exemption from Alabama's income tax withholding requirements based on the conditions set forth under the Military Spouses Residency Relief Act (P.L. 111-97).

Employers are required to obtain from the employee a clear photocopy of their current military spouse ID, Form DD 2058 reflecting the servicemember's state of legal residence, and a recent Leave and Earnings Statement. Employers must keep Form A4-MS with the employee's personnel records. If the employer believes the employee has improperly claimed exemption under the MSRRRA, the employer should contact the Department at the following address or phone number: Alabama Department of Revenue, Withholding Tax Section, P.O. Box 327480, Montgomery, AL 36132-7480, by phone at (334) 242-1300, or by fax at (334) 242-0112.

Arizona tax rates have decreased. As a result, we are revising withholding percentages and are requiring taxpayers to complete a new Form A-4 for 2023.

Employee's Instructions

Arizona law requires your employer to withhold Arizona income tax from your wages for work done in Arizona. The amount withheld is applied to your Arizona income tax due when you file your tax return. The amount withheld is a percentage of your gross taxable wages from every paycheck. You may also have your employer withhold an extra amount from each paycheck. Complete this form to select a percentage and any extra amount to be withheld from each paycheck.

What are my "Gross Taxable Wages"?

For withholding purposes, your "gross taxable wages" are the wages that will generally be in box 1 of your federal Form W-2. It is your gross wages less any pretax deductions, such as your share of health insurance premiums.

New Employees

Complete this form within the first five days of your employment to select an Arizona withholding percentage. You may also have your employer withhold an extra amount from each paycheck. If you do not give this form to your employer the department requires your employer to withhold 2.0% of your gross taxable wages.

Current Employees

If you want to change your current amount withheld, you must file this form to change the Arizona withholding percentage or to change the extra amount withheld.

What Should I do With Form A-4?

Give your completed Form A-4 to your employer.

Electing a Withholding Percentage of Zero

You may elect an Arizona withholding percentage of zero if you expect to have no Arizona income tax liability for the current year. Arizona tax liability is gross tax liability less any tax credits, such as the family tax credit, school tax credits, or credits for taxes paid to other states. If you make this election, your employer will not withhold Arizona income tax from your wages for payroll periods beginning after the date you file the form. To keep this election for the next calendar year, you must give your employer an updated Form A-4. If you do not, your employer may withhold Arizona income tax from your wages and salary until you submit an updated Form A-4.

Zero withholding does not relieve you from paying Arizona income taxes that might be due at the time you file your Arizona income tax return. If you have an Arizona tax liability when you file your return or if at any time during the current year conditions change so that you expect to have a tax liability, you should promptly file a new Form A-4 and choose a withholding percentage that applies to you.

Voluntary Withholding Election by Certain Nonresident Employees

Compensation earned by nonresidents while physically working in Arizona for temporary periods is subject to Arizona income tax. However, under Arizona law, compensation paid to certain nonresident employees is not subject to Arizona income tax withholding. These nonresident employees need to review their situations and determine if they should elect to have Arizona income taxes withheld from their Arizona source compensation. Nonresident employees may request that their employer withhold Arizona income taxes by completing this form to elect Arizona income tax withholding.

Instructions

TYPES OF INCOME - This form can be used for withholding on all types of income, including pensions and annuities.

NUMBER OF EXEMPTIONS – (Husband and/or Wife) Do not claim more than the correct number of exemptions. However, if you expect to owe more income tax for the year, you may increase your withholding by claiming a smaller number of exemptions and/or dependents, or you may enter into an agreement with your employer to have additional amounts withheld. This is especially important if you have more than one employer, or if both husband and wife are employed.

DEPENDENTS – To qualify as your dependent (line 2 of form), a person must (a) receive more than 1/2 of their support from you for the year, (b) not be claimed as a dependent by such person's spouse, (c) be a citizen or resident of the United States, and (d) have your home as their principal residence and be a member of your household for the entire year or be related to you as follows: son, daughter, grandchild, stepson, stepdaughter, son-in-law or daughter-in-law; your father, mother, grandparent, stepfather, stepmother, father-in-law or mother-in-law; your brother, sister, stepbrother, stepsister, half-brother, half-sister, brother-in-law or sister-in-law; your uncle, aunt, nephew or niece (but only if related by blood).

CHANGES IN EXEMPTIONS OR DEPENDENTS – You may file a new certificate at any time if the number of exemptions or dependents **INCREASES**. You must file a new certificate within 10 days if the number of exemptions or dependents previously claimed by you **DECREASES** for any of the following reasons:

(a) Your spouse for whom you have been claiming an exemption is divorced or legally separated from you, or claims his or her own exemption on a separate certificate, or

(b) The support you provide to a dependent for whom you claimed an exemption is expected to be less than half of the total support for the year. **OTHER DECREASES** in exemptions or dependents, such as the death of a spouse or a dependent, does not affect your withholding until next year, but requires the filing of a new certificate by December 1 of the year in which they occur.

You may claim additional amounts of withholding tax if desired. This will apply most often when you have income other than wages.

You qualify for the low-income tax rates if your total income from all sources is:

- (a) Single \$13,447 to \$16,000
- (b) Married Filing Jointly \$22,676 to \$26,700
(1 or less dependents)
- (c) Married Filing Jointly \$27,292 to \$33,100
(2 or more dependents)
- (d) Head of Household/Qualifying Widow(er) \$19,118 to \$23,300
(1 or less dependents)
- (e) Head of Household/Qualifying Widow(er) \$22,790 to \$26,600
(2 or more dependents)

Under penalties of perjury, I certify that I am not subject to Arkansas withholding tax because I meet the conditions set forth under the Servicemembers Civil Relief Act, as amended by the Military Spouses Residency Relief Act (P.L. 111-97)

Give this certificate to your employer and keep a copy for your records.

INSTRUCTIONS FOR ARW-4MS

Notice To Employers:

Employers are required to withhold the correct Arkansas income tax on an employee unless the employee has provided the employer with a federal Form W-4 or, if applicable, a complete, signed Form ARW-4MS.

Employer Requirements:

1. Employee must provide an original of his/her military spouse's most recent Leave and Earnings Statement (LES) to be kept by employer with employee's personnel records. Employer must verify that the employee's military spouse's LES assignment location matches the location indicated on Form ARW-4MS.
2. Employee must show employer his/her current Military ID, and employer must verify the ID identifies the employee as a current military spouse. (Employers are not permitted by federal law to copy the Military ID. Employers are allowed to copy the military spouse's ID.) These IDs are reissued every four years, so employer may not accept a Military ID that is dated more than four years before the date the employer reviews it.
3. Employer must keep Arkansas Form ARW-4MS with the employee's personnel records.

Notification: The burden of proof rests with the employee to show the correct California income tax withholding. Pursuant to section 4340-1(e) of [Title 22, California Code of Regulations \(CCR\)](http://govt.westlaw.com/calregs/Search/Index) (govt.westlaw.com/calregs/Search/Index), the FTB or the EDD may, by special direction in writing, require an employer to submit a Form W-4 or DE 4 when such forms are necessary for the administration of the withholding tax programs.

Penalty: You may be fined \$500 if you file, with no reasonable basis, a DE 4 that results in less tax being withheld than is properly allowable. In addition, criminal penalties apply for willfully supplying false or fraudulent information or failing to supply information requiring an increase in withholding. This is provided by section 13101 of the [California Unemployment Insurance Code](http://leginfo.legislature.ca.gov/faces/codes.xhtml) (leginfo.legislature.ca.gov/faces/codes.xhtml) and section 19176 of the [Revenue and Taxation Code](http://leginfo.legislature.ca.gov/faces/codes.xhtml) (leginfo.legislature.ca.gov/faces/codes.xhtml).

Worksheets

Instructions — 1 — Allowances*

When determining your withholding allowances, you must consider your personal situation:

- Do you claim allowances for dependents or blindness?
- Will you itemize your deductions?
- Do you have more than one income coming into the household?

Two-Earners/Multiple Incomes: When earnings are derived from more than one source, under-withholding may occur. If you have a working spouse or more than one job, it is best to check the box "SINGLE or MARRIED (with two or more incomes)." Figure the total number of allowances you are entitled to claim on all jobs using only one DE 4 form. Claim allowances with **one** employer.

Do **not** claim the same allowances with more than one employer. Your withholding will usually be most accurate when all allowances are claimed on the DE 4 filed for the highest paying job and zero allowances are claimed for the others.

Married But Not Living With Your Spouse: You may check the "Head of Household" marital status box if you meet all of the following tests:

- (1) Your spouse will not live with you **at any time** during the year;
- (2) You will furnish over half of the cost of maintaining a home for the entire year for yourself and your child or stepchild who qualifies as your dependent; **and**
- (3) You will file a separate return for the year.

Head of Household: To qualify, you must be unmarried or legally separated from your spouse and pay more than 50% of the costs of maintaining a home for the **entire** year for yourself and your dependent(s) or other qualifying individuals. Cost of maintaining the home includes such items as rent, property insurance, property taxes, mortgage interest, repairs, utilities, and cost of food. It does not include the individual's personal expenses or any amount which represents value of services performed by a member of the household of the taxpayer.

Instructions — 2 — (Optional) Additional Withholding Allowances

If you expect to itemize deductions on your California income tax return, you can claim additional withholding allowances. Use Worksheet B to determine whether your expected estimated deductions may entitle you to claim **one or more additional** withholding allowances. Use last year's FTB Form 540 as a model to calculate this year's withholding amounts.

Do not include deferred compensation, qualified pension payments, or flexible benefits, etc., that are deducted from your gross pay but are not taxed on this worksheet.

You may reduce the amount of tax withheld from your wages by claiming one additional withholding allowance for each \$1,000, or fraction of \$1,000, by which you expect your estimated deductions for the year to exceed your allowable standard deduction.

Worksheet B

Estimated Deductions

Use this worksheet **only** if you plan to itemize deductions, claim certain adjustments to income, or have a large amount of nonwage income not subject to withholding.

| 11. Subtract line 10 from line 9, enter difference. Then, complete Worksheet C. | 11. 0 . 00 |

*Wages paid to registered domestic partners will be treated the same for state income tax purposes as wages paid to spouses for California PIT withholding and PIT wages. This law does not impact federal income tax law. A registered domestic partner means an individual partner in a domestic partner relationship within the meaning of section 297 of the Family Code. For more information, please call our Taxpayer Assistance Center at 1-888-745-3886.

1. Enter estimate of total wages for tax year 2023. 1.
2. Enter estimate of nonwage income (line 6 of Worksheet B). 2.
3. Add line 1 and line 2. Enter sum. 3.
4. Enter itemized deductions or standard deduction (line 1 or 2 of Worksheet B, whichever is largest). 4.
5. Enter adjustments to income (line 4 of Worksheet B). 5.
6. Add line 4 and line 5. Enter sum. 6.
7. Subtract line 6 from line 3. Enter difference. 7. 0.00
8. Figure your tax liability for the amount on line 7 by using the 2023 tax rate schedules below. 8.
9. Enter personal exemptions (line F of Worksheet A x \$154.00). 9. 0.00
10. Subtract line 9 from line 8. Enter difference. 10. 0.00
11. Enter any tax credits. (See FTB Form 540). 11.
12. Subtract line 11 from line 10. Enter difference. This is your total tax liability. 12. 0.00
13. Calculate the tax withheld and estimated to be withheld during 2023. Contact your employer to request the amount that will be withheld on your wages based on the marital status and number of withholding allowances you will claim for 2023. Multiply the estimated amount to be withheld by the number of pay periods left in the year. Add the total to the amount already withheld for 2023. 13.
14. Subtract line 13 from line 12. Enter difference. If this is less than zero, you do not need to have additional taxes withheld. 14. 0.00
15. Divide line 14 by the number of pay periods remaining in the year. Enter this figure on line 2 of the DE 4. 15.

Note: Your employer is not required to withhold the additional amount requested on line 2 of your DE 4. If your employer does not agree to withhold the additional amount, you may increase your withholdings as much as possible by using the "single" status with "zero" allowances. If the amount withheld still results in an underpayment of state income taxes, you may need to file quarterly estimates on Form 540-ES with the FTB to avoid a penalty.

Complete Steps 2–4 ONLY if they apply to you; otherwise, skip to Step 5. See page 2 for more information on each step, who can claim exemption from withholding, and when to use the estimator at www.irs.gov/W4App.

**Step 2:
Multiple Jobs
or Spouse
Works**

Complete this step if you (1) hold more than one job at a time, or (2) are married filing jointly and your spouse also works. The correct amount of withholding depends on income earned from all of these jobs.

Do **only one** of the following.

(a) Use the estimator at www.irs.gov/W4App for most accurate withholding for this step (and Steps 3–4). If you or your spouse have self-employment income, use this option; **or**

(b) Use the Multiple Jobs Worksheet on page 3 and enter the result in Step 4(c) below; **or**

(c) If there are only two jobs total, you may check this box. Do the same on Form W-4 for the other job. This option is generally more accurate than (b) if pay at the lower paying job is more than half of the pay at the higher paying job. Otherwise, (b) is more accurate

Complete Steps 3–4(b) on Form W-4 for only ONE of these jobs. Leave those steps blank for the other jobs. (Your withholding will be most accurate if you complete Steps 3–4(b) on the Form W-4 for the highest paying job.)

Step 3: Claim Dependent and Other Credits	If your total income will be \$200,000 or less (\$400,000 or less if married filing jointly): Multiply the number of qualifying children under age 17 by \$2,000 \$ _____ Multiply the number of other dependents by \$500 \$ _____ Add the amounts above for qualifying children and other dependents. Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

Exemption from withholding. You may claim exemption from withholding for 2024 if you meet both of the following conditions: you had no federal income tax liability in 2023 **and** you expect to have no federal income tax liability in 2024. You had no federal income tax liability in 2023 if (1) your total tax on line 24 on your 2023 Form 1040 or 1040-SR is zero (or less than the sum of lines 27, 28, and 29), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2024 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 15, 2025.

Your privacy. Steps 2(c) and 4(a) ask for information regarding income you received from sources other than the job associated with this Form W-4. If you have concerns with providing the information asked for in Step 2(c), you may choose Step 2(b) as an alternative; if you have concerns with providing the information asked for in Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c) as an alternative.

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

1. Expect to work only part of the year;
2. Receive dividends, capital gains, social security, bonuses, or business income, or are subject to the Additional Medicare Tax or Net Investment Income Tax; or
3. Prefer the most accurate withholding for multiple job situations.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay these taxes through withholding from your wages, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

Option **(a)** most accurately calculates the additional tax you need to have withheld, while option **(b)** does so with a little less accuracy.

Instead, if you (and your spouse) have a total of only two jobs, you may check the box in option **(c)**. The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include **other tax credits** for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2024 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Step 2(b) – Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on only ONE Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job. To be accurate, submit a new Form W-4 for all other jobs if you have not updated your withholding since 2019.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables; or, you can use the online withholding estimator at www.irs.gov/W4App.

- 1 Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, skip to line 3
2 Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.
a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a
b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b
c Add the amounts from lines 2a and 2b and enter the result on line 2c
3 Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc.
4 Divide the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in Step 4(c) of Form W-4 for the highest paying job (along with any other additional amount you want withheld)

Step 4(b) – Deductions Worksheet (Keep for your records.)

- 1 Enter an estimate of your 2024 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income
2 Enter: { \$29,200 if you're married filing jointly or a qualifying surviving spouse; \$21,900 if you're head of household; \$14,600 if you're single or married filing separately }
3 If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"
4 Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information
5 Add lines 3 and 4. Enter the result here and in Step 4(b) of Form W-4

Privacy Act and Paperwork Reduction Act Notice. We ask for the information on this form to carry out the Internal Revenue laws of the United States. Internal Revenue Code sections 3402(f)(2) and 6109 and their regulations require you to provide this information; your employer uses it to determine your federal income tax withholding. Failure to provide a properly completed form will result in your being treated as a single person with no other entries on the form; providing fraudulent information may subject you to penalties. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation; to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their tax laws; and to the Department of Health and Human Services for use in the National Directory of New Hires. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as required by Code section 6103.

The average time and expenses required to complete and file this form will vary depending on individual circumstances. For estimated averages, see the instructions for your income tax return.

If you have suggestions for making this form simpler, we would be happy to hear from you. See the instructions for your income tax return.

Purpose of This Affidavit

The nonresident spouse of a servicemember may provide a completed copy of this affidavit, along with a copy of his or her dependent ID card issued by the applicable branch of the uniformed services, to the nonresident spouse's employer to attest to his or her eligibility for exemption from Colorado wage withholding. An employer who has received a properly completed affidavit from an employee is relieved of the obligation to withhold Colorado income tax from the employee's pay. The employer should not submit the affidavit to the Department of Revenue, but rather the employer must retain the affidavit in their records and provide a copy of it to the Department only upon request.

If a servicemember's spouse is required to file a Colorado income tax return, a copy of this affidavit, along with a copy of his or her dependent ID card, must be submitted with his or her Colorado income tax return.

Colorado Income Tax and Wage Withholding Tax Exemption

Federal law 50 U.S.C. § 4001(c) precludes Colorado from taxing the income earned by the spouse of a servicemember for services performed within Colorado if both:

- the spouse is not a resident of Colorado; and
- the spouse is in Colorado solely to be with the servicemember serving in compliance with military orders.

If these conditions are met, the spouse's wages are exempt from Colorado income tax and wage withholding tax.

"Servicemember" Definition and Residency

A "servicemember" is a member of the Army, Navy, Air Force, Space Force, Marine Corps, Coast Guard or the commissioned corps of either the National Oceanic and Atmospheric Administration or the Public Health Service.

A servicemember who is not a Colorado resident does not become a Colorado resident simply because they are in Colorado solely in compliance with military orders.

Residency of a Servicemember's Spouse

A servicemember's spouse may elect, for income tax purposes, to use the same state of residence as the servicemember. If a servicemember is not a Colorado resident, and is instead a resident of another state, his or her spouse can elect to also be a resident of that state and not a resident of Colorado. Additionally, if a servicemember and his or her spouse have as their shared state of residence a state other than Colorado, the spouse also does not become a Colorado resident simply because he or she is in Colorado solely to be with the servicemember who is serving in compliance with military orders.

Attestation by Servicemember's Spouse	Initial
1. I am not a resident of Colorado, based upon the conditions described above.	
2. My spouse is a servicemember, as defined above.	
3. My spouse is not a Colorado resident, based upon the conditions described above.	
4. I am in Colorado solely to be with my spouse, who is serving in compliance with military orders.	
5. I will notify my employer immediately if I become a Colorado resident.	
I hereby attest that, to the best of my knowledge and belief, the foregoing statements are true, accurate, and complete and the wages I earn from services performed in Colorado are therefore exempt from Colorado income and wage withholding tax.

Form CT-W4 Instructions

Employee General Instructions

Form CT-W4, *Employee's Withholding Certificate*, provides your employer with the necessary information to withhold the correct amount of Connecticut income tax from your wages to ensure that you will not be underwithheld or overwithheld.

You are required to pay Connecticut income tax as income is earned or received during the year. You should complete a new Form CT-W4 at least once a year or if your tax situation changes.

If your circumstances change, such as you receive a bonus or your filing status changes, you must furnish your employer with a new Form CT-W4 within ten days of the change.

Gross Income

For Form CT-W4 purposes, **gross income** means all income from all sources, whether received in the form of money, goods, property, or services, not exempt from federal income tax, and includes any additions to income from *Schedule 1 of Form CT-1040*, *Connecticut Resident Income Tax Return*, or **Form CT-1040NR/PY**, *Connecticut Nonresident and Part-Year Resident Income Tax Return*.

Filing Status

Generally, the filing status you expect to report on your Connecticut income tax return is the same as the filing status you expect to report on your federal income tax return. However, special rules apply to married individuals who file a joint federal return but have a different residency status. Nonresidents and part-year residents should see the instructions to Form CT-1040NR/PY.

Check Your Withholding

You may be underwithheld if any of the following apply:

- You have more than one job;
- You qualify under *Certain Married Individuals*; **or**
- You have substantial nonwage income.

If you are underwithheld, you should consider adjusting your withholding or making estimated payments using **Form CT-1040ES**, *Estimated Connecticut Income Tax Payment Coupon for Individuals*. You may also select *Withholding Code "D"* to elect the highest level of withholding.

If you owe \$1,000 or more, after subtracting from your Connecticut income tax the amount withheld from your income for the prior taxable year, and any PE Tax Credit, you may be subject to interest on the underpayment at the rate of 1% per month or fraction of a month.

Certain Married Individuals

If you are a married individual filing jointly and you and your spouse both select *Withholding Code "A,"* you may have too much or too little Connecticut income tax withheld from your pay. This is because the phase-out of the personal exemption and credit is based on your combined incomes. The withholding tables cannot reflect your exact withholding requirement without considering the income of your spouse.

To minimize this problem and determine if you need to adjust your withholding using Line 2 or Line 3, see *Supplemental Tables in Informational Publication 2024(7), Is My Connecticut Withholding Correct?*

Nonresident Employees Working Partly Within and Partly Outside of Connecticut

If you work partly within and partly outside of Connecticut for the same employer, you should also complete **Form CT-W4NA**, *Employee's Withholding or Exemption Certificate - Nonresident Apportionment*, and provide it to your employer. The information on

Form CT-W4NA and Form CT-W4 will help your employer determine how much to withhold from your wages for services performed within Connecticut. Residents of states with a "convenience of the employer" test will be subject to similar rules for work performed for a Connecticut employer. Any nonresident who expects to have no Connecticut income tax liability should choose *Withholding Code "E."*

Armed Forces Personnel and Veterans

If you are a Connecticut resident, your armed forces pay is subject to Connecticut income tax withholding unless you qualify as a nonresident for Connecticut income tax purposes. If you qualify as a nonresident, you may request that no Connecticut income tax be withheld from your armed forces pay by entering *Withholding Code "E"* on Line 1.

Military Spouses Residency Relief Act (MSRRA)

If you are claiming an exemption from Connecticut income tax under the MSRRA, you must provide your employer with a copy of your military spouse's Leave and Earnings Statement (LES) and a copy of your military dependent ID card.

See **Informational Publication 2019(5)**, *Connecticut Income Tax Information for Armed Forces Personnel and Veterans*.

Employer Instructions

For any employee who does not complete Form CT-W4, you are required to withhold at the highest marginal rate of 6.99% without allowance for exemption. You are required to keep Form CT-W4 in your files for each employee.

Report Certain Employees Claiming Exemption From Withholding to DRS

Employers are required to file copies of Form CT-W4 with DRS for certain employees claiming "E" (no withholding is necessary). Mail copies of Forms CT-W4 to:

Department of Revenue Services
PO Box 2931
Hartford CT 06104-2931

Report New and Rehired Employees to the Department of Labor

New employees are workers not previously employed by your business, or workers rehired after having been separated from your business for more than sixty consecutive days.

Employers with offices in Connecticut or transacting business in Connecticut are required to report new hires to the Department of Labor (DOL) within 20 days of the date of hire.

New hires can be reported by:

- Using the Connecticut New Hire Reporting website at **www1.ctdol.state.ct.us/newhires**;
- Faxing copies of completed Forms CT-W4 to **800-816-1108**; **or**
- Mailing copies of completed Forms CT-W4 to:

Connecticut Department of Labor
Office of Research, CT-W4
200 Folly Brook Blvd
Wethersfield CT 06109

For more information on DOL requirements or for alternative reporting options, visit the DOL website at **portal.ct.gov/dol** or call DOL at 860-263-6310.

6	Enter an estimate of your non-wage income for the current year.	6	\$
7	Subtract Line 6 from Line 5 	7	\$
8	Divide the amount on Line 7 by \$2,000. 	8	
9	Enter the number from Line G above	9	
10	Add Lines 8 and 9. Report this number of allowances to your employer on Delaware Form W-4. 	10	

I SPECIAL INSTRUCTIONS

If the total on Line 10 is less than zero you may need additional withholding as a result of non-wage income to avoid owing tax on your income tax return. You can calculate the amount of additional withholding as follows:

Multiply number on Line 10 by \$110;

Divide the result by the number of pay periods during the year (e.g., if you are paid monthly, divide by 12); The result is the additional amount of withholding required per pay.

EXAMPLE: Total on Line 10 is "-2" and you are paid once a month.

You should notify your employer on a Delaware Form W-4 that your withholding allowance should be "0" and an additional \$18.33 per pay should be withheld for the current year

- (1) Line H = 2 x \$110 = \$220.00
- (2) Number of pay periods = \$220.00/12 = \$18.33

NOTICE TO EMPLOYERS

Employers are not exempt from withholding tax liability for failing to withhold the proper Delaware tax on any Employee unless they have a Federal Form W-4 and, if applicable, a Delaware Form W-4DE that is fully completed and signed by the Employee.

REQUIREMENTS OF EMPLOYER

- The Employee must show the Employer an original of his or her military spouse's latest Leave and Earning Statement (LES). The Employer must retain a copy with the Employees' personnel records. The Employer must ensure the Employee's military spouse's LES assignment location matches the location the Employee indicated on the Form W-4DE and is within the four state area of DE; PA; NJ or MD.
- The Employee must show the Employer an original of the Employee's current Military ID. The Employer must ensure that the ID denotes the Employee as a current Military Spouse and retain a copy with the Employees' personnel records. These IDs are reissued every four years; accordingly, the Employer may not accept a Military ID that is dated more than four years before the date on which it is given to the Employer.
- The Employer must keep the Delaware withholding tax exemption certificate with the Employee's personnel records. If the Employer believes the Employee has claimed too many exemptions or improperly claimed the Military Spouse Residency Exemption, the Employer must contact the Division of Revenue immediately at, P.O. Box 8995, Wilmington, Delaware 19801-8995, or telephone (302) 577-8200.
- A representative of Employer, with responsibility for Personnel matters, must certify that you have completed the three requirements of the employer above by certifying the employee's 'Withholding Tax Exemption Certification for Military Spouse by completing the employer's section at the bottom of that form.

DOMICILE

In order to claim domicile in a state other than the state in which you currently reside you must have proof that you meet one or more of the criteria listed below. If you previously were not a domiciliary of another state you can not claim that state as your domicile merely by making an election.

Domicile is a place where a person has established permanent residence with an intention to dwell in that place permanently and to return to it after absence. One has only one state of domicile at any time and loses one's current domicile only when one establishes a new domicile. In order to change domicile one normally has to be a resident of that new state for at least six months. The domicile is created based on performing one or more of the following actions.

CRITERIA USED TO DETERMINE DOMICILE

The following is a summary of the criteria used to determine 'State of Domicile':

Property Ownership and Residence:	homestead status; the location of permanent home; mailing address; amount of time spent in a state.
Financial Data:	location of bank accounts; where taxpayer qualifies for unemployment benefits; state where prior resident tax returns were filed; state where wages are earned.
Licenses and Registrations:	where taxpayer is registered to vote; state driver's license; state where vehicles are registered; state where professional licenses are maintained.
Affiliations:	location of fraternal, social or athletic memberships; union membership location; place of worship
Higher Education:	where taxpayer qualifies for in-state tuition
Family and Dependents:	return and that person's state of residence; where taxpayer's spouse and dependents reside

SINGLE DOMICILE FACTOR NOT SUFFICIENT

No single factor determines a person's State of Domicile; all factors must be evaluated together. Some factors, such as where a person makes his or her charitable contributions, play no part in domiciliary determination at all.

A person's permanent residence, once established, continues as their 'State of Domicile' until they take steps to establish a new domicile in another state.

Detach and give the top portion to your employer. Keep the bottom portion for your records.

Taxpayer Identification Number(s) (TIN)

You must have a TIN, whether it is a Federal Employer Identification Number (FEIN), Social Security Number (SSN), Individual Taxpayer Identification Number (ITIN) or Preparer Tax Identification Number (PTIN).

Who must file a Form D-4?

Every new employee who resides in DC and is required to have DC income taxes withheld, must fill out Form D-4 and file it with his/her employer.

If you are not liable for DC income taxes because you are a nonresident or military spouse, you must file Form D-4A, Certificate of Non-residence in the District of Columbia, with your employer.

When should you file?

File Form D-4 whenever you start new employment. Once filed with your employer, it will remain in effect until you file a new certificate. You may file a new withholding allowance certificate any time the number of withholding allowances you are entitled to increases.

You must file a new certificate within 10 days if the number of withholding allowances you claimed decreases.

How many withholding allowances should you claim?

Use the worksheet on the front of this form to figure the number of withholding allowances you should claim. If you want less money withheld from your paycheck, you may claim additional allowances by completing Section B of the worksheet, Lines j through n. However, if you claim too many allowances, you may owe additional taxes at the end of the year.

Should I have an additional amount deducted from my paycheck?

In some instances, even if you claim zero withholding allowances, you may not have enough tax withheld. You may, upon agreement with your employer, have more tax withheld by entering on Line 3, a dollar amount of your choosing.

What to file

After completing Form D-4, detach the top portion and file it with your employer. Keep the bottom portion for your records.

Line 8:

- a) Check the first box if you qualify to claim exempt from withholding. You can claim exempt if you filed a Georgia income tax return last year and the amount of Line 4 of Form 500EZ or Line 16 of Form 500 was zero, **and** you expect to file a Georgia tax return this year and will not have a tax liability. You cannot claim exempt if you did not file a Georgia income tax return for the previous tax year. **Receiving a refund in the previous tax year does not qualify you to claim exempt.**

EXAMPLES: Your employer withheld \$500 of Georgia income tax from your wages. The amount on Line 4 of Form 500EZ (or Line 16 of Form 500) was \$100. Your tax liability is the amount on Line 4 (or Line 16); therefore, you **do not qualify** to claim exempt.

Your employer withheld \$500 of Georgia income tax from your wages. The amount on Line 4 of Form 500EZ (or Line 16 of Form 500) was \$0 (zero). Your tax liability is the amount on Line 4 (or Line 16) and you filed a prior year income tax return; therefore you **qualify** to claim exempt.

- b) Check the second box if you are not subject to Georgia withholding and meet the conditions set forth under the Servicemembers Civil Relief Act. Under the Act, a spouse of a servicemember may be exempt from Georgia income tax on income from services performed in Georgia if:
 - 1. The servicemember is present in Georgia in compliance with military orders;
 - 2. The spouse is in Georgia solely to be with the servicemember;
 - 3. The servicemember maintains domicile in another state; and
 - 4. The domicile of the spouse is the same as the domicile of the servicemember or the spouse of the servicemember has elected to use the same residence for purposes of taxation as the servicemember.

Additional information for employers regarding the Military Spouses Residency Relief Act:

- 1. On the W-2 the employer should not report any of the wages as Georgia wages.
- 2. If the spouse of a servicemember is entitled to the protection of the Military Spouses Residency Relief Act in another state and files a withholding exemption form in such other state, the spouse is required to submit a Georgia Form G-4 so that withholding will occur as is required by Georgia Law when a Georgia domiciliary works in another state and withholding is not required by such other state. If the spouse does not fill out the form, the employer shall withhold Georgia income tax as if the spouse is single with zero allowances.

Worksheet for calculating additional allowances. Enter the information as requested by each line. For Line D, enter items such as Retirement Income Exclusion, U.S. Obligations, and other allowable deductions per Georgia Law, see the IT-511 booklet for more information.

Do not complete Lines 3-7 if claiming exempt.

O.C.G.A. § 48-7-102 requires you to complete and submit Form G-4 to your employer in order to have tax withheld from your wages. By correctly completing this form, you can adjust the amount of tax withheld to meet your tax liability. Failure to submit a properly completed Form G-4 will result in your employer withholding tax as though you are single with zero allowances.

Employers are required to mail any Form G-4 claiming more than 14 allowances or exempt from withholding to the Georgia Department of Revenue. Employers should honor the properly completed form as submitted unless otherwise notified by the Department. Such forms remain in effect until changed or until February 15 of the following year. Employers who know that a G-4 is erroneous should not honor the form and should withhold as if the employee is single claiming zero allowances until a corrected form has been received.

EMPLOYEE'S WITHHOLDING ALLOWANCE AND STATUS CERTIFICATE INSTRUCTIONS

(NOTE: References to "married" and "spouse" are also references to "in a civil union" and "civil union partner," respectively.)

MARITAL STATUS—If you are legally separated from your spouse under a decree of divorce or separate maintenance, check the Single box.

If you file as **head of household** on your tax return, you are treated as Single for withholding tax purposes. However, an additional withholding allowance may be claimed for this filing status.

NUMBER OF WITHHOLDING ALLOWANCES—Do not claim more than the correct number of withholding allowances. However, if by claiming the correct number of withholding allowances you still expect to owe more income tax for the year than will be withheld, you may increase the amount withheld either by claiming fewer withholding allowances or by entering into an agreement with your employer to withhold an additional dollar amount.

Note: *Hawaii law does NOT allow "exempt" status for withholding purposes.*

NONWAGE INCOME—If you have a large amount of nonwage income, from sources such as interest or dividends, you should consider making estimated tax payments using Form N-200V or you may find that you owe additional tax at the end of the year.

TWO-EARNER/TWO JOBS—If you have a working spouse or more than one job, figure the total number of allowances you are entitled to claim on all jobs using worksheets from only one Form HW-4. This total should be divided among all jobs. Your withholding will usually be most accurate when all allowances are claimed on the HW-4 filed for the highest paying job and zero allowances are claimed for the others.

FILING THE CERTIFICATE—You must file this form with your employer or your employer must withhold tax from your wages as if you were single and claimed no withholding allowances.

FILING A NEW CERTIFICATE—You SHOULD file a new certificate if you get married or are entitled to claim more withholding allowances. You MUST file a new certificate within 10 days if ANY of the following occurs:

- (a) If you are divorced or legally separated.
- (b) If your spouse, for whom you have been claiming a withholding

allowance, commences claiming his or her own withholding allowance on a separate certificate.

- (c) If a dependent for whom you claimed a withholding allowance no longer qualifies as a dependent.

You MUST file a new certificate on or before December 1 in case of the death of your spouse or the death of a dependent, unless such event occurs in December.

WITHHOLDING ALLOWANCE FOR AGE—You may claim an additional withholding allowance for age if you are at least 65 years old and no one can claim you as a dependent. If you are married and filing a joint return, you may also claim an additional withholding allowance if your spouse is at least 65 years old, no one else can claim your spouse as a dependent, and your spouse is not already claiming such withholding allowance for himself/herself on a Form HW-4.

HEAD OF HOUSEHOLD—Generally, you may claim head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your qualifying child or any other person who is your dependent.

PENALTIES—Penalties are imposed for willfully supplying false or fraudulent information or for willfully failing to supply information.

CERTIFIED DISABLED PERSON—See the section, "What Is Not Subject to Withholding" in *Booklet A, Employer's Tax Guide*.

NONRESIDENT MILITARY SPOUSE—Under federal law, the State is prohibited from subjecting the income received by a service member's nonresident spouse for services performed (i.e., wages) in Hawaii to Hawaii's income tax beginning tax year 2009 if certain conditions are met. See Tax Information Release No. 2010-01 and Tax Announcement No. 2019-01 for further details.

FOR FURTHER INFORMATION—Contact your employer or the Department of Taxation at 808-587-4242 (toll-free at 1-800-222-3229).

** Nonresidents and part-year residents: Divide the amount on line 7 by \$1,144 multiplied by the ratio of your Hawaii adjusted gross income to total adjusted gross income from all sources.

Complete Form ID W-4 so your employer can withhold the correct amount of state income tax from your paycheck. Sign the form and give it to your employer. **Use the information on the back** to calculate your Idaho allowances and any additional amount you need withheld from each paycheck. If you plan to itemize deductions, use the worksheet at tax.idaho.gov/w4.

Withholding Status

Check the “**A**” box (Single) if you’re:

- Single with one job or single with multiple jobs
- Filing as head of household

Check the “**B**” box (Married) if you’re:

- Married filing jointly with one job and your spouse doesn’t work
- A qualifying widow(er)

Check the “**C**” box (Married, but withhold at Single rate) if you’re:

- Married filing jointly and both people work (or you have multiple jobs)
- Married filing separately

WITHHOLDING STATUS (see information above)

A (Single) **B** (Married) **C** (Married, but withhold at Single rate)

1. Total number of Idaho allowances you’re claiming _____
2. Additional amount (if any) you need withheld from each paycheck (Enter whole dollars) _____

1. Total number of allowances you're claiming.

Enter the number of children in your household age 16 or under as of December 31, 2023. If you have no qualifying children, enter "0." If your filing status will be head of household on your tax return, add "2" to the number of qualifying children. **Don't claim allowances for you or your spouse.** You can claim fewer allowances but not more.

If you're married, claim your allowances on the W-4 for the highest-paying job for the most accurate withholding. If you're married filing jointly, only one of you should claim the allowances. The other should claim zero allowances.

If you work for more than one employer at the same time, you should claim zero allowances on your W-4 with any employer other than your principal employer.

Write **Exempt** on line 1 if you meet **both** of the following conditions:

- Last year I had no Idaho income tax liability **and**
- This year I expect to have no Idaho income tax liability

Nonresident Aliens

Exempt income. If you're a nonresident alien and all your income is exempt from withholding, write "Exempt" on line 1.

Exempt income from a treaty. If a treaty exempts a portion of your income from withholding, complete federal Form 8233 to claim your treaty benefits, and complete the Idaho W-4 to withhold on income that's not exempt by your treaty.

Idaho taxable income. If you're a nonresident alien and have Idaho taxable income, do all of these:

1. Check the "Single" withholding status box regardless of your marital status.
2. Enter 0 on line 1.
3. Using the Pay Period table below, enter the additional amount of income tax to be withheld for each pay period on line 2. *Exception:* If you're a student or business apprentice from India, report \$0 on line 2.

Pay Period Table				
If your pay period is:	Weekly	Biweekly	Semimonthly	Monthly
Enter this amount on line 2:	\$15	\$30	\$32	\$65

The withholding table calculations for employers include the standard deduction. Because nonresident aliens don't qualify for the standard deduction, the Pay Period table helps ensure that employers withhold enough.

2. Additional amount, if any, you need withheld from each paycheck.

If you're single or married filing separately and have more than one job at a time, complete the worksheet below to calculate any additional amount you need withheld from each paycheck.

1. Other than your primary job, how many jobs do you expect to have at the same time during 2023? (Don't count your primary job.) _____
2. Multiply the number on line 1 by \$12,950 _____
3. Enter an estimate of your 2023 income from other jobs (not including your primary job) _____
4. Enter the smaller of lines 2 or 3 _____
5. If you completed the itemized deduction worksheet for Idaho (tax.idaho.gov/w4), enter the number from line 4. Otherwise, enter "0" _____
6. Multiply the number on line 5 by \$3,417..... _____
7. Subtract line 6 from line 4 _____
8. Multiply line 7 by 6% (.06). This is the additional amount you need to withhold annually _____
9. Divide the amount on line 8 by the number of your remaining pay periods in 2023. Enter the number on line 2 of the W-4 as the additional amount you need withheld from each paycheck _____

Employer, please keep a copy of this document for your records.

This exemption is valid through December 31, 2023. A new Form ID-MS1 is required each year.

Note: These instructions are written for employees to address withholding from wages. However, this form can also be completed and submitted to a payor if an agreement was made to voluntarily withhold Illinois Income tax from other (non-wage) Illinois income.

Who must complete Form IL-W-4?

If you are an employee, you must complete this form so your employer can withhold the correct amount of Illinois Income Tax from your pay. The amount withheld from your pay depends, in part, on the number of allowances you claim on this form.

Even if you claimed exemption from withholding on your federal Form W-4, U.S. Employee's Withholding Allowance Certificate, because you do not expect to owe any federal income tax, you may be required to have Illinois Income Tax withheld from your pay (see Publication 130, Who is Required to Withhold Illinois Income Tax). If you are claiming exempt status from Illinois withholding, you must check the exempt status box on Form IL-W-4 and sign and date the certificate. Do not complete Lines 1 through 3.

If you are a resident of a Iowa, Kentucky, Michigan, or Wisconsin, or a military spouse, see Form W-5-NR, Employee's Statement of Nonresidence in Illinois, to determine if you are exempt.

If you are an Illinois resident who works for an employer in a non-reciprocal state but you work from home or in locations in Illinois for more than 30 working days, you may need to adjust your withholding or begin making estimated payments. For additional information, go to tax.illinois.gov.

Note If you do not file a completed Form IL-W-4 with your employer, if you fail to sign the form or to include all necessary information, or if you alter the form, your employer must withhold Illinois Income Tax on the entire amount of your compensation, without allowing any exemptions.

When must I submit this form?

You should complete this form and give it to your employer on or before the date you start work. You must submit Form IL-W-4 when Illinois Income Tax is required to be withheld from compensation that you receive as an employee. You may file a new Form IL-W-4 any time your withholding allowances increase. If the number of your claimed allowances decreases, you **must** file a new Form IL-W-4 within 10 days. However, the death of a spouse or a dependent does not affect your withholding allowances until the next tax year.

When does my Form IL-W-4 take effect?

If you do not already have a Form IL-W-4 on file with your employer, this form will be effective for the first payment of compensation made to you after this form is filed. If you already have a Form IL-W-4 on file with this employer, your employer may allow any change you file on this form to become effective immediately, but is not required by law to change your withholding until the first payment of compensation is made to you after the first day of the next calendar quarter (that is, January 1, April 1, July 1, or October 1) that falls at least 30 days after the date you file the change with your employer.

Example: If you have a baby and file a new Form IL-W-4 with your employer to claim an additional allowance for the baby, your employer may immediately change the withholding for all future payments of compensation. However, if you file the new form on September 1, your employer does not have to change your withholding until the first payment of compensation is made to you after October 1. If you file the new form on September 2, your employer does not have to change your withholding until the first payment of compensation made to you after December 31.

How long is Form IL-W-4 valid?

Your Form IL-W-4 remains valid until a new form you have submitted takes effect or until your employer is required by the Department to disregard it. Your employer is required to disregard your Form IL-W-4 if

- you claim total exemption from Illinois Income Tax withholding, but you have not filed a federal Form W-4 claiming total exemption, or
- the Internal Revenue Service (IRS) has instructed your employer to disregard your federal Form W-4.

What is an "exemption"?

An "exemption" is a dollar amount on which you do not have to pay Illinois Income Tax that you may claim on your Illinois Income tax return.

What is an "allowance"?

The dollar amount that is exempt from Illinois Income Tax is based on the number of allowances you claim on this form. As an employee, you receive one allowance unless you are claimed as a dependent on another person's tax return (e.g., your parents claim you as a dependent on their tax return). If you are married, you may claim additional allowances for your spouse and any dependents that you are entitled to claim for federal income tax purposes. You also will

receive additional allowances if you or your spouse are age 65 or older, or if you or your spouse are legally blind.

Note: For tax years beginning on or after January 1, 2017, the personal exemption allowance, and additional allowances if you or your spouse are age 65 or older, or if you or your spouse are legally blind, may **not** be claimed on your Form IL-1040 if your adjusted gross income for the taxable year exceeds \$500,000 for returns with a federal filing status of married filing jointly, or \$250,000 for all other returns. You may complete a new Form IL-W-4 to update your exemption amounts and increase your Illinois withholding.

How do I figure the correct number of allowances?

Complete the worksheet on the back of this page to figure the correct number of allowances you are entitled to claim. Give your completed Form IL-W-4 to your employer. Keep the worksheet for your records.

Note If you have more than one job or your spouse works, your withholding usually will be more accurate if you claim all of your allowances on the Form IL-W-4 for the highest-paying job and claim zero on all of your other IL-W-4 forms.

How do I avoid underpaying my tax and owing a penalty?

You can avoid underpayment by reducing the number of allowances or requesting that your employer withhold an additional amount from your pay. Even if your withholding covers the tax you owe on your wages, if you have non-wage income that is taxable, such as interest on a bank account or dividends on an investment, you may have additional tax liability. If you owe more than \$500 tax at the end of the year, you may owe a late-payment penalty or will be required to make estimated tax payments. For additional information on penalties see Publication 103, Uniform Penalties and Interest. Visit our website at tax.illinois.gov to obtain a copy.

Illinois Withholding Allowance Worksheet

General Information

Use this worksheet as a guide to figure your total withholding allowances you may enter on your Form IL-W-4.

Complete Step 1.

Complete Step 2 if

- you (or your spouse) are age 65 or older or legally blind, or
- you wrote an amount on Line 4 of the Deductions Worksheet for federal Form W-4.

If you have more than one job or your spouse works, your withholding usually will be more accurate if you claim all of your allowances on the Form IL-W-4 for the highest-paying job and claim zero on all of your other IL-W-4 forms.

You may reduce the number of allowances or request that your employer withhold an additional amount from your pay, which may help avoid having too little tax withheld.

Step 1: Figure your basic personal allowances (including allowances for dependents)

Check all that apply:

- No one else can claim me as a dependent.
- I can claim my spouse as a dependent.

- 1 Enter the total number of boxes you checked. 1 _____
- 2 Enter the number of dependents (other than you or your spouse) you will claim on your tax return. 2 _____
- 3 Add Lines 1 and 2. Enter the result. This is the total number of basic personal allowances to which you are **entitled**. You are not required to claim these allowances. The number of basic personal allowances that you choose to claim will determine how much money is withheld from your pay. See Line 4 for more information. 3 _____
- 4 Enter the total number of basic personal allowances you choose to claim on this line and Line 1 of Form IL-W-4 below. This number may not exceed the amount on Line 3 above, however you can claim as few as zero. Entering lower numbers here will result in more money being withheld(deducted) from your pay. 4 _____

Step 2: Figure your additional allowances

Check all that apply:

- I am 65 or older.
- I am legally blind.
- My spouse is 65 or older.
- My spouse is legally blind.

- 5 Enter the total number of boxes you checked. 5 _____
- 6 Enter any amount that you reported on Line 4 of the Deductions Worksheet for federal Form W-4 plus any additional Illinois subtractions or deductions. 6 _____
- 7 Divide Line 6 by 1,000. Round to the nearest whole number. Enter the result on Line 7. 7 _____
- 8 Add Lines 5 and 7. Enter the result. This is the total number of additional allowances to which you are **entitled**. You are not required to claim these allowances. The number of additional allowances that you choose to claim will determine how much money is withheld from your pay. 8 _____
- 9 Enter the total number of additional allowances you elect to claim on Line 2 of Form IL-W-4, below. This number may not exceed the amount on Line 8 above, however you can claim as few as zero. Entering lower numbers here will result in more money being withheld(deducted) from your pay. 9 _____

IMPORTANT: If you want to have additional amounts withheld from your pay, you may enter a dollar amount on Line 3 of Form IL-W-4 below. This amount will be deducted from your pay in addition to the amounts that are withheld as a result of the allowances you have claimed.

Instructions for Completing Form WH-4

This form should be completed by all resident and nonresident employees having income subject to Indiana state and/or county income tax.

Print or type your full name, Social Security number or ITIN and home address. Enter your Indiana county of residence and county of principal employment as of January 1 of the current year. If you neither lived nor worked in Indiana on January 1 of the current year, enter 'not applicable' on the line(s). If you move to (or work in) another county after January 1, your county status will not change until the next calendar year. Please check the box if you are requesting a change to a county of residence or work for the next calendar year.

Nonresident alien limitation. A nonresident alien is allowed to claim only one exemption for withholding tax purposes. If you are a nonresident alien, enter "1" on line 1, then skip to line 9. You are considered to be a nonresident alien if you are not a citizen of the United States and do not meet the green card test and the substantial presence test (get Publication 519 from www.irs.gov for information about these tests).

All other employees should complete lines 1 through 8.

Lines 1 & 2 - You are allowed to claim one exemption for yourself and one for your spouse (if he/she does not claim the exemption for him/herself). If a parent or legal guardian claims you on their federal tax return, you may still claim an exemption for yourself for Indiana purposes. You cannot claim more than the correct number of exemptions; however, you are permitted to claim a lesser number of exemptions if you wish additional withholding to be deducted.

Line 3 - Dependent Exemptions: You are allowed one exemption for each of your dependents based on state guidelines. To qualify as your dependent, a person must receive more than one-half of his/her support from you for the tax year and must have less than \$4,400 gross income during the tax year (unless the person is your child and either (1) is under age 19 or (2) is under age 24 and a full-time student at a qualified educational institution during at least 5 months of the tax year).

Line 4 - Additional Exemptions. You are also allowed one exemption each for you and/or your spouse if either is 65 or older and/or blind.

Line 5 - Add the total of exemptions claimed on lines 1, 2, 3, and 4. Enter the total in the box provided.

Line 6 - Additional Dependent Exemptions. An additional exemption is allowed for certain dependent children that are included on line 3. The dependent child must be a son, stepson, daughter, stepdaughter, foster child, and/or child for whom you are a legal guardian. The dependent must be under age 19 or must be both under age 24 and a full-time student at a qualified educational institution during at least 5 months of the taxable year.

Line 7 - First-time Claimed Additional Exemption. If an additional dependent exemption on Line 6 is being claimed for one or more children for the first time, enter the number of children for whom you are claiming. This exemption is good only for the calendar year in which the WH-4 claiming the exemption is submitted. If you claim this in multiple tax years, you **MUST** submit a new WH-4 each year for which this exemption is claimed. Do not claim this exemption if the child was eligible for the additional dependent exemption in any previous year, regardless of whether the exemption was claimed. This includes instances where the child was eligible for the additional dependent exemption before 2023. This also includes instances where the child was eligible to be claimed for the additional dependent exemption by another individual.

Line 8 - Additional Adopted Dependent Exemptions. An additional exemption is allowed for certain dependent children that are included on lines 3 and 6 and have been adopted by you or your spouse. The dependent child must be a son, stepson, daughter, or stepdaughter. The dependent must be under age 19 or must be both under age 24 and a full-time student at a qualified educational institution during at least 5 months of the taxable year.

Lines 9 & 10 - If you would like an additional amount to be withheld from your wages each pay period, enter the amount on the line provided. **NOTE:** An entry on this line does not obligate your employer to withhold the amount. You are still liable for any additional taxes due at the end of the tax year. If the employer does withhold the additional amount, it should be submitted along with the regular state and county tax withholding.

You may file a new Form WH-4 at any time if the number of exemptions **increases**. You must file a new Form WH-4 within 10 days if the number of exemptions previously claimed by you **decreases** for any of the following reasons:

- (a) you divorce (or are legally separated from) your spouse for whom you have been claiming an exemption or your spouse claims him/herself on a separate Form WH-4;
- (b) someone else takes over the support of a dependent you claim or you no longer provide more than one-half of the person's support for the tax year; or
- (c) a dependent no longer qualifies for an additional dependent or an adopted dependent exemption.

Penalties are imposed for willingly supplying false information or information which would reduce the withholding exemption.

If yes, enter 2-letter state code for your state _____
6. My military servicemember spouse's domicile is the same as mine(check one) *Yes* *No*

If you checked yes to all six statements above, your earned income is exempt from Indiana withholding tax.

Start Military Spouse Exemption. If you answered "YES" to ALL of the above statements, check the box and note the start date here _____

Terminate Military Spouse Exemption. If the answer to any of the six statements above changes to "NO", Indiana tax must be withheld. Check the box and enter the termination date here _____

Under penalties of perjury, I certify that I am not subject to Indiana withholding tax because I meet the conditions set forth under the Servicemembers Civil Relief Act, as amended by the Military Spouses Residency Relief Act (P.L. 111-97).

Employee's Signature _____ Date _____

Indiana adjusted gross income tax applies to all income of a domiciled spouse of an armed forces member, regardless of source. However, pursuant to the Military Spouses Residency Relief Act (Act) (Public Law No. 111-97), Indiana adjusted gross income tax does not apply to the earned income of a non-domiciled spouse of an armed forces member.

The spouse of an armed forces member is exempt from income taxation in Indiana when:

1. The employee's spouse is a military servicemember;
2. The employee is not a military servicemember;
3. The employee's military servicemember spouse has current military orders assigning him or her to a military location in Indiana;
4. The employee and the military servicemember reside at the same address;
5. The employee's domicile is a state other than Indiana; and
6. The employee's military servicemember spouse's domicile is the same as the employee's domicile.

If all of these conditions are met, the employer is exempt from withholding Indiana state and county income taxes.

Start Military Spouse Exemption. In general, the start date will be the later of:

- Either the date you moved to Indiana, or
- The date of the military orders assigning your servicemember spouse to a military location within Indiana.

Terminate Military Spouse Exemption. The withholding exemption will no longer be valid if the answer to any of the six statements changes to No.

In general, the exemption termination date will be the earlier of:

- The day your military servicemember spouse is no longer in the military;
- The day you enlist in the military;
- The day you and your military servicemember no longer live at the same address; or
- The day your spouse leaves Indiana due to military orders assigning him or her to a military location outside of Indiana.

Note: If your exemption terminates, you must complete a Form WH-4. You may get Form WH-4 from your employer.

Each employee must file this Iowa W-4 with their employer. Do not claim more in allowances than necessary or you will not have enough tax withheld. If the amount of allowances you are eligible to claim increases, you may file a new W-4 at any time. If the amount of allowances you are eligible to claim decreases, you must file a new W-4 within 10 days.

Penalties apply for willfully supplying false information or for willful failure to supply information. If you file as exempt from withholding and you incur an income tax liability, you may be subject to a penalty for underpayment of estimated tax.

Marital Status: Other Head of Household Married filing jointly If so, does your spouse also have earned income? Yes No

IA W-4 Instructions – Employee Withholding Allowance Certificate

Exemption from withholding

Nonresidents may not claim this exemption.

Claim exemption from withholding if you are an Iowa resident and both of the following situations apply:

(1) for 2023 you had a right to a refund of all Iowa income tax withheld because you had no tax liability, and, (2) for 2024 you expect a refund of all Iowa income tax withheld because you expect to have no tax liability.

You must complete a new W-4 within 10 days from the day you anticipate you will incur an Iowa income tax liability for the calendar year (or your fiscal year). If you anticipate you will incur an Iowa income tax liability for the following year, then you must complete a new W-4 on or before December 31 of the current year. If you want to claim an exemption from withholding next year, you must file a new W-4 with your employer on or before February 15.

Taxpayers 64 years of age or younger: See your payroll officer to determine how much you expect to earn in a calendar year. You are exempt if:

- a. your filing status is single, your total income is less than \$5,000, and are claimed as a dependent on another person's Iowa return; or
- b. your filing status is single, your total income is less than \$9,000, and you are not claimed as a dependent on another person's Iowa return; or
- c. your filing status is other than single and your combined total income is \$13,500 or less.

Taxpayers 65 years of age or older: Only one spouse must be 65 or older to qualify for the exemption. Any federal standard or itemized deduction taken on the federal return, personal exemption allowed for federal purposes, or qualified business income deduction allowed for federal purposes, must be added to total income for purposes of determining the low-income exemption. You are exempt if:

- a. you are single and your total income is \$24,000 or less; or
- b. your filing status is other than single and your combined total income is \$32,000 or less.

Military personnel in active duty status, as defined in Title 10 of the U.S. Code, are exempt from withholding. Under the Military Spouses Residency Relief Act of 2009 and the Veterans Benefits and Transition Act of 2018, you may be exempt from Iowa income tax on your wages if: (1) your spouse is a member of the uniformed services present in Iowa in compliance with military orders; (2) you are present in Iowa solely to be with your spouse; and (3) you maintain your domicile or residence in another state; or (4) you have elected to use your servicemember spouse's domicile or residence in another state for income tax purposes. If you claim this exemption, check the appropriate box, enter the state other than Iowa you are claiming as your state of domicile or residence, and attach a copy of your spousal military identification card to the IA W-4 provided to your employer.

Line 1. Personal allowances: You can claim the following personal allowances:

- (a) \$40 allowance for yourself or \$80 allowance if you are unmarried and eligible to claim head of household status. Add \$20 additional allowance if you are 65 or older, and \$20 additional allowance if you are blind.
- (b) If you are married and your spouse either does not work or is not claiming allowances on a separate W-4, you may claim the following allowances for them: \$40 for your spouse, \$20 additional allowance if your spouse is 65 or older, and \$20 additional allowance if your spouse is blind.
- (c) If you are single and hold more than one job, you may not claim the same allowances with more than one employer at the same time. If you are married and both you and your spouse are employed, you may not both claim the same allowances with both of your employers at the same time.
- (d) To have the highest amount of tax withheld claim "\$0" on line 1.

Line 3. Allowances for itemized deductions:

- (a) Enter total amount of estimated federal itemized deductions (a) \$ _____
- (b) Enter amount of your federal standard deduction using the following information (b) \$ _____
If single or married filing separate returns, enter \$14,600
If unmarried head of household, enter \$21,900
If married filing a joint return or qualifying widow(er), enter \$29,200
- (c) Subtract line (b) from line (a) and enter the difference or zero, whichever is greater (c) \$ _____
- (d) Divide the amount on line (c) by 15, round to the nearest whole dollar and enter on line 3.

Note: If you are married and both you and your spouse are employed, you may not both claim the same allowances for itemized deductions. Each spouse should report their proportionate share of the estimated federal itemized deductions on line 3(a) and use the single federal standard deduction amount on line 3(b).

Line 5. Allowances for child and dependent care credit: Persons having child/dependent care expenses qualifying for the federal and Iowa child and dependent care credit may claim additional Iowa withholding allowance amounts based on their total incomes. Taxpayers with a total income of \$90,000 or more cannot claim withholding allowances for the child and dependent care credit. Married persons, regardless of their expected filing status, must calculate their withholding allowance amounts based on their combined total incomes. Total allowances for child and dependent care that you and your spouse may claim cannot exceed the total allowances shown below.

- Iowa total income between \$0 - \$19,999 Allowances: \$200
- Iowa total income between \$20,000 - \$34,999 Allowances: \$160
- Iowa total income between \$35,000 - \$44,999 Allowances: \$120
- Iowa total income between \$45,000 - \$89,999 Allowances: \$40

Line 7. Additional amount of withholding deducted: You may need to have additional tax withheld if you have two or more jobs are married and you both work, or have income other than wages. Income other than wages would include: interest and dividends, capital gains, rent, gambling winnings, etc. If you are not having enough tax withheld, you may request your employer to withhold more by filling in an additional amount on line 7. Estimate the amount you will be under-withheld, and divide that amount by the number of pay periods per year. If you reside in a school district that imposes school district surtax, consider reducing the amount of allowances shown on lines 1-5, or have additional tax withheld on line 7.

New Hire Reporting

An employer doing business in Iowa is required to report newly hired employees, rehires, and contractors to the Centralized Employee Registry. Use one of the following methods to report.

Online Reporting- Online reporting saves time and money and is the preferred method of reporting. Enter employee information or upload data at iowachildsupport.gov.

Fax and Mail Reporting- To report new hires and rehires, submit the following form or an equivalent form. To report contractors by fax or mail, use the Contractor Reporting form found at iowachildsupport.gov.

Magnetic Media- Record layout instructions and media types are available at iowachildsupport.gov.

Centralized Employee Registry Reporting Form

Employer Reporting Requirements

Federal and state law (42 U.S. Code § 653a and Iowa Code chapter 252G) requires that an employer doing business in Iowa who hires or rehires an employee or contractor to report the hire within 15 days of the start date. All items on this form must be completed.

Use one of the listed methods to report your new hires. Please include your FEIN. Fax this form (page 44-019c) to 800-759-5881 or mail it to Centralized Employee Registry, PO Box 10322, Des Moines, IA 50306-0322. If you have questions about employer reporting requirements, call the Employers Partnering in Child Support (EPICS) Unit at 877-274-2580.

Multistate employers have two reporting options: to report newly hired employees in the states in which they are working, or alternatively, to identify one state where all hires will be reported. If you choose to report to one state, your new hire reports must be submitted electronically or by magnetic media, and you must register to identify the state you will report to. To register, visit ocsp.acf.hhs.gov.

Employer Information

- 1. Federal Employer Identification Number (FEIN).** Provide the same 9-digit FEIN used on your quarterly wage reports, plus the 3-digit suffix used when filing Iowa withholding tax. For a business with only one location, the default suffix is 000.
- 2. Employer name.** Provide the trade name or doing business as (DBA) name, if applicable, rather than the legal name of the employer.
- 3. Employer address.** Include any applicable post office box, unit number, etc.
- 4. Employer contact and phone number (optional).** Include any applicable phone and extension.
- 5. Income Provider name and address for income withholding orders or garnishment, if different from the employer address above.** This may be the legal name of the business or other entity that handles withholding and garnishment. This information is needed for income withholding and garnishment purposes.

Employee Information

- 6. Is dependent health care coverage available?** This question does not relate to insurability of employee's dependents. Mark yes if the employer or union offers coverage.
- 7. Approximate date this employee qualifies for coverage.** Example: Is dependent insurance coverage offered upon hire or after six months of employment? This question does not relate to insurability of employee's dependents. Enter in month, day, and year format.
- 8. Employee start date.** Indicate the first day for which the employee is owed compensation. For a rehire, list the return date. Enter in month, day, and year format. (Required by 42 U.S. Code § 653a)
- 9. Employee date of birth.** Enter in month, day, and year format.
- 10. Employee Social Security Number (SSN).** SSN is required for all individuals, including minors.
- 11. Employee name.** Provide the employee's full name including middle initial.
- 12. Employee address.** Provide the employee's current home address.

K-4

(Rev. 11-18)

KANSAS EMPLOYEE'S WITHHOLDING ALLOWANCE CERTIFICATE

Use the following instructions to accurately complete your K-4 form, then detach the lower portion and give it to your employer. For assistance, call the Kansas Department of Revenue at 785-368-8222.

Purpose of the K-4 form: A completed withholding allowance certificate will let your employer know how much *Kansas* income tax should be withheld from your pay on income you earn from Kansas sources. Because your tax situation may change, you may want to re-figure your withholding each year.

Exemption from Kansas withholding: To qualify for exempt status you must verify with the Kansas Department of Revenue that: **1)** last year you had the right to a refund of **all** STATE income tax withheld

because you had **no** tax liability; and **2)** this year you will receive a full refund of **all** STATE income tax withheld because you will have **no** tax liability.

Basic Instructions: If you are not exempt, complete the **Personal Allowance Worksheet** that follows. The total on line F should **not** exceed the total exemptions you claim under "Exemptions and Dependents" on your Kansas income tax return.

NOTE: *Your status of "Single" or "Joint" may differ from your status claimed on your federal Form W-4).*

Using the information from your **Personal Allowance Worksheet**, complete the **K-4** form below, sign it and provide it to your employer. If your employer does not receive

a K-4 form from you, they must withhold Kansas income tax from your wages without exemption at the "Single" allowance rate.

Head of household: Generally, you may claim head of household filing status on your tax return only if you are **unmarried and pay more than 50% of the cost of keeping up a home for yourself and for your dependent(s).**

Non-wage income: If you have a large amount of non-wage Kansas source income, such as interest or dividends, consider making Kansas estimated tax payments on Form K-40ES. Without these payments, you may owe additional Kansas tax when you file your state income tax return.

 5. My military servicemember's state of domicile is a state other than Kentucky and I am electing to use that state of domicile(check one) YES NO
If yes, enter the 2-letter state code of the servicemember's state of domicile _____
 6. I am present in Kentucky solely to be with my military servicemember spouse.....(check one) YES NO

If you checked "YES" to all the statements above, your earned income is exempt from Kentucky withholding tax.

Check box 3 if you checked "YES" to all the statements listed in the worksheet. You are exempt from Kentucky income tax withholding. This exemption will terminate if any of the answers to the questions changes to "NO". In general, the exemption termination date will be the earlier of:

- The day the military servicemember is no longer in the military;
- The day the employee enlists in the military;
- The day the employee and the military servicemember no longer live at the same address; or
- The day the military servicemember's permanent duty station changes to a location outside of Kentucky.

4. You may be exempt from withholding if you work in Kentucky but reside in one of the following reciprocal states: Illinois, Indiana, Michigan, West Virginia, Wisconsin, Virginia and you commute daily or Ohio and you are not a shareholder-employee who is a "twenty (20) percent or greater" direct or indirect equity investor in a S corporation.

In order to qualify you must complete the worksheet below:

I have not been a resident of Kentucky during the year. (Check block in front of applicable statement.) I work in Kentucky and reside in:

- Illinois, Indiana, Michigan, West Virginia, Wisconsin
 Virginia and commute daily to my place of employment in Kentucky. (*Must commute daily to apply.*)
 Ohio and I am not a shareholder-employee who is a "twenty (20) percent or greater" direct or indirect equity investor in an S corporation.

Check box 4 if you certify you work in Kentucky and reside in a reciprocal state.

If you meet any of the four exemptions you are exempted from Kentucky withholding. However, you must complete this form and file it with your employer before withholding can be stopped. You will need to maintain a copy of the K-4 for your permanent records.

Instructions to Employers

Form K-4 is only required to document that an employee has requested an exemption from withholding OR to document that an employee has requested additional withholding in excess of the amounts calculated using the formula or tables. If neither situation applies, then an employer is not required to maintain Form K-4.

Upon receipt of this form, properly completed, you are authorized to discontinue withholding for an employee who qualifies for one of the four exemptions. Retain a copy of all K-4's received from employees.

Employee Withholding Exemption Certificate (L-4)

Purpose: Complete form L-4 so that your employer can withhold the correct amount of state income tax from your salary.

Instructions: Employees who are subject to state withholding should complete the personal allowances worksheet indicating the number of withholding personal exemptions in Block A and the number of dependency credits in Block B.

- Employees must file a new withholding exemption certificate within 10 days if the number of their exemptions decreases, except if the change is the result of the death of a spouse or a dependent.
- Employees may file a new certificate any time the number of their exemptions increases.
- Line 8 should be used to increase or decrease the tax withheld for each pay period. Decreases should be indicated as a negative amount.

Penalties will be imposed for willfully supplying false information or willful failure to supply information that would reduce the withholding exemption.

This form must be filed with your employer. If an employee fails to complete this withholding exemption certificate, the employer must withhold Louisiana income tax from the employee's wages without exemption.

Note to Employer: Keep this certificate with your records.

Block A

- Enter "0" to claim neither yourself nor your spouse, and check "No exemptions or dependents claimed" under number 3 below. You may enter "0" if you are married, and have a working spouse or more than one job to avoid having too little tax withheld.
- Enter "1" to claim yourself, and check "Single" under number 3 below if you did not claim this exemption in connection with other employment, or if your spouse has not claimed your exemption. If you will file as head of household, enter "1" to claim one personal exemption and check "Single" under number 3 below.
- Enter "2" to claim yourself and your spouse, and check "Married" under number 3 below.

Employee - File this certificate with your employer. Otherwise your employer must withhold Louisiana income tax from your wages.

Employer - Keep this certificate with your records. This certificate may be used instead of Form L-4 by those employees qualified to claim the exemption.

INSTRUCTIONS

Who may claim exemption from withholding of income tax:

You may be entitled to claim exemption from withholding Louisiana income tax if you meet one of the three qualifications below.

1. You incurred no liability for Louisiana income tax for the prior year and you anticipate that you will incur no liability for such income tax for the current year. For this purpose, you incur tax liability if your joint or separate return shows tax before the allowance of any credit for income tax withheld. If you claim this exemption, your employer will not withhold Louisiana income tax from your wages.
2. You are exempt from Louisiana income taxes under the Servicemember Civil Relief Act, as amended by the Military Spouses Residency Relief Act and the Veterans Benefits and Transitions Act of 2018. For your wages to be exempt from Louisiana income taxes, (a) your spouse must be a member of the armed forces stationed in Louisiana in compliance with military orders; (b) you are here in Louisiana solely to be with your spouse; and (c) you and your spouse maintain your domicile in another state.

Exceptions:

You are exempt from Louisiana income taxes as a nonresident mobile worker if you meet the qualifications. For your wages to be exempt from Louisiana income taxes, (a) you must be a nonresident of Louisiana; (b) you will be paid wages for employment duties performed in Louisiana for 25 or fewer days in the calendar year; (c) you performed employment duties in more than one state during the calendar year; (d) the wages are not paid for employment as a professional athlete, staff member of a professional athletic team, professional entertainer, public figure, or qualified production employee; (e) your state of residence either provides a substantially similar exemption or does not impose an individual income tax; and (f) you did not have any other income derived from sources within Louisiana during the calendar year. If you meet the qualifications, an exemption certificate is not needed. However, within 10 days from the 26th

day of performing employment duties within Louisiana doing the current year you must file an Employee's Withholding Exemption Certificate (Form L-4) with your employer.

When to claim exemption:

File this certificate with your employer as soon as you determine you are entitled to claim this exemption. You must file a certificate each year if you wish to continue to claim the exemption.

Multiple employers:

If you are employed by more than one employer, you may claim the exemption from withholding with each employer, provided that the total of your anticipated income will not cause you to incur any liability for Louisiana income tax for the current year and you incurred no liability for Louisiana income tax for the previous year.

When you must revoke this exemption:

You must revoke this exemption certificate:

1. within 10 days from the day you anticipate you will incur Louisiana income tax liability for the current year; or
2. by the first day of the last month of your current taxable year if you anticipate you will incur Louisiana income tax liability for the following year;
3. within 10 days from the day you no longer meet the provisions of the Servicemember Civil Relief Act, as amended by the Military Spouses Residency Relief Act; or
4. within 10 days from the 26th day of performing employment duties within Louisiana doing the current year.

If you want to discontinue, or are required to revoke this exemption, you must file a new Employee's Withholding Exemption Certificate (Form L-4) with your employer.

Employee/Payee Instructions

Purpose: Complete Form W-4ME so your employer/payer can withhold the correct Maine income tax from your pay. Because your tax situation may change, you may want to recalculate your withholding each year.

Line 3. Select the marital status that applies to you. You must select the same marital status you selected on your federal Form W-4, except that married individuals have the option of withholding at the higher single rate. If you selected married filing separately on your federal Form W-4, you should select single. Nonresident aliens are required to check the single box regardless of actual marital status.

Line 4. If you qualify for one of the exemptions from Maine withholding listed on line 6, complete lines 1, 2, 3, and 6, and sign the form. Otherwise, complete the Personal Allowances Worksheet above. You may claim fewer allowances than you are entitled to, but you must file a Personal Withholding Allowance Variance Certificate to obtain permission from the State Tax Assessor if you want to claim more allowances than allowed on line E above.

Exemptions from Maine withholding:

Line 6a. You may check this box if you claimed “Exempt” on your federal Form W-4. Do not check this box if you want Maine income taxes withheld even though you are exempt from federal withholding.

Line 6b. You may check this box if you completed federal Form W-4P and wrote “No Withholding” in the space below Step 4(c). Do not check this box if you want Maine income taxes withheld even though you are exempt from federal withholding.

Line 6c. You may elect this exemption if you are a resident employee receiving wages and you meet both of the following conditions:

1. You had **no** Maine income tax liability last year, **and**
2. You reasonably expect to have **no** Maine income tax liability this year.

This exemption will expire at the end of the year and you must complete a new Form W-4ME for next year or you will be subject to Maine withholding at the maximum rate.

Line 6d. You may elect this exemption if you receive periodic retirement payments pursuant to Internal Revenue Code, Section 3405, you had no Maine income tax liability in the prior year and you reasonably expect you will have no Maine income tax liability this year. This election will remain in effect until you complete a new Form W-4ME.

Line 6e. If you are the spouse of a member of the military, you may

claim exemption from Maine withholding if you meet the following requirements:

1. Your spouse is a member of the military located in Maine in compliance with military orders.
2. You are in Maine solely to be with your spouse.
3. You and your spouse have the same domicile in a state other than Maine.
4. You attach a copy of your spouse’s latest Leave and Earning Statement reflecting an assignment location in Maine.
5. You present your military ID to your employer. The ID must identify you as a military spouse.

Your exemption will expire at the end of the calendar year during which you submit Form W-4ME claiming the exemption, at which time you must complete and submit a new Maine Form W-4ME for the new year.

Line 7. You may check this box if you meet all of the following requirements:

1. You are an enrolled member of the Houlton Band of Maliseet Indians, the Passamaquoddy Tribe, or the Penobscot Nation (“tribal member”);
2. You reside on land within the Houlton Band Trust Land, the Passamaquoddy Indian territory, or the Penobscot Indian territory (“tribal land”). See 36 M.R.S. § 5102(5-A) for a definition of “tribal member residing on tribal”; and
3. You earn wages, salaries, or other compensation derived from or connected with sources on tribal land in Maine (that is, wages, salaries, or other compensation **for work performed on tribal land in Maine**).

By checking the box on line 7 and signing Form W-4ME, you certify that you qualify for the exemption.

This exemption will remain in effect until you complete a new Form W-4ME. If your situation changes, and the exemption is no longer valid, you must provide a new Form W-4ME to your employer.

This exemption does not apply to wages, salaries, or other compensation earned for work performed in Maine outside of tribal land. You must complete lines 1 through 4 for purposes of determining the withholding rate on any wages that are not exempt from Maine income tax withholding.

Note: You may be subject to penalty if you do not have sufficient withholding to meet your Maine income tax liability.

Notice to Employers and Other Payers

Maine law requires employers and other persons to withhold money from certain payments, most commonly wages, retirement payments and gambling winnings, and remit to Maine Revenue Services for application against the Maine income tax liability of employees and other payees. The amount of withholding must be calculated according to the provisions of MRS Rule 803 (See www.maine.gov/revenue/rules) and must constitute a reasonable estimate of Maine income tax due on the receipt of the payment. Amounts withheld must be paid over to Maine Revenue Services on a periodic basis as provided by 36 M.R.S. Chapter 827 (§§ 5250 - 5255-B) and MRS Rule 803 (18-125 C.M.R., ch. 803).

Employer/Payer Information for Completing Form W-4ME

An employer/payer is required to submit a copy of Form W-4ME, along with a copy of any supporting information provided by the employee/payee, to Maine Revenue Services if:

- A. The employer/payer is required to submit a copy of federal Form W-4 to the Internal Revenue Service either by written

notice or by published guidance as required by federal regulation 26 CFR 31.3402(f)(2)-1(g); or

- B. An employee performing personal services in Maine furnishes a Form W-4ME to the employer containing a non-Maine address and, for any reason, claims no Maine income tax is

to be withheld. This submission is not required if the employer reasonably expects that the employee will earn annual Maine-source income of less than \$3,000 or if the employee is a nonresident working in Maine for no more than 12 days for the calendar year and is, therefore, exempt from Maine income tax withholding.

Submit copies of Form W-4ME directly to the MRS Withholding Unit separately from any other tax filing.

Employers/Payers must complete lines 8 through 11 only if required to submit a copy of Form W-4ME to Maine Revenue Services.

- ✓ Line 8 Enter employer/payer name and business address.
- ✓ Line 9 Enter employer/payer federal identification number (EIN and/or SSN).
- ✓ Line 10 Enter employer/payer contact person who can answer questions about withholding (i.e. human resources person, company officer, accountant, etc.).
- ✓ Line 11 Enter employer/payer contact person's phone number.

Important Information for Employers/Payers

Missing or invalid Forms W-4, W-4P or W-4ME. If any of the circumstances below occur, the employer or payer must withhold as if the employee or payee were single and claiming no allowances. Maine income tax must be withheld at this rate until such time that the employee or payee provides a valid Form W-4ME.

- (1) The employee/payee has not provided a valid, signed Form W-4ME;
- (2) The employee's/payee's Form W-4 or W-4P is determined to be invalid for purposes of federal withholding;
- (3) The Assessor notifies the employer/payer that the employee's/payee's Form W-4ME is invalid; or
- (4) The employee's/payee's Personal Withholding Allowance Variance Certificate has expired, a new variance certificate has not been approved and submitted to the employer/payer and the payee has not provided the payer with a valid Form W-4ME.

Exemptions from withholding Form W-4ME, lines 6 and 7. Generally, employers/payers must withhold from payments subject to Maine income tax unless an exemption is claimed on line 6 or 7.

Federal exemption from withholding (lines 6a and 6b). An employee/payee who is exempt from federal income tax withholding is also exempt from Maine income tax withholding. The employee/payee must check the applicable box on line 6. An employee/payee exempt from federal withholding that wants Maine withholding must leave line 6 blank. See the instructions for line 6d for recipients of periodic retirement payments who are exempt from federal income tax withholding.

Resident employee exemption from Maine withholding (line 6c). A resident employee who is subject to federal income tax withholding is exempt from Maine income tax withholding if the employee had no Maine tax liability for the prior year and expects to have no Maine tax liability for the current year. The exemption on line 6c expires at the end of each year. If the employee fails to submit a new Form W-4ME for the next calendar year, the employer must begin withholding at the single rate with no allowances.

Withholding from payments to nonresident employees. An employee who is exempt from Maine income tax because of the nontaxable thresholds applicable to nonresidents is not required to complete and submit Form W-4ME; however, an employee becomes subject to Maine income tax withholding immediately upon exceeding a threshold at any time during the year. Because all income earned in Maine is taxable by Maine once a threshold is exceeded, employers should work with affected employees to ensure that Maine withholding is adequate to cover Maine income tax liability for the year. This may require the employee submitting a new Form W-4ME with the employer.

Withholding exemption for periodic retirement payments (line 6d). Recipients of periodic retirement payments as defined by IRC § 3405 that are subject to federal income tax withholding are exempt from Maine income tax withholding if the recipient certifies (by checking the box on line 6d) that he or she had no Maine income tax liability for the prior year and expects to have no Maine income tax liability for the current year. The exemption remains in effect until the recipient submits an updated Form W-4ME.

Exemptions under the Military Spouse's Residency Relief Act (MSRRA). If the box on line 6e is checked, the employer must:

- (1) Ensure that a copy of the military member's Leave and Earnings Statement (LES) is attached, and verify that the assignment location entered on the LES is a location in Maine; and
- (2) Review the employee's military ID to ensure that the date on the ID is not more than four years prior to the date on the employee's Form W-4ME, and that the ID denotes the employee as a current military spouse.

An exemption claimed on line 6e expires at the end of the calendar year. If the employee does not submit a new Maine Form W-4ME, the employer must begin withholding for the first pay period in the following year at the maximum rate (single with one allowance).

See the employee instructions for line 6e above for more information about this exemption.

Withholding from payments to tribal members who reside and work on tribal lands (line 7). An employee is exempt from Maine income tax withholding on wages, salaries, or other compensation derived from or connected with sources on tribal land in Maine (that is, wages, salaries, or other compensation **for work performed on tribal land in Maine**) if the employee checks the box on line 7 and signs Form W-4ME certifying that they are an enrolled tribal member residing on tribal land in Maine. This exemption remains in effect until the recipient submits an updated Form W-4ME.

Employers must withhold from payments that do not meet the requirements of this exemption, such as wages, salaries, or other compensation earned by a tribal member residing on tribal land when the work is performed outside of tribal land.

See the employee instructions for line 7 above and 36 M.R.S. §§ 111(9), 111(10), 5102(5-A), and 5122(2)(ZZ) for more information about this exemption.

Important Information for Employers/Payers

Missing or invalid Forms W-4, W-4P or W-4ME. If any of the circumstances below occur, the employer or payer must withhold as if the employee or payee were single and claiming no allowances. Maine income tax must be withheld at this rate until such time that the employee or payee provides a valid Form W-4ME.

- (1) The employee/payee has not provided a valid, signed Form W-4ME;
- (2) The employee's/payee's Form W-4 or W-4P is determined to be invalid for purposes of federal withholding;
- (3) The Assessor notifies the employer/payer that the employee's/payee's Form W-4ME is invalid; or
- (4) The employee's/payee's Personal Withholding Allowance Variance Certificate has expired, a new variance certificate has not been approved and submitted to the employer/payer and the payee has not provided the payer with a valid Form W-4ME.

Exemptions from withholding Form W-4ME, lines 6 and 7. Generally, employers/payers must withhold from payments subject to Maine income tax unless an exemption is claimed on line 6 or 7.

Federal exemption from withholding (lines 6a and 6b). An employee/payee who is exempt from federal income tax withholding is also exempt from Maine income tax withholding. The employee/payee must check the applicable box on line 6. An employee/payee exempt from federal withholding that wants Maine withholding must leave line 6 blank. See the instructions for line 6d for recipients of periodic retirement payments who are exempt from federal income tax withholding.

Resident employee exemption from Maine withholding (line 6c). A resident employee who is subject to federal income tax withholding is exempt from Maine income tax withholding if the employee had no Maine tax liability for the prior year and expects to have no Maine tax liability for the current year. The exemption on line 6c expires at the end of each year. If the employee fails to submit a new Form W-4ME for the next calendar year, the employer must begin withholding at the single rate with no allowances.

Withholding from payments to nonresident employees. An employee who is exempt from Maine income tax because of the nontaxable thresholds applicable to nonresidents is not required to complete and submit Form W-4ME; however, an employee becomes subject to Maine income tax withholding immediately upon exceeding a threshold at any time during the year. Because all income earned in Maine is taxable by Maine once a threshold is exceeded, employers should work with affected employees to ensure that Maine withholding is adequate to cover Maine income tax liability for the year. This may require the employee submitting a new Form W-4ME with the employer.

Withholding exemption for periodic retirement payments (line 6d). Recipients of periodic retirement payments as defined by IRC § 3405 that are subject to federal income tax withholding are exempt from Maine income tax withholding if the recipient certifies (by checking the box on line 6d) that he or she had no Maine income tax liability for the prior year and expects to have no Maine income tax liability for the current year. The exemption remains in effect until the recipient submits an updated Form W-4ME.

Exemptions under the Military Spouse's Residency Relief Act (MSRRA). If the box on line 6e is checked, the employer must:

- (1) Ensure that a copy of the military member's Leave and Earnings Statement (LES) is attached, and verify that the assignment location entered on the LES is a location in Maine; and
- (2) Review the employee's military ID to ensure that the date on the ID is not more than four years prior to the date on the employee's Form W-4ME, and that the ID denotes the employee as a current military spouse.

An exemption claimed on line 6e expires at the end of the calendar year. If the employee does not submit a new Maine Form W-4ME, the employer must begin withholding for the first pay period in the following year at the maximum rate (single with one allowance).

See the employee instructions for line 6e above for more information about this exemption.

Withholding from payments to tribal members who reside and work on tribal lands (line 7). An employee is exempt from Maine income tax withholding on wages, salaries, or other compensation derived from or connected with sources on tribal land in Maine (that is, wages, salaries, or other compensation **for work performed on tribal land in Maine**) if the employee checks the box on line 7 and signs Form W-4ME certifying that they are an enrolled tribal member residing on tribal land in Maine. This exemption remains in effect until the recipient submits an updated Form W-4ME.

Employers must withhold from payments that do not meet the requirements of this exemption, such as wages, salaries, or other compensation earned by a tribal member residing on tribal land when the work is performed outside of tribal land.

See the employee instructions for line 7 above and 36 M.R.S. §§ 111(9), 111(10), 5102(5-A), and 5122(2)(ZZ) for more information about this exemption.

Purpose of form

The Military Spouses Residency Relief Act ("Act") is federal legislation that was signed into law on November 11, 2009. This Act amended the Servicemembers Civil Relief Act to provide a number of benefits to **civilian** spouses of active duty U.S. armed forces servicemembers. If certain conditions are met, one of the benefits exempts from income tax a **civilian** spouse's compensation received for working in the state where the servicemember spouse is stationed. The Veterans Benefits and Transition Act of 2018 (P.L. 115-407) provided additional exemption benefits.

An employee whose wages are exempt from Maryland income tax because of the Act must use Forms MW507 and MW507M to apply for exemption from Maryland income tax withholding.

Instructions for employee

Eligibility

If you are a civilian spouse of an active duty U.S. armed forces servicemember, you need to complete Form MW507M if you meet all of the following conditions:

- You maintain domicile in a state other than Maryland. See "Domicile outside Maryland" below, and Administrative Release No. 1;
- Your servicemember spouse's permanent duty station is in Maryland, an immediate neighboring state of Maryland (Delaware, Pennsylvania, Virginia or West Virginia), or the District of Columbia; and,
- You are in Maryland only to be with your servicemember spouse who is stationed in Maryland, an immediate neighboring state of Maryland, or the District of Columbia.

Domicile outside Maryland

"Domicile" refers to your residence by law, and is also referred to as your legal residence. It is the place that is your permanent home, and is the place to which you always intend to return whenever you are absent from it. Domicile is based on your intent and actions, which must be consistent.

The Servicemembers Civil Relief Act provides that the domicile of a U.S. armed forces servicemember does not change based only on the servicemember's presence in a state in compliance with military orders. The Military Spouses Residency Relief Act provides that a civilian spouse's domicile does not change based only on the civilian spouse's presence in a state to be with the servicemember.

Completing Form MW507M

If you meet all of the eligibility requirements for the exemption from withholding, fill out lines 1 through 3 of Part 1. Attach a copy of your dependent military ID card to Form MW507M, Form MW507 and give them to your employer.

When the withholding exemption takes effect

Form MW507M takes effect on the later of (1) the date you give it to your employer or (2) the first payroll period your employer is able to put the exemption into effect. The exemption does not apply to wages paid prior to the date Form MW507M takes effect.

Annual renewal

Form MW507M is valid only for the calendar year for which it is completed. Provided you are still eligible, you must file a new Form MW507 and MW507M for each subsequent year you want to continue the exemption from Maryland withholding.

The due date for renewing Forms MW507 and MW507M is February 15. Your employer may discontinue this exemption from Maryland withholding in the absence of a completed MW507, MW507M and the required documentation showing that you are still eligible for this exemption.

Notification of ineligibility

You must notify your employer to begin the withholding of Maryland income tax from your wages if you become ineligible for the exemption. This would occur in the following cases:

- Divorce from the servicemember;
- Death of the servicemember;
- Change in your domicile to Maryland; or,
- A change in the servicemember's permanent duty station to a location other than Maryland, an immediate neighboring state of Maryland, or the District of Columbia.

Instructions for employer

Requirement to withhold

Maryland income tax law requires you to withhold Maryland income tax from wages paid to an employee if the employee performs services within Maryland and the wages are subject to federal income tax withholding.

Form MW507M exemption

An exception to the requirement to withhold Maryland income tax applies if an employee completes and gives to you Forms MW507 and MW507M. This exception applies only if you have these forms on file for the employee; it is not enough that the employee is eligible for the exemption under the Act.

What you must do

If an employee gives you a completed Form MW507M, do the following:

1. Check to see that all lines in Part 1 are filled in and a copy of the employee's dependent military ID card is attached. If not, return the form to the employee;
2. Fill in Part 2;
3. Keep the original signed Form MW507M and the attached copy of the military ID card for your payroll records; it relieves you of your obligation to withhold Maryland income tax, and you shall be held harmless from liability for withholding based on the employee's representations on the form; and,
4. Mail a copy of the completed Forms MW507, MW507M and attached military ID card to:

**Comptroller of Maryland

MASSACHUSETTS EMPLOYEE'S WITHHOLDING EXEMPTION CERTIFICATE

Rev. 11/19

Print full name
Print home address.....

Social Security no.
City..... State..... Zip.....

Employee:

File this form with your employer. Otherwise, Massachusetts Income Taxes will be withheld from your wages without exemptions.

Employer:

Keep this certificate with your records. If the employee is believed to have claimed excessive exemptions, the Massachusetts Department of Revenue should be so advised.

HOW TO CLAIM YOUR WITHHOLDING EXEMPTIONS

1. Your personal exemption. Write the figure "1." If you are age 65 or over or will be before next year, write "2"
2. If married and if exemption for spouse is allowed, write the figure "4." If your spouse is age 65 or over or will be before next year and if otherwise qualified, write "5." See Instruction C.....
3. Write the number of your qualified dependents. See Instruction D.....
4. Add the number of exemptions which you have claimed above and write the total.....
5. Additional withholding per pay period under agreement with employer \$.....
 - A. Check if you will file as head of household on your tax return.
 - B. Check if you are blind.
 - C. Check if spouse is blind and not subject to withholding.
 - D. Check if you are a full-time student engaged in seasonal, part-time or temporary employment whose estimated annual income will not exceed \$8,000.

EMPLOYER: DO NOT withhold if Box D is checked.

I certify that the number of withholding exemptions claimed on this certificate does not exceed the number to which I am entitled.

Date..... Signed.....

THIS FORM MAY BE REPRODUCED

THE COMMONWEALTH OF MASSACHUSETTS, DEPARTMENT OF REVENUE

A. Number. The more exemptions you claim on this certificate, the less tax withheld from your employer. If you claim more exemptions than you are entitled to, civil and criminal penalties may be imposed. However, you may claim a smaller number of exemptions without penalty. If you do not file a certificate, your employer must withhold on the basis of no exemptions.

If you expect to owe more income tax than will be withheld, you may either claim a smaller number of exemptions or enter into an agreement with your employer to have additional amounts withheld.

You should claim the total number of exemptions to which you are entitled to prevent excessive overwithholding, unless you have a significant amount of other income. Underwithholding may result in owing additional taxes to the Commonwealth at the end of the year.

If you work for more than one employer at the same time, you must not claim any exemptions with employers other than your principal employer.

If you are married and if your spouse is subject to withholding, each may claim a personal exemption.

B. Changes. You may file a new certificate at any time if the number of exemptions increases. You must file a new certificate within 10 days if the number of exemptions previously claimed by you decreases. For example, if during the year your dependent son's income indicates that you will not

provide over half of his support for the year, you must file a new certificate.

C. Spouse. If your spouse is not working or if she or he is working but not claiming the personal exemption or the age 65 or over exemption, generally you may claim those exemptions in line 2. However, if you are planning to file separate annual tax returns, you should not claim withholdingg exemptions for your spouse or for any dependents that will not be claimed on your annual tax return.

If claiming a spouse, write "4" in line 2. Entering "4" makes a withholding system adjustment for the \$4,400 exemption for a spouse.

D. Dependent(s). You may claim an exemption in line 3 for each individual who qualifies as a dependent under the Federal Income Tax Law. In addition, if one or more of your dependents will be under age 12 at year end, add "1" to your dependents total for line 3.

You are not allowed to claim "federal withholding deductions and adjustments" under the Massachusetts withholding system.

If you have income not subject to withholding, you are urged to have additional amounts withheld to cover your tax liability on such income. See line 5.

Form M-4-MS

Annual Withholding Tax Exemption Certificate for Nonresident Military Spouse

Read instructions below before completing this form. After completion, give the certificate to your employer. Keep a copy for your records.

Employee name Employee Social Security number
Military servicemember spouse's name Spouse's Social Security number
Street address where you both currently reside City/Town State Zip Telephone
Name of military servicemember's station City/Town State Zip Telephone

Form M-4-MS is to be used only for employees claiming exemption from Massachusetts income tax withholding requirements because they meet the conditions set forth under the Servicemembers Civil Relief Act, as amended by the Military Spouses Residency Relief Act (P.L. 111-97) and by P.L. 115-407. For further information, see Technical Information Release (TIR) 19-15. Form M-4-MS should also be used by employees that no longer qualify for the exemption. Fill in the appropriate oval below (see instructions).

I certify that:

- I am a legal resident (domiciliary) of the state of _____;
My military servicemember spouse's domicile is the same as mine;
My spouse is a member of the armed forces and is present in Massachusetts in compliance with military orders; and
I am present in Massachusetts solely to be with my spouse.

I certify that:

I elect to have the same state of residence for tax purposes as my military servicemember spouse, pursuant to 50 USC § 4001(a)(2)(B).

I no longer qualify for the exemption as of (date)_____.

Signature

Under penalties of perjury, I declare that to the best of my knowledge and belief the above information is true, correct, and complete.

Form M-4-MS Instructions

Notice to the Military Spouse

The Military Spouses Residency Relief Act (MSRRA) has been amended for tax years beginning on or after January 1, 2018. The spouse of a servicemember in certain circumstances is allowed to elect on a year-by-year basis to use the servicemember's state of residence for purposes of taxation. In all other respects the MSRRA is substantively unchanged. For more information, see TIR 19-15.

When completing Form M-4-MS the military spouse must fill in one of the three ovals indicating the spouse's status. The first oval is where the military spouse claims the servicemember's state of residence based on the criteria in the MSRRA. This is the method that has been in use before the 2018 election option, and it remains a valid means of determining residence of a military spouse.

The second oval is the election by a military spouse to have the same state of residence as the servicemember, and is available in certain circumstances as an option for tax years beginning on or after January 1, 2018. For information on this option, see TIR 19-15.

The third oval is the indication that the spouse no longer qualifies for the exemption for military spouses.

Notice to Employers

Employers are not exempt from withholding tax liability for failing to withhold the proper Massachusetts tax on a military spouse unless the spouse has properly completed Massachusetts Form M-4-MS and the employer has satisfied the additional requirements set forth below.

Requirements of Employer

The employee must show the employer an original of the employee's current military spouse ID and provide a clear photocopy. The employer must ensure that the ID denotes the employee as a current military spouse. These IDs are reissued every four years; accordingly, the employer may not accept a military ID that is dated more than four years before the date on which it is given to the employer. In addition to a copy of the military spouse ID, the employee must provide to the employer copies of the following:

- Department of Defense Form 2058, State of Legal Residence Certificate of servicemember;
- Most recent LES, Leave and Earnings Statement, of servicemember; and
- Servicemember's current military orders assigning such servicemember to a post of duty in or near Massachusetts.

The employer must keep the Form M-4-MS with the employee's personnel records. If the employer believes the employee has improperly claimed the Nonresident Military Spouse Residency Withholding Exemption, the employer must contact the Department of Revenue.

Note: The Form M-4-MS must be validated on an annual basis. The spouse must show continued eligibility for the exemption. Scenarios that will cause the spouse to no longer be eligible include:

- Servicemember leaves the service;
- Divorce;
- Voluntary physical separation due to duty changes. The servicemember's orders move him or her to a location outside Massachusetts where the spouse is allowed to join him or her but chooses not to; or
- Spouse commits an action that clearly establishes Massachusetts as his or her state of domicile.

Domicile

In order to claim domicile in a state other than the state in which you currently reside you must have proof that you meet one or more of the criteria listed below. If you previously were not a domiciliary of another state you cannot claim that state as your domicile merely by making an election.

Domicile is a place where a person has established permanent residence with an intention to dwell in that place permanently and to return to it after absence. An individual has only one state of domicile at any time and loses his or her current domicile only when he or she establishes a new domicile. The domicile is created based on performing one or more of the following actions.

Criteria Used to Determine State of Domicile

Property, ownership and residence. Homestead status; the location of permanent home; mailing address; amount of time spent in a state.

Financial data. Location of bank accounts; where taxpayer qualifies for unemployment benefits; state where prior resident tax returns were filed; state where business is conducted; state where wages are earned.

Licenses and registrations. Where taxpayer is registered to vote; state driver's license; state where vehicles are registered; state where professional licenses are maintained.

Affiliations. Location of fraternal, social or athletic memberships; union membership location; place of worship.

Family and dependents. Place of family ties for employee, servicemember spouse and dependents.

Single Domicile Factor Not Sufficient

No single factor determines a person's state of domicile; all factors must be evaluated together.

A person's permanent residence, once established, continues as their state of domicile until they take steps to establish a new domicile in another state.

INSTRUCTIONS TO EMPLOYEE'S MICHIGAN WITHHOLDING EXEMPTION CERTIFICATE (Form MI-W4)

You must submit a Michigan withholding exemption certificate (form MI-W4) to your employer on or before the date that employment begins. If you fail or refuse to submit this certificate, your employer must withhold tax from your compensation without allowance for any exemptions. Your employer is required to notify the Michigan Department of Treasury if you have claimed 10 or more personal or dependency exemptions or claimed that you are exempt from withholding.

You **MUST** provide a new MI-W4 to your employer within 10 days if your residency status changes or if your exemptions decrease because: a) your spouse, for whom you have been claiming an exemption, is divorced or legally separated from you or claims his/her own exemption(s) on a separate certificate, or b) a dependent no longer qualifies under the Internal Revenue Code.

Line 5: If you check "Yes," enter your date of hire.

Line 6: Personal and dependency exemptions. The number of exemptions claimed here may not exceed the number of exemptions you are entitled to claim on a *Michigan Individual Income Tax Return* (Form MI-1040). Dependents include qualifying children and qualifying relatives under the Internal Revenue Code, even if your AGI exceeds the limits to claim federal tax credits for them.

Do not claim the same exemptions more than once or tax will be under-withheld. Specifically, **do not claim:**

- Your personal exemption if someone else will claim you as their dependent.
- Your personal exemption with more than one employer at a time.
- Your spouse's personal exemption if they claim it with their employer.
- Your dependency exemptions if someone else (for example, your spouse) is claiming them with their employer.

Line 7: You may designate additional withholding if you expect to owe more than the amount withheld.

Line 8a: You may claim exemption from Michigan income tax withholding if all of the following conditions are met:

- i) Your employment is intermittent, temporary, or less than full time;
- ii) Your personal and dependency exemptions exceed your annual taxable compensation;
- iii) You claimed exemption from federal withholding; and
- iv) You did not incur a Michigan income tax liability for the previous year.

Line 8b: Reasons wages might be exempt from withholding include:

- You are a nonresident spouse of military personnel stationed in Michigan.
- You are a resident of one of the following reciprocal states while working in Michigan: Illinois, Indiana, Kentucky, Minnesota, Ohio, or Wisconsin.
- You are an enrolled member of a federally-recognized tribe that does not have a tax agreement with the state of Michigan, you reside within that tribe's Indian Country (as defined in 18 USC 1151), and compensation from this job will be earned within that Indian Country.

Line 8c: For questions about Renaissance Zones, contact your local assessor's office.

2023 W-4MNP, Minnesota Withholding Certificate for Retirement Account, Pension, or Commercial Annuity Payments (Revised August 15, 2023)

Note: This form is not required for certain nontaxable periodic payments and nonperiodic distributions, including:

- Designated Roth account distributions
- Qualified Roth IRA distributions
- Qualified Charitable Distributions (QCDs)

Complete Form W-4MNP so your plan administrator, financial institution, or other payer responsible for making your distributions can withhold the correct Minnesota income tax. Consider completing a new Form W-4MNP each year or when your personal or financial situation changes. If you do not complete this form and do not have a previous Form W-4MNP on file with your payer, they must withhold Minnesota taxes at a rate equal to 6.25% of the taxable payment or distribution.

Form W-4MNP, Minnesota Withholding Certificate for Retirement Account, Pension, or Commercial Annuity Payments

Complete this form to request the percentage or amount of Minnesota income tax to be withheld from your taxable payments or distributions.

What's new?

On May 24, 2023, legislation was enacted to allow recipients of retirement, IRA, pension, or commercial annuity payments to request Minnesota income tax withholding at any rate or amount they choose, including none. This simplified method does not require you to calculate allowances. If you already have a Form W-4MNP on file with your plan administrator, you do not need to complete this form unless you choose to do so.

When should I complete Form W-4MNP?

Complete Form W-4MNP if you are a Minnesota resident and receive taxable payments or distributions from any of these:

- Employer deferred compensation plan (such as a 401(k))
- Pension plan
- Individual retirement plan
- Traditional IRA
- Commercial annuity

This form is not required for certain nontaxable distributions, including designated Roth account distributions, qualified Roth IRA distributions, or Qualified Charitable Distributions (QCDs).

For taxable periodic payments, complete Form W-4MNP when you begin receiving payments from a retirement account, traditional IRA, annuity, or pension, or if your personal or financial situation changes. Use this form to specify a dollar amount or percentage to be withheld or to elect to have no Minnesota income tax withheld from these payments. If you were already having Minnesota income tax withheld from payments you received prior to May 24, 2023, you do not need to complete a Form W-4MNP unless you want to adjust your Minnesota income tax withholding.

For taxable nonperiodic distributions, you must complete Form W-4MNP to set the withholding amount or percentage for your distribution or elect not to withhold on the distribution. You may complete a new form or elect out of withholding each time you request a nonperiodic distribution.

Generally, if you submit a federal Form W-4P or W-4R for federal income tax withholding, you should complete a new Form W-4MNP.

If you previously completed Form W-4MNP for the same institution, you may use the election from the previous Form W-4MNP by confirming the election with the institution. In this case, you would not need to complete a new Form W-4MNP.

For this Form W-4MNP to be valid, you must enter your Social Security Number and sign the form. If this form is invalid or incomplete, the payer will withhold Minnesota income taxes equal to 6.25% of any taxable payment or distribution.

What are periodic payments and nonperiodic distributions?

Periodic payments are made in installments at regular intervals (such as quarterly, monthly, or annually) over a period of more than one year. Nonperiodic distributions are payments not made at regular intervals, including on-demand IRA distributions.

What if I receive multiple nonperiodic distributions?

This form is specific to the account or contract you identified above. If you have more than one account or contract with the financial institution or payer to which you are providing this form, complete a separate Form W-4MNP for distributions or payments from each account or contract.

What if I have completed federal Form W-4P or Form W-4R?

You will still need to complete Form W-4MNP to specify your Minnesota income tax withholding, if you have not already done so. If you do not complete Form W-4MNP and provide it to the payer, the payer will withhold Minnesota income taxes equal to 6.25% of your payments or distributions.

What if I choose to not have Minnesota income tax withheld?

Check the "No withholding" box and sign Form W-4MNP to validate it. Consider making estimated tax payments to avoid possible penalties and interest when you file your Minnesota income tax return. If you do not check the "No withholding" box, the payer will withhold Minnesota income taxes equal to 6.25% of any taxable payment or distribution.

Form W-4MNP Payer Instructions

Form W-4MNP Requirement

If your recipient is a Minnesota resident and completes a federal 2023 Form W-4P or Form W-4R, they will need to complete 2023 Form W-4MNP to set the desired amount of Minnesota withholding for taxable distributions and payments. **Your recipient is not required to complete this form for certain nontaxable distributions, including designated Roth account distributions, qualified Roth IRA distributions, or Qualified Charitable Distributions (QCDs).**

When does a recipient complete Form W-4MNP?

Recipients complete Form W-4MNP when they begin receiving taxable payments or distributions, or when their personal or financial situation changes.

If a recipient requests more than one taxable nonperiodic distribution from your institution, and you already have a Form W-4MNP on file, confirm with them whether they would like to use their previous election. If they choose to change their election, they must complete a new Form W-4MNP.

How should I determine Minnesota withholding for a recipient that does not complete Form W-4MNP?

If a recipient already has a prior-year Form W-4MNP on file, you may use the allowances on their Form W-4MNP. If a recipient has a federal Form W-4P or W-4R on file from tax year 2017 or prior, you may use the allowances on their federal Form W-4P or Form W-4R. Otherwise, withhold Minnesota tax at a rate of 6.25% of the taxable distribution.

Prior to May 24, 2023, if you provided the option to withhold Minnesota income tax on distributions as shown on Form W-4MNP, you may be able to continue following the recipient's previous election.

If the recipient	Then
Chose to have tax withheld	You may use the allowances the recipient determined on a prior-year Minnesota Form W-4MNP.
Chose not to have tax withheld	You do not need to withhold for the recipient.
Did not choose either way	You must ask the recipient to complete Form W-4MNP to choose their withholding amount or percentage.

What is an invalid Form W-4MNP?

Form W-4MNP is considered invalid if any of these apply:

- There is any unauthorized change or addition to the form, including any change to the language certifying the form is correct.
- The recipient indicates in any way that the form is false by the date the recipient provides you with the form.
- The form is incomplete or lacks a Social Security Number and required signatures.

What if I receive an invalid form?

Do not use the invalid form to calculate Minnesota income tax withholding. Have the recipient complete and submit a new Form W-4MNP. If the recipient does not give you a valid form, and you have a prior-year Form W-4MNP from them, use the prior-year form to calculate their withholding.

If the recipient does not complete a valid Form W-4MNP for a taxable payment or distribution, withhold taxes at a rate of 6.25% of the taxable payment or distribution.

Does the department accept substitute forms?

You may use an equivalent substitute form, but it must include all the election options from Form W-4MNP. Keep all Forms W-4MNP or equivalent documents with your records.

Financial institutions are not required to use this revised Form W-4MNP before January 1, 2024.

Form W-4MN Employer Instructions

Form W-4MN Requirement

Federal Form W-4 will not determine withholding allowances used to determine the amount of Minnesota withholding. Employees completing a 2023 Form W-4 will need to complete 2023 Form W-4MN to determine the appropriate amount of Minnesota withholding.

Lock-In Letters

IRS Letter 2800C tells you when the IRS believes your employee may have filed an incorrect federal Form W-4. If you receive this letter, you must provide the Minnesota Department of Revenue with a copy of the employee's Form W-4MN. We will verify the number of allowances that the employee may claim for Minnesota purposes. Continue using the Form W-4MN you were using at the time you received Letter 2800C from the IRS, until we notify you to change the amount of allowances on the employee's Form W-4MN. If the employee has not completed a Form W-4MN, have them complete the form and use the allowances calculated on that form until notified by the department.

Use the amount on line 1 of page 1 for calculating the withholding tax for your employees.

When does an employee complete Form W-4MN?

Employees complete Form W-4MN no later than when they begin employment or when their personal or financial situation changes.

How should I determine Minnesota withholding for an employee that does not complete Form W-4MN?

If an employee does not complete Form W-4MN and they have a federal Form W-4 (from 2019 or prior years) on file, use the allowances on their federal Form W-4. Otherwise, withhold Minnesota tax as if the employee is single with zero withholding allowances.

What if my employee claims to be exempt from Minnesota withholding?

If your employee claims exempt from Minnesota withholding, they must complete Section 2 of Form W-4MN. They must provide you with a new Form W-4MN by February 15 of each year. If you are paying an employee for wages that are exempt from withholding, such as Medicaid Waiver Payments or wages to H-2A visa workers, do not send us Form W-4MN.

When do I need to submit copies of a Form W-4MN to the department?

You must send copies of Form W-4MN to us if any of these apply:

- The employee claims more than 10 Minnesota withholding allowances
- The employee checked box A or B under Section 2, and you reasonably expect the employee's wages to exceed \$200 per week
- You believe the employee is not entitled to the number of allowances claimed

You do not need to submit Form W-4MN to us if the employee is asking to have additional Minnesota withholding deducted from their pay.

We may assess a \$50 penalty for each Form W-4MN you do not file with us when required.

Mail Forms W-4MN to:

Minnesota Department of Revenue
Mail Station 6501
600 N. Robert St.
St. Paul, MN 55146-6501

What if my employee is a resident of a state that has a reciprocity agreement with Minnesota?

Your employee must complete Form MWR, Reciprocity Exemption/Affidavit of Residency if both of these apply:

- They are a resident of North Dakota or Michigan, and
- They do not want you to withhold Minnesota tax from their wages

Your employee must complete a Form MWR by February 28 of each year, or within 30 days after they begin working or change their permanent residence. See Withholding Fact Sheet 20, *Reciprocity - Employee Withholding*, for more information.

What is an invalid Form W-4MN?

A Form W-4MN is considered invalid if any of these apply:

- There is any unauthorized change or addition to the form, including any change to the language certifying the form is correct
- The employee indicates in any way the form is false by the date they provide you with the form
- The form is incomplete or lacks the necessary signatures
- Both Section 1 and Section 2 were completed
- The employer information is incomplete

What if I receive an invalid form?

Do not use the invalid form to calculate Minnesota income tax withholding. Have the employee complete and submit a new Form W-4MN. If the employee does not give you a valid form, and you have an earlier Form W-4MN from them, use the earlier form to calculate their withholding.

If a valid Form W-4MN is not completed by the employee, withhold taxes as if the employee is single and claiming zero withholding allowances.

What if my employee is a nonresident alien of the United States?

If the wages to this employee are subject to income tax withholding, you will use Table 1 and the procedure under **Withholding Adjustment for Nonresident Alien Employees** in IRS Publication 15-T to determine the correct Minnesota withholding tax. Do not use this procedure for nonresident alien students from India and business apprentices from India. Also do not use this procedure for certain nonresident aliens who are residents of South Korea. See IRS Notice 1392 for special instructions and withholding exceptions.

INSTRUCTIONS

1. **The personal exemptions allowed:**

(a) Single Individuals	\$6,000	(d) Dependents	\$1,500
(b) Married Individuals (Jointly)	\$12,000	(e) Age 65 and Over	\$1,500
(c) Head of family	\$9,500	(f) Blindness	\$1,500
2. **Claiming personal exemptions:**
 - (a) Single Individuals enter \$6,000 on Line 1.
 - (b) Married individuals are allowed a joint exemption of \$12,000.
 If the spouse is not employed, enter \$12,000 on Line 2(a). If the spouse is employed, the exemption of \$12,000 may be divided between taxpayer and spouse in any manner they choose - in multiples of \$500. For example, the taxpayer may claim \$6,500 and the spouse claims \$5,500; or the taxpayer may claim \$8,000 and the spouse claims \$4,000. The total claimed by the taxpayer and spouse may not exceed \$12,000. Enter amount claimed by you on Line 2(b).
 - (c) **Head of Family**
 A head of family is a single individual who maintains a home which is the principal place of abode for himself and at least one other dependent. Single individuals qualifying as a head of family enter \$9,500 on Line 3. If the taxpayer has more than one dependent, additional exemptions are applicable. See item (d).
 - (d) An additional exemption of \$1,500 may generally be claimed for each dependent of the taxpayer. A dependent is any relative who receives chief support from the taxpayer and who qualifies as a dependent for Federal income tax purposes. Head of family individuals may claim an additional exemption for each dependent excluding the one which is required for head of family status. For example, a head of family taxpayer has 2 dependent children and his dependent mother living with him. The taxpayer may claim 2 additional exemptions. Married or single individuals may claim an additional exemption for each dependent, but **should not** include themselves or their spouse. Married taxpayers may divide the number of their dependents between them in any manner they choose; for example, a married couple has 3 children who qualify as dependents. The taxpayer may claim 2 dependents and the spouse 1; or the taxpayer may claim 3 dependents and the spouse none. Enter the amount of dependent exemption on Line 4.
 - (e) An additional exemption of \$1,500 may be claimed by either taxpayer or spouse or both if either or both have reached the **age of 65** before the close of the taxable year. No additional exemption is authorized for dependents by reason of age. Check applicable blocks on Line 5.
 - (f) An additional exemption of \$1,500 may be claimed by either taxpayer or spouse or both if either or both are **blind**. No additional exemption is authorized for dependents by reason of blindness. Check applicable blocks on Line 5. Multiply number of blocks checked on Line 5 by \$1,500 and enter amount of exemption claimed.
3. **Total Exemption Claimed:**
 Add the amount of exemptions claimed in each category and enter the total on Line 6. This amount will be used as a basis for withholding income tax under the appropriate withholding tables.
4. **A NEW EXEMPTION CERTIFICATE MUST BE FILED WITH YOUR EMPLOYER WITHIN 30 DAYS AFTER ANY CHANGE IN YOUR EXEMPTION STATUS.**
5. **PENALTIES ARE IMPOSED FOR WILLFULLY SUPPLYING FALSE INFORMATION.**
6. **IF THE EMPLOYEE FAILS TO FILE AN EXEMPTION CERTIFICATE WITH HIS EMPLOYER, INCOME TAX MUST BE WITHHELD BY THE EMPLOYER ON TOTAL WAGES WITHOUT THE BENEFIT OF EXEMPTION.**

Complete Form MW-4 so that your employer can withhold the correct Montana income tax from your pay. See **Employee Instructions** on the back of this form before completing this form.

1. Federal filing status

- a. Single or married filing separately (If you have multiple jobs, complete the Multiple Jobs Worksheet.)
- b. Married filing jointly or qualifying widower (If you and your spouse have multiple jobs, see line 2.)
- c. Head of household

2. **Married Filing Jointly with Both Spouses Working.** If you are married and you and your spouse are both working and earn similar incomes, mark the box. If you and your spouse have multiple jobs, and your spouse earns significantly more or less than you, do not mark this box. Instead, mark box 1b, then complete the Multiple Jobs Worksheet on page 2 and enter the result on line 3.

3. **Extra withholding.** Enter any additional tax you want withheld from each pay period, including any amount you want withheld from retirement distributions. **3.** _____

4. **Reduced withholding.** If you expect to report large federal adjustments, federal itemized deductions, Montana subtractions, and/or Montana tax credits, you can direct your employer to withhold the amount you report on this line. (*Caution:* Requesting a reduced amount of withholding may result in a tax due when you file your tax return.) **4.** _____

5. Exemptions for Tax Year

You may be entitled to claim an exemption from Montana income tax withholding if your income is exempt from Montana income tax. Mark the box to indicate the reason you believe you are exempt from Montana income tax.

- a. I am exempt because I am an enrolled member of a registered tribe, I live on the reservation of that tribe, and I earn wages from work performed on that reservation. (You must complete line 1 or 2.)
- b. I am exempt because I am a member of the Reserve or National Guard and my compensation is earned under U.S.C. Title 10. (You must complete line 1 or 2.)
- c. I am exempt because I am a North Dakota resident.
- d. I am exempt because I am a resident of another state living in Montana solely to be with my spouse, who is a resident of the same state and a member of the U.S. armed forces assigned to a military location in Montana.

Under penalty of false swearing, I declare that I have examined this certificate and, to the best of my knowledge and belief, it is true, correct, and complete. (This form is not valid unless you sign it.)

Multiple Jobs Worksheet

Complete this worksheet if you have multiple jobs, or if you are married filing jointly with both spouses working. This worksheet calculates the total extra withholding for all jobs. Complete this worksheet on the Form MW-4 for the highest paying job for the most accurate results. The amount on line 4 is the additional amount to withhold from your wages.

- 1. Two jobs.** If you have two jobs or you are married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 5 or 6. Using the “Higher Paying Job” row and the “Lower Paying Job” column, find the value at the intersection of the two household salaries and enter that value here. 1. _____
- 2. Three jobs.** If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.
- 2a.** Find the amount from the appropriate table on page 5 or 6 using the annual wages from the highest paying job in the “Higher Paying Job” row and the annual wages for your next highest paying job in the “Lower Paying Job” column. Find the value at the intersection of the two household salaries and enter that value here. 2a. _____
- 2b.** Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the “Higher Paying Job” row and use the annual wages for your third job in the “Lower Paying Job” column to find the amount from the appropriate table on page 5 or 6 and enter this amount on line 2b. 2b. _____
- 2c.** Add lines 2a and 2b. 2c. _____
- 3.** Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52. If it pays every other week, enter 26. If it pays monthly, enter 12. 3. _____
- 4.** Divide the annual amount on line 1 or line 2c by the amount of pay periods on line 3. Enter this amount here and on Form MW-4, line 3 of the Form MW-4 for the highest paying job (along with any other additional amount you want withheld). 4. _____

Beginning in Tax Year 2024, Montana’s income tax system will change significantly. Taxpayers will see changes to filing statuses, tax brackets, and the calculation of Montana taxable income.

As a result of these changes, wage withholding determined before January 1, 2024, may not accurately reflect an employee’s actual tax liability under the new system.

Employees should complete a new Form MW-4 beginning January 1, 2024, to ensure the correct amount of Montana income tax is withheld from their wages.

Employee Instructions

Purpose

Complete Form MW-4 so that your employer can withhold the correct Montana income tax from your pay. You should complete the form when you:

- Start a new job.
- Claim to be exempt from Montana income tax withholding.

Consider completing a new Form MW-4 if your personal or financial situation changes. If you do not have enough income tax withheld from your wages, interest and/or penalties may be assessed when you file your individual income tax return.

Line Instructions

Line 1 – Federal filing status. Select the federal filing status you will use when you file your income tax return. This will determine the standard deduction and tax rates used to compute your wage withholding. If you have multiple jobs, complete the Multiple Jobs Worksheet, and report the additional amount from line 4 of the worksheet on page 1, line 3.

Line 2 – Married Filing Jointly with Both Spouses Working. If you are married, both spouses work, and earn similar amounts, mark this box on this form and all Forms MW-4 for the other jobs. If this box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This is roughly accurate for jobs with similar pay; otherwise more tax than necessary will be withheld. If you or your spouse have multiple jobs, or if one spouse earns significantly more than the other, do not mark this box. Instead, mark box 1b, and complete the Multiple Jobs Worksheet on the Form MW-4 of the highest paid job. Report the additional amount to withhold on line 3 on the Form MW-4 of the highest paid job.

Line 3 – Extra withholding. You may request to have an additional amount of taxes withheld from your paycheck on this line. If you want to receive a refund, you may enter an additional amount on this line.

If you receive pensions or annuities, you may ask the payer to withhold a flat amount that you report on this line.

You can choose to have Montana income tax withheld from your unemployment compensation. Report the amount you want the payer to withhold on this line.

Line 4 – Reduced withholding. If your income mainly consists of wages, and you expect to report large federal adjustments, federal itemized deductions, Montana subtractions, and/or Montana tax credits, you may direct your employer to only withhold the amount you report on this line. Your employer will not use the standard calculations for withholding. To calculate the amount needed, divide the amount of your expected tax by the number of pay periods in a year. Enter the amount to be withheld rather than the standard calculation. If this line is blank,

your withholding will be calculated based on the standard calculations.

CAUTION. This will reduce the amount of tax withheld and may result in a balance owing on your income tax return.

Line 5 – Exemptions. You must meet one of the following requirements to claim an exemption from Montana wage withholding:

- a. You are an enrolled member of an American Indian tribe living and working on the reservation of which you are an enrolled member. You must also complete line 1 or 2 because your exemption may not cover all the wages you earned in Montana.
- b. You are a member of the Montana National Guard and are receiving pay for active duty in the U.S. military under USC Title 10 orders. You must also complete line 1 or 2 because your exemption only applies to your pay derived from your USC Title 10 orders.
- c. Your wages are exempt from withholding because you are a resident of North Dakota. This exemption is available for residents of North Dakota because of the reciprocity agreement in place between North Dakota and Montana.
- d. You are the spouse of a military member assigned to duty in Montana, you and your spouse are domiciled in another state (the same state as one another) and you are present in Montana solely to be with your spouse.

To claim an exemption, give this form to your employer upon the start of your employment, or as soon as you qualify for an exemption. If it remains applicable, your exemption needs to be renewed before the beginning of the next year. Provide a new Form MW-4 to your employer each year or your employer will begin withholding. Do not forget to indicate the year.

Montana does not recognize the federal exempt status available on the federal Form W-4.

Therefore, exemption from withholding for federal purposes does not exempt you from Montana income tax withholding.

An exemption from withholding is available only if the entire statement you marked on line 5 is true. If your situation changes, and your exemption is no longer valid, you must provide a new Form MW-4 to your employer with line 1 or 2 completed.

If you claim one of the exemptions from withholding, your employer must file an electronic copy of this form with the Department of Revenue.

An exemption from withholding is not an automatic exemption from filing a Montana income tax return. See Montana Individual Income Tax Return (Form 2) instructions for more guidance.

Employer Instructions

Montana wage withholding is required when wages are earned in Montana. Employers are liable for Montana withholding taxes and are only relieved of that liability once they have withheld the correct amount of taxes from the employees' wages for a given pay period.

Newly hired employees must complete this form when they begin working for you. Employees claiming to be exempt from Montana wage withholding must complete this form when they begin working for you and every year thereafter. Employees may file a new Form MW-4 if their personal or financial situation changes.

Keep the copies of all Forms MW-4 you receive from your employees with your records.

Exemptions from Montana Withholding

You must file your employee's Form MW-4 with the department if the employee is claiming one of the withholding exemptions listed on line 5. The form is due to the department by the last day of the payroll period in which the form was received and annually thereafter by January 31.

File online using the department's TransAction Portal (TAP) at <https://tap.dor.mt.gov>. Simply click on "File Form MW-4." Do not mail the Form MW-4 to the department.

If an exemption is claimed on line 5a or 5b, you must withhold taxes on any wages paid that do not meet the requirements of these exemptions.

Example: If 5a is marked, the exemption does not apply to wages earned from an enrolled member of a tribe, residing on his or her reservation, when the work is performed outside the reservation. Withholding is required on the wages derived from work performed outside the reservation, based on the filing status on line 1 or 2. If line 1 or 2 is not completed, the withholding is calculated using the single filing status until a new Form MW-4 is provided for the calculation of the withholding.

Invalid Forms MW-4

A Form MW-4 is invalid if the form is incomplete or lacks the necessary signatures. If your employee's Form MW-4 is invalid or incomplete, withhold Montana tax as if the employee is single.

Personal Allowances Worksheet

• **Keep for your records.**

Allowances approximate tax deductions that may reduce your tax liability. The number of allowances is determined by many factors including, but not limited to, filing status, how many jobs you have, and how many children or dependents that you claim on your income tax return.

Allowances claimed on the Form W-4N are used by your employer or payor to determine the Nebraska state income tax withheld from your wages, pension, or annuity to meet your Nebraska state income tax obligation.

4 a Enter "1" for yourself if no one else can claim you as a dependent.	4a	
b Enter "1" if: <ul style="list-style-type: none"> • You are single and have only one job; • You are single and have only one pension; • You are married, have only one job, and your spouse does not work; or • Your wages from a second job, or your spouse's wages (or the total of both for the year) are \$1,500 or less, or you have more than one pension. 	4b	
c Enter "1" for your spouse . But, you may choose to enter "-0-" if you are married and have either a working spouse, more than one pension or more than one job. (Entering "-0-" may help you avoid having too little tax withheld)	4c

Instructions

Purpose. The Nebraska Withholding Allowance Certificate, Nebraska Form W-4N, was developed due to significant differences between the federal and Nebraska laws regarding standard deductions and because personal exemption credits are allowed on the Nebraska income tax return.

The Nebraska Form W-4N will be used by your employer in conjunction with the [Nebraska Circular EN](#) to determine the correct Nebraska income tax withholding. For every federal Form W-4 employers receive, after January 1, 2020 a Nebraska Form W-4N must be completed. If you did not complete a federal Form W-4 prior to January 1, 2020 or beginning January 1, 2020 completed a federal Form W-4 but did not submit a Nebraska Form W-4N, your employer must withhold as if you were single and claimed no withholding allowances.

Nebraska taxpayers that receive pension or annuity payments may also use a Nebraska Form W-4N to determine the correct withholding for those payments. Beginning January 1, 2022, the Nebraska Form W-4N will be used by your pension or annuity payor in conjunction with the Nebraska Circular EN to determine the correct Nebraska income tax withholding when the federal Form W-4P is completed on or after January 1, 2022.

Withholding allowances directly affect how much money is withheld. The amount withheld is reduced for each allowance taken. Depending on your personal circumstances, you may not want to claim every allowance you are eligible to take. If you do not have enough state income tax withheld, you may incur a penalty for underpayment of estimated tax.

There are penalties for not paying enough Nebraska income tax during the year, either through withholding or estimated tax payments. You may want to complete the worksheet in the Nebraska Individual Estimated Income Tax Payment Vouchers booklet to compute an estimated tax liability.

For Employees

Complete the Nebraska Form W-4N so your employer can withhold the correct Nebraska income tax from your wage payment. When your personal or financial situation changes, consider completing a new Nebraska Form W-4N.

If you are an employee claiming exemption from withholding, skip lines 1 and 2, write “exempt” on line 3, and sign the form to validate it. **An exemption is valid for only 1 year.** You must give your employer a new Nebraska Form W-4N by February 15 each year to continue your exemption. You cannot claim exemption from withholding if another person can claim you on their tax return; and your total income exceeds \$1,100 and includes more than \$350 of unearned income.

If your employer is subject to the special withholding procedures specified in the Nebraska Circular EN, you may be required to submit documentation to your employer to support your claim for exemption from withholding.

For Employers

An employer may withhold an amount that is less than 1.5% of the employee’s taxable wages if the employee provides sufficient documentation to verify that a lesser amount of income tax withholding is justified in the employee’s particular circumstance. Documentation may include:

- Verification of the number of children/dependents;
- Marital status; or
- The amount of itemized deductions.

Without documentation, the employee’s income tax withholding must be set either at 1.5% or within the non-shaded area of the income tax withholding tables in the Nebraska Circular EN for the employee's taxable wage.

Penalties. An employer may be subject to a penalty of up to \$1,000 for each employee under-withheld if the employee’s low income tax withholding is not substantiated.

A taxpayer who intentionally claims an excessive number of exemptions is guilty of a Class II misdemeanor.

Any person who willfully attempts to evade the Nebraska income tax is guilty of a Class IV felony.

Any person who willfully fails to withhold, deduct, and truthfully account for and pay over any income tax withheld is guilty of a Class IV felony.

Pensions and Annuities

For periodic payments of employer-provided pensions and annuities, the income tax withholding is determined in the same manner as income tax withholding from wages. Payees with periodic payments from employer-provided pensions and annuities are subject to Nebraska income tax withholding when the payee (recipient) has elected the payor to withhold federal income tax from the payments. Payors must use the same number of allowances and the marital status as claimed by the payee on the Withholding Certificate for Pension or Annuity Payments, Federal Form W-4P, filed with the payor if the federal Form W-4P was completed prior to January 1, 2022. If the payee completes a federal Form W-4P on or after January 1, 2022, a Nebraska Form W-4N must be completed for Nebraska income tax withholding purposes.

Payees that chose not to have federal income tax withheld on the federal Form W-4P may elect to be exempt from withholding income tax for Nebraska on the Nebraska Form W-4N. Payees completing the Nebraska Form W-4N may skip lines 1 and 2 and write “exempt” on line 3 of the Nebraska Form W-4N. If you change the federal Form W-4P to withhold federal income tax, you must complete a new Nebraska Form W-4N to withhold Nebraska income tax.

For pension and annuity payments, the Nebraska Form W-4N exemption stays in effect until you change the federal Form W-4P to withhold federal income tax or you change the Form W-4N to withhold Nebraska income tax without changing the federal Form W-4P to withhold federal income tax.

Note: Nonperiodic payments or eligible rollover distributions are subject to Nebraska income tax to be withheld at a rate of 5% of the distributions and cannot be exempt from income tax withholding.

For nonperiodic payments or eligible rollover distributions subject to either the 10% or 20% federal income tax withholding rate, Nebraska income tax will be withheld at a rate of 5% of the distribution. A taxpayer may request to have additional Nebraska income tax withheld by completing a Nebraska Form W-4N. Do not give a federal Form W-4P to your payor unless you want an additional amount withheld for Nebraska income tax. Also payees who are not required to have federal income tax withheld, may request to have state income tax withheld by completing a Nebraska Form W-4N.

I estimate that the above percentage of my compensation from the employer with whom I file this certificate is for services subject to Nebraska income tax withholding. I will notify my employer by filing another Form 9N within ten days after any substantial change in the proportion of my services subject to Nebraska income tax withholding.

I also understand that a nonresident individual who provides false information on Form 9N or an employer who knowingly uses such false information may be penalized. Furthermore, penalties may be imposed if the false information results in an amount withheld that is less than 75 percent of the employee's Nebraska tax liability on the wages. This penalty may equal the total tax evaded, and an additional penalty of up to \$1,000 may be imposed.

BASIC INSTRUCTIONS

- Line 1 Enter your name, address, and Social Security number in the spaces provided.
- Line 2 Check the box that indicates your filing status. If you checked Box 1 (Single) or Box 3 (Married/Civil Union Partner Separate) you will be withheld at Rate A.
Note: If you have checked Box 2 (Married/Civil Union Couple Joint), Box 4 (Head of Household) or Box 5 (Qualifying Widow(er) Surviving Civil Union Partner) and either your spouse/civil union partner works or you have more than one job or more than one source of income and the combined total of all wages is greater than \$50,000, see instruction A below. If you do not complete Line 3, you will be withheld at Rate B.
- Line 3 If you have chosen to use the wage chart below, enter the appropriate letter.
- Line 4 Enter the number of allowances you are claiming. Entering a number on this line will decrease the amount of withholding and could result in an underpayment on your return.
- Line 5 Enter the amount of additional withholdings you want deducted from each pay.
- Line 6 Enter "EXEMPT" to indicate that you are exempt from New Jersey Gross Income Tax Withholdings, if you meet one of the following conditions:
- Your filing status is **SINGLE** or **MARRIED/CIVIL UNION PARTNER SEPARATE** and your wages plus your taxable nonwage income will be \$10,000 or less for the current year.
 - Your filing status is **MARRIED/CIVIL UNION COUPLE JOINT**, and your wages combined with your spouse's/civil union partner's wages plus your taxable nonwage income will be \$20,000 or less for the current year.
 - Your filing status is **HEAD OF HOUSEHOLD** or **QUALIFYING WIDOW(ER)/SURVIVING CIVIL UNION PARTNER** and your wages plus your taxable nonwage income will be \$20,000 or less for the current year.

Your exemption is good for ONE year only. You must complete and submit a form each year certifying you have no New Jersey Gross Income Tax liability and claim exemption from withholding. If you have questions about eligibility, filing status, withholding rates, etc. when completing this form, call the Division of Taxation's Customer Service Center at (609) 292-6400.

Instruction A - Wage Chart

This chart is designed to increase withholdings on your wages, if these wages will be taxed at a higher rate due to inclusion of other wages or income on your NJ-1040 return. **It is not intended to provide withholding for other income or wages.** If you need additional withholdings for other income or wages, use Line 5 on the NJ-W4. This Wage Chart applies to taxpayers who are married/civil union couple filing jointly, heads of households, or qualifying widow(er)/surviving civil union partner. **Single individuals or married/civil union partners filing separate returns do not need to use this chart.** If you have indicated filing status #2, 4 or 5 on the above NJ-W4 and your taxable income is greater than \$50,000, you should strongly consider using the Wage Chart. (See the Rate Tables on the reverse side to estimate your withholding amount.)

HOW TO USE THE CHART

- Find the amount of your wages in the left-hand column.
- Find the amount of the total for all other wages (including your spouse's/civil union partner's wages) along the top row.
- Follow along the row that contains your wages until you come to the column that contains the other wages.
- This meeting point indicates the Withholding Table that best reflects your income situation.
- If you have chosen this method, enter the "letter" of the withholding rate table on Line 3 of the NJ-W4.

NOTE: If your income situation substantially increases (or decreases) in the future, you should resubmit a revised NJ-W4 to your employer.

Certificate of Exemption from Withholding

New York State • New York City • Yonkers

IT-2104-E

This certificate will expire on April 30, 2025.

To claim exemption from withholding for New York State personal income tax (and New York City and Yonkers personal income tax, if applicable), you must meet the conditions in either Group A or Group B:

Group A

- you must be under age 18, or over age 65, or a full-time student under age 25; **and**
- you did not have a New York income tax liability for 2023; **and**
- you do not expect to have a New York income tax liability for 2024 (for this purpose, you have a tax liability if your return shows tax before the allowance of any credit for income tax withheld).

Group B

- you meet the conditions set forth under the Servicemembers Civil Relief Act (SCRA), as amended by the Military Spouses Residency Relief Act and the Veterans Benefits and Transition Act. See *Military spouses*.

If you **do not meet all** of the conditions in either Group A or Group B above, **stop**; you cannot claim exemption from withholding (see *Note* below).

Instructions

Employee

Who qualifies – To claim exemption from withholding for New York State personal income tax (and New York City and Yonkers personal income tax, if applicable), you must meet the conditions in either Group A or Group B:

Group A

- you must be under age 18, or over age 65, or a full-time student under age 25; **and**
- you did not have a New York income tax liability for 2023; **and**
- you do not expect to have a New York income tax liability for 2024 (for this purpose, you have a tax liability if your return shows tax before the allowance of any credit for income tax withheld).

Group B

- you meet the conditions set forth under the Servicemembers Civil Relief Act (SCRA), as amended by the Military Spouses Residency Relief Act and the Veterans Benefits and Transition Act. See *Military spouses*.

If you meet the conditions in Group A or Group B, file this certificate, Form IT-2104-E, with your employer. Otherwise, your employer

must withhold New York State income tax (and New York City and Yonkers personal income tax, if applicable) from your wages. Do not send this certificate to the Tax Department.

Generally, as a resident, you are required to file a New York State income tax return if you are required to file a federal income tax return, or if your federal adjusted gross income plus your New York additions is more than \$4,000, regardless of your filing status. However, if you are single and can be claimed as a dependent on another person's federal return, you must file a New York State return if your federal adjusted gross income plus your New York additions is more than \$3,100.

If you are a nonresident and have income from New York sources, you must file a New York return if the sum of your federal adjusted gross income and New York additions to income is more than your New York standard deduction.

A penalty of \$500 may be imposed for furnishing false information that decreases your withholding amount.

Note: If you do not qualify for exemption, or you want New York State, New York City, or Yonkers personal income tax withheld from your pay, file Form IT-2104, *Employee's Withholding Allowance Certificate*, with your employer. Follow the instructions

on Form IT-2104 to determine the correct number of allowances to claim for withholding tax purposes.

When to claim exemption from withholding – File this certificate with your employer if you meet the conditions listed in Group A or Group B above. **You must file a new certificate each year if you wish to continue to claim the exemption.**

Military spouses – Under the Servicemembers Civil Relief Act (SCRA), as amended by the Military Spouses Residency Relief Act and the Veterans Benefits and Transition Act, you may be exempt from New York income tax (and New York City and Yonkers personal income tax, if applicable) on your wages if: 1) your spouse is a member of the armed forces present in New York in compliance with military orders; 2) you are present in New York solely to be with your spouse; and 3) you are domiciled in another state.

Liability for estimated tax – If, as a result of this exemption certificate, your employer does not withhold income tax from your wages and you later fail to qualify for exemption from tax, you may be required to pay estimated tax and be subject to penalty if it is not paid. For further information, see Form IT-2105, *Estimated Tax Payment Voucher for Individuals*.

Multiple employers – If you have more than one employer, you may claim exemption from withholding with each employer as long as your total expected income will not cause you to incur a New York income tax liability for the year 2024 and you had no liability for 2023.

Revocation by employee – You must revoke this exemption certificate (1) within 10 days from the day you expect to incur a New York income tax liability for the year 2024, (2) on or before December 1, 2024, if you expect to incur a tax liability for 2025, or (3) when you no longer qualify for exemption under the SCRA.

If you are required to revoke this certificate, if you no longer meet the age requirements for claiming exemption, or if you want income tax withheld from your pay (because, for example, you expect your income to exceed \$3,100), you **must** file Form IT-2104, *Employee's Withholding Allowance Certificate*, with your employer. Follow the instructions on Form IT-2104 to determine the correct number of allowances to claim for withholding tax purposes.

Filing status – Mark an **X** in one box on Form IT-2104-E that shows your present filing status for federal purposes.

Employer

Keep this certificate with your records. If an employee who claims exemption from withholding on Form IT-2104-E usually earns more than \$200 per week, you **must** send a copy of that employee's Form IT-2104-E to: **NYS Tax Department, Income Tax Audit Administrator, Withholding Certificate Coordinator, W A Harriman Campus, Albany NY 12227-0865**. If not using U.S. Mail, see Publication 55, *Designated Private Delivery Services*. If the employee is also a new hire or rehire, see **Note**.

The Tax Department will not accept this form if it is incomplete. We will review these certificates and notify you of any adjustments that must be made.

Due dates for sending certificates received from employees who claim exemption and earn more than \$200 per week are:

Quarter	Due date	Quarter	Due date
January – March	April 30	July – September	October 31
April – June	July 31	October – December	January 31

Revocation by employer – You must revoke this exemption within 10 days if, on any day during the calendar year, the date of birth stated on the certificate filed by the employee indicates the employee no longer meets the age requirements for exemption. The revocation must be in the form of a written notice to the employee.

New hires and rehires – Mark an **X** in the box if you are submitting a copy of this form to comply with New York State's New Hire Reporting Program. A newly hired or rehired employee means an employee previously not employed by you, or previously employed by you but separated from such employment for 60 or more consecutive days. Enter the first day any services are performed for which the employee will be paid wages, commissions, tips and any other type of compensation. For services based solely on commissions, this is the first day an employee working for commissions is eligible to earn commissions. Also, mark an **X** in the *Yes* or *No* box indicating if dependent health insurance benefits are available to this employee. If *Yes*, enter the date the employee qualifies for coverage. Mail the completed form, within 20 days of hiring, to:

**NYS TAX DEPARTMENT
NEW HIRE NOTIFICATION
PO BOX 15119
ALBANY NY 12212-5119**

To report newly hired or rehired employees online go to <https://www.nynewhire.com>.

Note: If the newly hired or rehired employee has also claimed exemption from withholding but usually earns more than \$200 per week, mail Form IT-2104-E to the Tax Department at the New Hire Notification address above.

NC-4 Employee's Withholding Allowance Certificate

PURPOSE - Complete **Form NC-4** so that your employer can withhold the correct amount of State income tax from your pay. **If you do not submit Form NC-4 to your employer, your employer must withhold as if your filing status is "Single" with no withholding allowances.**

FORM NC-4EZ - You may use Form NC-4EZ if you plan to claim either the N.C. Standard Deduction or the N.C. Child Deduction Amount (but no other N.C. deductions), and you do not plan to claim any N.C. tax credits.

FORM NC-4 NRA - If you are a nonresident alien, you must use Form NC-4 NRA. In general, a nonresident alien is an alien (not a U.S. citizen) who has not passed the green card test or the substantial presence test. (See *Publication 519, U.S. Tax Guide for Aliens, for more information on the green card test and the substantial presence test.*)

FORM NC-4 BASIC INSTRUCTIONS - Complete the **NC-4 Allowance Worksheet**. The worksheet will help you determine your withholding allowances based on federal and State adjustments to gross income including the N.C. Child Deduction Amount, N.C. itemized deductions, and N.C. tax credits. However, you may claim fewer allowances than you are entitled to if you wish to increase the tax withheld during the tax year. If your withholding allowances decrease, you must file a new NC-4 with your employer within 10 days after the change occurs. **Exception:** When an individual ceases to be "Head of Household" after maintaining the household for the major portion of the year, a new NC-4 is not required until the next year.

TWO OR MORE JOBS - If you have more than one job, determine the total number of allowances you are entitled to claim on all jobs using one Form NC-4 Allowance Worksheet. Your withholding will usually be most accurate when all allowances are claimed on the NC-4 filed for the higher paying job and zero allowances are claimed for the other. You should also refer to the "Multiple Jobs Table" to determine the additional amount to be withheld on Line 2 of Form NC-4 (See page 4).

NONWAGE INCOME - If you have a large amount of nonwage income, such as interest or dividends, you should consider making estimated income

tax payments using Form NC-40 to avoid interest on the underpayment of estimated income tax. Form NC-40 is available on the Department's website at www.ncdor.gov.

HEAD OF HOUSEHOLD - Generally, you may claim "Head of Household" filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and your dependent(s) or other qualifying individuals.

SURVIVING SPOUSE - Generally, you may claim "Surviving Spouse" filing status only if your spouse died in either of the two preceding tax years and you meet the following requirements:

1. Your home is maintained as the main household of a child or stepchild whom you can claim as a dependent; and
2. You were entitled to file a joint return with your spouse in the year of your spouse's death.

MARRIED TAXPAYERS - For married taxpayers, both spouses must agree as to whether they will complete the NC-4 Allowance Worksheet based on the filing status, "Married Filing Jointly" or "Married Filing Separately."

- Married taxpayers who complete the worksheet based on the filing status, "Married Filing Jointly" should consider the sum of both spouses' income, federal and State adjustments to income, and State tax credits to determine the number of allowances.
- Married taxpayers who complete the worksheet based on the filing status, "Married Filing Separately" should consider only his or her portion of income, federal and State adjustments to income, and State tax credits to determine the number of allowances.

All NC-4 forms are subject to review by the North Carolina Department of Revenue. Your employer may be required to send this form to the North Carolina Department of Revenue.

CAUTION: If you furnish an employer with an Employee's Withholding Allowance Certificate that contains information which has no reasonable basis and results in a lesser amount of tax being withheld than would have been withheld had you furnished reasonable information, you are subject to a penalty of 50% of the amount not properly withheld.

Cut here and give this certificate to your employer. Keep the top portion for your records.

PRIVACY ACT NOTIFICATION

In compliance with the Privacy Act of 1974, disclosure of a social security number or Federal Employer Identification Number (FEIN) on this form is required under N.D.C.C. §§ 57-01-15 and 57-38-56, and will be used for tax reporting, identification, and administration of North Dakota tax laws. Disclosure is mandatory. Failure to provide the social security number or FEIN may delay or prevent the processing of this form.

Instructions to Form NDW-M

Purpose of form

The Servicemembers Civil Relief Act (50 U.S.C. 4001) provides that, if certain conditions are met, wages that a civilian spouse of an active duty U.S. armed forces servicemember receives for working in the state where the servicemember is stationed are exempt from that state's income tax. A qualifying civilian spouse must use Form NDW-M to exempt the wages from North Dakota income tax withholding.

Instructions for employee

Eligibility

You are eligible for the exemption from North Dakota income tax withholding on wages earned in North Dakota if you meet all of the following conditions:

- You are a civilian who is married to an active duty U.S. armed forces servicemember.
- You and your servicemember spouse maintain a domicile (that is, legal residence) in a state other than North Dakota. You do not have to have the same state of domicile. See "Domicile outside North Dakota" below.
- Your servicemember spouse's permanent duty station is in North Dakota.
- The sole purpose for your presence in North Dakota is to be with your servicemember spouse.

Domicile outside North Dakota

"Domicile" refers to your residence by law, and is also referred to as your legal residence. It is the place that is your permanent home, and is the place to which you always intend to return whenever you are absent from it. Domicile is based on your intent and actions, which must be consistent. If you are a civilian spouse of an active duty U.S. armed forces servicemember, the Servicemembers Civil Relief Act provides the following exceptions to these domicile (or legal residence) rules:

- Your domicile does not change if the sole purpose of your movement from one state to another is to reside wherever your servicemember spouse is permanently stationed.
- You may elect to use the same state of domicile as your servicemember spouse for state tax purposes for any tax year in which you are married for any part of the year. This means that, regardless of where you are domiciled under the normal rules (including North Dakota), you will be treated as being domiciled in the state where your servicemember spouse is domiciled for state tax purposes.

Completing Form NDW-M

If you meet all of the eligibility requirements for the exemption from withholding, fill in the last two digits of the calendar year in the upper right-hand corner, then fill out Items 1 through 3 of Part 1. Attach a copy of your dependent military ID card to Form NDW-M, and give them to your employer.

When the withholding exemption takes effect

Form NDW-M takes effect on the later of (1) the date you give it to your employer or (2) the first payroll period your employer is able to put the exemption into effect. The exemption does not apply to wages paid prior to the date Form NDW-M takes effect.

Annual renewal

Form NDW-M is valid only for the calendar year for which it is completed. Provided you are still eligible, you must file a new Form NDW-M for each subsequent year you want to continue the exemption from North Dakota withholding.

Notification of ineligibility

You must notify your employer to begin the withholding of North Dakota income tax from your wages if you become ineligible for the exemption. This would occur in any of the following cases:

- Divorce from the servicemember.
- Death of the servicemember.
- Change in domicile to North Dakota by either spouse.
- Change in the servicemember's permanent duty station to a location outside North Dakota.

Instructions for employer

Requirement to withhold

North Dakota income tax law requires you to withhold North Dakota income tax from wages paid to an employee if the employee performs services within North Dakota and the wages are subject to federal income tax withholding.

Form NDW-M exemption

An exception to the requirement to withhold North Dakota income tax applies if an employee completes and gives to you a Form NDW-M. This exception applies only if you have a Form NDW-M on file for the employee; it is not enough that the employee is eligible for the exemption under the Act.

What you must do

If an employee gives you a completed Form NDW-M, do the following:

1. Check to see that all items in Part 1 are filled in and a copy of the employee's dependent military ID card is attached. If not, return the form to the employee.
2. Fill in Part 2.
3. Keep the original signed Form NDW-M and copy of the military ID card for your records; it relieves you of your obligation to withhold North Dakota income tax, and holds you harmless from liability for the employee's representations on the form.
4. Mail a copy of the completed Form NDW-M and military ID card to:
Withholding Tax Section
Office of State Tax Commissioner
600 E. Blvd. Ave., Dept. 127
Bismarck, ND 58505-0599
Alternatively, fax it to the Withholding Tax Section at 701-328-0146, or email scanned copies to withhold@nd.gov.

IT 4 Instructions

Most individuals are subject to Ohio income tax on their wages, salaries, or other compensation. To ensure this tax is paid, employers maintaining an office or transacting business in Ohio must withhold Ohio income tax, and school district income tax if applicable, from each individual who is an employee.

Such employees who are subject to Ohio income tax (and school district income tax, if applicable) should complete sections I, II, and IV of the IT 4 to have their employer withhold the appropriate Ohio taxes from their compensation. If the employee does not complete the IT 4 and return it to his/her employer, the employer:

- Will withhold Ohio tax based on the employee claiming **zero exemptions**, and
- **Will not** withhold school district income tax, even if the employee lives in a taxing school district.

An individual may be subject to an interest penalty for underpayment of estimated taxes (on form IT/SD 2210) based on under-withholding.

Certain employees may be **exempt** from Ohio withholding because their income is not subject to Ohio tax. Such employees should complete sections I, III, and IV of the IT 4 **only**.

The IT 4 does not need to be filed with the Department of Taxation. Your employer must maintain a copy as part of its records.

R.C. 5747.06(A) and Ohio Adm.Code 5703-7-10.

Section I

Enter the four-digit school district number of your primary address. If you do not know your school district of residence or its school district number, use *The Finder* at tax.ohio.gov. You can also verify your school district by contacting your county auditor or county board of elections.

If you move during the tax year, complete an updated IT 4 immediately reflecting your new address and/ or school district of residence.

Section II

Line 1: If you can be claimed on someone else's Ohio income tax return as a dependent, then you are to enter "0" on this line. Everyone else may enter "1".

Line 2: If you are single, enter "0" on this line. If you are married and you and your spouse file separate Ohio Income tax returns as "Married filing Separately" then enter "0" on this line.

Line 3: You are allowed one exemption for each dependent. Your dependents for Ohio income tax purposes are the same as your dependents for federal income tax purposes. See R.C. 5747.01(O).

Line 5: If you expect to owe more Ohio income tax than the amount withheld from your compensation, you can request that your employer withhold an additional amount of Ohio income tax. This amount should be reported in whole dollars.

Note: If you do not request additional withholding from your compensation, you may need to make estimated income tax payments using form IT 1040ES or estimated school district income tax payments using the SD 100ES. Individuals who commonly owe more in Ohio income taxes than what is withheld from their compensation include:

- Spouses who file a joint Ohio income tax return and both report income, and
- Individuals who have multiple jobs, all of which are subject to Ohio withholding.

Section III

This section is for individuals whose income is deductible or excludable from Ohio income tax, and thus employer withholding is not required. Such employee should check the appropriate box to indicate which exemption applies to him/her. Checking the box will cause your employer to not withhold Ohio income tax and/or school district income tax. The exemptions include:

- Reciprocity Exemption: If you are a resident of Indiana, Kentucky, Pennsylvania, Michigan or West Virginia and you work in Ohio, you do not owe Ohio income tax on your compensation. Instead, you should have your employer withhold income tax for your resident state. R.C. 5747.05(A)(2).
- Resident Military Servicemember Exemption: If you are an Ohio resident and a member of the United States Army, Air Force, Navy, Marine Corps, or Coast Guard (or the reserve components of these branches of the military) or a member of the National Guard, you do not owe Ohio income tax or school district income tax on your active duty military pay and allowances received while stationed outside of Ohio.

This exemption does not apply to compensation for nonactive duty status or received while you are stationed in Ohio.

R.C. 5747.01(A)(21).

- Nonresident Military Servicemember Exemption: If you are a nonresident of Ohio and a member of the uniformed services (as defined in 10 U.S.C. §101), you do not owe Ohio income tax or school district income tax on your military pay and allowances.
- Nonresident Civilian Spouse of a Military Servicemember Exemption: If you are the civilian spouse of a military servicemember, your pay may be exempt from Ohio income tax and school district income tax if all of the following are true:
 - Your spouse is a nonresident of Ohio;
 - You and your spouse are residents of the same state;
 - Your spouse is stationed in Ohio on military orders; and
 - You are present in Ohio solely to be with your spouse.

You **must** provide a copy of the employee's spousal military identification card issued to the employee by the Department of Defense when completing the IT 4.

Note: For more information on taxation of military servicemembers and their civilian spouses, see 50a U.S.C. §571.

- Statutory Withholding Exemptions: Compensation earned in any of the following circumstances is not subject to Ohio income tax or school district income tax withholding:
 - Agricultural labor (as defined in 26 U.S.C. §3121(g));
 - Domestic service in a private home, local college club, or local chapter of a college fraternity or sorority;
 - Services performed by an employee who is regularly employed by an employer to perform such service if she or he earns less than \$300 during a calendar quarter;

- Newspaper or shopping news delivery or distribution directly to a consumer, performed by an individual under the age of 18;
- Services performed for a foreign government or an international organization; and
- Services performed outside the employer's trade or business if paid in any medium other than cash.

*These exemptions are not common.

Note: While the employer is not required to withhold on these amounts, the income is still subject to Ohio income tax and school district income tax (if applicable). As such, you may need to make estimated income tax payments using form IT 1040ES and/or estimated school district income tax payments using form SD 100ES.

See R.C. 5747.06(A)(1) through (6).

Form OK-W-4 is completed so you can have as much "take-home pay" as possible without an income tax liability due to the state of Oklahoma when you file your return. Deductions and exemptions reduce the amount of your taxable income. If your income is less than the total of your personal exemption plus your standard deduction, you should mark "Exempt" on Line 7 above. The following amounts of your annual Oklahoma adjusted gross income will not be taxed by the state of Oklahoma when you file your individual income tax return.

Single	Married Filing Joint
\$1,000 - personal exemption	\$ 2,000 - personal exemption
<u>\$6,350</u> - standard deduction	<u>\$12,700</u> - standard deduction
\$7,350 - Total	\$14,700 - Total
+\$1,000 for each dependent	+\$1,000 for each dependent

Items to Remember:

- If your filing status is married filing joint and your spouse works, do not claim an exemption on Form OK-W-4 for your spouse.
- If you itemize your deductions, instead of using the standard deduction, the amount not taxed by Oklahoma may be a greater or lesser amount.
- If you and your spouse have dependents, please be sure only one of you claim the dependents on your Form OK-W-4. If both spouses claim the dependents as an allowance on Form OK-W-4, it may cause you to owe additional Oklahoma income tax when you file your return.
- If you are claiming an "Exempt" status due to the Military Spouses Residency Relief Act you must provide Form OW-9-MSE "Annual Withholding Tax Exemption Certification for Military Spouses".
- If you have more than one employer, you should claim a smaller number or no allowances on each Form OK-W-4 filed with employers other than your principal employer so the amount withheld will be closer to your amount of total tax.

Annual Withholding Tax Exemption Certification for Military Spouse Instructions

NOTE: This form must be renewed annually.

Notice to Employers

Employers are not exempt from withholding tax liability for failing to withhold the proper Oklahoma tax on any employee unless they have a Federal Form W-4, Oklahoma Form OK-W-4, and if applicable, an Oklahoma Form OW-9-MSE that is fully completed and signed by the employee.

Requirements of Employer

- The Employee must show the Employer an original of his or her military spouse's latest Leave and Earning Statement (LES). The Employer must retain a copy with the Employees' personnel records. The Employer must ensure the Employee's military spouse's LES assignment location matches the location the Employee indicated on the Form OW-9-MSE.
- The Employee must show the Employer an original of the Employee's current Military ID. The Employer is permitted to make a copy of this document, and the Employer must ensure that the ID denotes the Employee as a current Military Spouse. These IDs are reissued every four years; accordingly, the Employer may not accept a Military ID that is dated more than four years before the date on which it is given to the Employer.
- The Employer must keep the Oklahoma withholding tax exemption certificate with the Employee's personnel records. If the Employer believes the Employee has claimed too many exemptions or improperly claimed the Military Spouse Residency Exemption, the Employer must immediately contact the Oklahoma Tax Commission at PO Box 269054, Oklahoma City, OK 73126-9054 or telephone 405.521.3251.

Criteria Used to Determine Domicile

Domicile

For tax years 2018 and later, you may elect to use the same residence for tax purposes as your servicemember spouse in accordance with the Veterans Benefits and Transition Act of 2018. For tax years prior to 2018, you cannot claim another state as your domicile merely by making an election if you previously were not a domiciliary of another state; in order to claim domicile in a state other than your state of residence, you must be able to provide substantiation that the place established is your true fixed and permanent home.

Oklahoma Rule 710:50-3-36. Residency

(a) An Oklahoma resident is a person domiciled in this state. "**Domicile**" is the place established as a person's true, fixed, and permanent home. A domicile, once established, remains until a new one is established.

(b) One is presumed to retain his Oklahoma residency if he has:

- (1) An Oklahoma Homestead Exemption;
- (2) His family remains in Oklahoma;
- (3) He retains an Oklahoma drivers license;
- (4) He intends to return to Oklahoma; or
- (5) He has not abandoned his Oklahoma residence.

Form OR-W-4 Instructions

Oregon Withholding Statement and Exemption Certificate

2024

Purpose of this form

Use Form OR-W-4 to tell your employer or other payer how much Oregon income tax to withhold from your wages or other periodic income.

Instructions for employer or other payer. Enter the business name, federal employer identification number (FEIN), and address in the “Employer use only” section of Form OR-W-4. Keep the completed form with your records. For more information and additional instructions, see Publication 150-211-602, *W-4 Information for Employers*, and the additional resources listed on page 4.

Complete Form OR-W-4 if:

- You’re starting a new job with an employer who must withhold Oregon tax from your pay.
- You’re receiving a pension or annuity and the payer must withhold Oregon tax from each payment.
- You’ve had a recent personal or financial change that affects your taxes, such as a change in your income, filing status, or number of dependents.
- You weren’t satisfied with the amount of Oregon tax you owed or had refunded to you when you filed a recent return.
- You filed a federal Form W-4 with your employer after 2017 that didn’t specify withholding allowances for Oregon.

The worksheets in these instructions are designed to help you estimate the amount of Oregon tax your employer should withhold from your pay. For a more **accurate** estimate, use the **Oregon Withholding Calculator** at www.oregon.gov/dor before you complete Form OR-W-4.

Pension and annuity withholding. Use Form OR-W-4 to designate the Oregon withholding from your pension, annuity, or other periodic payments.

Questions to consider:

- Do you (including your spouse) **have more than one job**?
- Do you expect your wages or your total income for 2024 to be **more than \$100,000** (or **\$200,000** if you’re married and will file a joint return with your spouse, or you’re a recent widow(er))?
- Are you making **mid-year changes** to your withholding?
- Do you receive **pension or annuity payments**?
- Do you live outside Oregon, or did you move to Oregon this year?
- Are you a **non-U.S. citizen without permanent resident status**?

 If you answered **yes** to **any** of these questions, read the “Specific information” section in these instructions before completing the worksheets or Form OR-W-4. Consider using the online **Oregon Withholding Calculator** at www.oregon.gov/dor instead of the worksheets for more accurate results.

General information

What is Oregon income tax withholding?

Oregon income tax must be paid during the year as you earn or receive your income. Employers and certain other payers are required by law to set aside (withhold) part of your paycheck or other payment for taxes that they send to the Department of Revenue on your behalf every time they pay you. “Withholding” refers to the portion of income that your employer or other payer holds back from each paycheck or other payment.

How is the amount of Oregon income tax withholding determined?

The amount that the employer or other payer must withhold depends on several things, such as:

- Your income.
- Your marital status.
- The number of children or other dependents you have.

Allowances. Depending on your situation, some of your income might not be subject to withholding. Each allowance reduces the amount of income that is withheld from each payment. The worksheets in these instructions will help you determine how many allowances you may claim.

Additional withholding. You may want to have more money withheld from each payment. If you have other income that isn’t subject to withholding, requesting additional withholding on Form OR-W-4 may help you avoid owing tax on that other income when you file your tax return.

You report your marital status, allowances, and any additional amount you want withheld by completing Form OR-W-4 and submitting it to your employer or other payer. They will use this information, along with Publication 150-206-436, *Oregon Withholding Tax Formulas*, to withhold a specific amount each pay period.

What if too much or not enough is withheld?

If you have too much tax withheld, you may have a refund when you file your tax return. This is money that you couldn’t use during the year when you might have needed it.

If you have too little tax withheld, you may owe tax when you file your tax return, plus penalty and interest. This is money that you might have used during the year but will need to pay when you file your return after the year ends. See Publication OR-17 for penalty and interest information.

Why can’t the federal form be used for all withholding?

Oregon employees used to be able to use federal Form W-4 for both their federal and Oregon withholding. In 2020, the Internal Revenue Service made some major changes to the

way that federal withholding is done. They changed Form W-4 in such a way that it can no longer be used for Oregon withholding purposes. Similar changes were made to Form W-4P, for withholding from pensions and annuities, starting in 2022. You must use Oregon's Form OR-W-4 instead.

How often does Form OR-W-4 have to be submitted?

Complete and submit a new Form OR-W-4 when you start a new job and whenever your tax situation changes. This includes changes in your income, marital status, and number of dependents.

Note: If you are claiming an exemption from Oregon withholding, you must submit a new Form OR-W-4 by February 15 every year if you continue to qualify for exemption. See the instructions for line 4.

What will happen if no Form OR-W-4 is submitted?

Your employer or other payer will refer to your most recent withholding form to determine your withholding. If no Form OR-W-4 has been submitted, they will withhold for Oregon based upon the following order:

- An Oregon-only version of the federal Form W-4 for a year prior to 2020, or federal Form W-4P for a year prior to 2022.
- Federal Form W-4 for a year prior to 2020, or Form W-4P for a year prior to 2022.
- Eight percent of your wages or other income subject to withholding.

What will happen if the information on the form is false?

You may be assessed a penalty of \$500 if there is no reasonable basis for the instructions you're giving your employer or other payer using Form OR-W-4.

Specific information

Two earners or multiple jobs. See the instructions for **Worksheet C** or use the online withholding calculator if you have more than one job at a time or will file a joint return with a working spouse.

Wages or adjusted gross income (AGI)* that exceed the threshold. Your income level affects your withholding. Do you expect to have wages or AGI on your 2024 return that are **more than \$100,000** (or **\$200,000** if using the married filing jointly or the qualifying surviving spouse filing status)? If so, you may want to request additional withholding. Consider using the online calculator to determine the correct amount to put on your Form OR-W-4.

***Helpful tip: AGI.** Your AGI is your total income minus federal adjustments to income. This amount on your 2023 federal Form 1040 may help you estimate your 2024 AGI.

Mid-year changes. If you claimed too many allowances for the first part of the year, your withholding may not cover all of your tax when you file your return. Use the online calculator to determine the additional amount you need withheld to make up for the shortage. If you don't change

your withholding, you may owe tax, penalties, and interest when you file your return. See Publication OR-17 for penalty and interest information.

Pension or annuity payments. If you've opted out of federal withholding from a pension, annuity, or other periodic payment, you're automatically opted out of Oregon withholding also. If you're not having tax withheld from this income, you may be required to make estimated tax payments. See Publication OR-ESTIMATE to determine the amount of estimated tax payments you need to make.

If you elect to have Oregon tax withheld from your pension or annuity payment, where the tax must be withheld at a certain percentage, you can't claim allowances on Form OR-W-4, but you may request additional withholding.

Exemption from withholding. You may be in a situation where none of your income is subject to Oregon tax. In that case, your income may be exempt from withholding. The exemption period depends on the type of income you have. **For wages, the exemption ends on February 15th of the following year.** For commercial annuities, employer deferred compensation plans, and individual retirement plans where an election to have no withholding may be made, the exemption ends when you notify the payer in writing that you revoke the election. See the instructions for line 4.

Part-year and nonresidents. Have you recently moved to Oregon, or do you live outside the state? If so, you'll report your Oregon income and deductions in the Oregon column of your part-year or nonresident tax return. Use only the amounts that will be in the Oregon column when you complete Worksheet B or C, or use the online withholding calculator for more accurate results.

Non-U.S. citizen without permanent resident status. If all or a portion of your wages are exempt from federal withholding, these wages are also completely or partially exempt from Oregon withholding. Submit federal exemption Form 8233 to your employer to exempt all or part of your wages from Oregon withholding.

If any portion of your wages is not exempt, submit Form OR-W-4 to your employer. You may not qualify to claim certain deductions from your Oregon income, so you will need to take extra steps to ensure that your withholding is adequate. Follow the instructions below when completing Form OR-W-4:

- **Line 1.** Check the "single" box regardless of your marital status.
- **Line 2.** Usually, you should claim -0- withholding allowances. However, if you complete the worksheets, follow the instructions below.
 - Complete Worksheet B using amounts that will be included in the Oregon column of your return.
 - Once you have completed all applicable worksheets, subtract 1 allowance from the number on line A4, B15, or C5.
- **Line 4.** Don't claim exempt due to "no tax liability" or for the portion of your wages exempted on federal Form 8233.

Form OR-W-4 line instructions

For the form and all worksheet instructions, terms such as “pay,” “paycheck,” and “wages” also refer to pensions, annuities, and other periodic payments, and the word “employer” also refers to other payers.

Type or clearly print your name, Social Security number (SSN), and mailing address.

Note. You must enter an SSN. You can't use an individual taxpayer identification number (ITIN).

Redetermination check box. If the department issued a determination letter to your employer specifying the amount your employer needs to withhold from your wages and you want to decrease your withholding, you must have a personal or financial change affecting your tax situation. If you do, mark the “Redetermination” check box. Provide a copy to your employer and send a copy with **all** of the applicable worksheets filled out to the department at:

ADP OR-W-4 Project
Oregon Department of Revenue
PO Box 14560
Salem, OR 97309

Line 1. If you anticipate using the single, married filing separately, or head of household filing status when you file your 2024 return, mark “Single.”

If you anticipate using the married filing jointly or qualifying surviving spouse filing status when you file your 2024 return, mark “Married.” If you meet the married filing jointly qualifications, but want tax withheld at the higher “single” rate, mark “Married, but withhold at the higher single rate.”

For the qualifications of each filing status, see federal Publication 501, *Exemptions, Standard Deduction, and Filing Information*.

Line 2. Complete all applicable worksheets. Enter the allowances from **Worksheet A**, line A4, **Worksheet B**, line B15, or **Worksheet C**, line C5.

Line 3. If you choose to have an additional amount withheld from your pay, enter the amount that you want withheld from each paycheck. If you completed **Worksheet C**, line C8 may direct you to claim an additional amount per paycheck.

Line 4. If you're claiming **exemption from withholding**, you must meet one of these requirements:

- Your wages must be exempt from Oregon taxation, or
- You must meet the qualification for having no tax liability.

To claim exemption due to **no tax liability**, you must meet **both** of the following conditions:

- Last year you had the right to a refund of **all** Oregon tax withheld because you had **no** tax liability, **and**
- This year you expect a refund of **all** Oregon income tax withheld because you expect to have **no** tax liability.

To claim exempt, enter the corresponding code from the **Exemption chart** on line 4a. Enter only one exemption code, even if more than one applies. Write “Exempt” on line 4b.

Note: For wages, exemptions end February 15th of the following year. A new Form OR-W-4 must be completed and submitted to your employer each year.

Sign and date Form OR-W-4. Submit Form OR-W-4 to your employer. **Don't** complete the employer's information. Keep the worksheets with your tax records.

Worksheet instructions

Worksheet A—Personal allowances

Note: If your annual wages from this job are more than \$100,000 and you're marking “Single” or “Married, but withhold at the higher single rate” (\$200,000 if you're marking “Married”), skip Worksheet A and claim zero allowances on Form OR-W-4.

Line A3. Dependents. Enter the total number of all qualifying children and qualifying relatives you are able to claim as dependents on your Oregon return. See the “Exemption credit” section of Publication OR-17 for dependent qualifications.

Worksheet B—Deductions, adjustments, credits, and nonwage income

Line B1. If you have large amounts of **nonwage income**, such as interest, dividends, or self-employment income, consider making estimated tax payments. For required payments and other information, see Publication OR-ESTIMATE. You may also request additional withholding from each paycheck. Otherwise, you may owe additional tax when you file your return, together with interest on any underpayment of required estimated tax payments.

Line B2. Additions are generally items the federal government doesn't tax but Oregon does. See Publication OR-17 for a list of additions and instructions.

Line B4. Enter your anticipated 2024 Oregon **deductions**. If you don't know your anticipated 2024 deductions, enter the standard deduction for your anticipated filing status.

The 2024 **standard deduction** for each filing status is:

- \$2,745 for single or married filing separately.
- \$4,420 for head of household.
- \$5,495 for married filing jointly or qualifying surviving spouse.

If you qualify for an **additional standard deduction amount** because you or your spouse are age 65 or older or blind, and you don't plan to itemize your deductions, add the additional amount to your anticipated deduction amount on line B4. If you're married (or a qualifying surviving spouse), the additional standard deduction is \$1,000; for everyone else, the additional amount is \$1,200.

Itemized deductions include items such as medical expenses that are more than 7 1/2 percent of your AGI, state and local taxes you paid (limited to \$10,000, but don't include Oregon income taxes), qualifying home mortgage interest, charitable contributions, and certain miscellaneous deductions. If you plan to itemize your deductions, enter your estimated **Oregon itemized deductions**. See Schedule OR-A Instructions for more information.

Line B7. Adjustments to income reduce your gross income, resulting in AGI on your federal return. See the instructions for federal Form 1040 and the "Adjustments" section of Publication OR-17 for more information.

Subtractions are generally items the federal government taxes but Oregon doesn't. See Publication OR-17 for a list of subtractions and instructions. **Don't** include your federal tax subtraction.

Line B10. Divide line B9 by \$3,200. Round to one decimal place. For example, round 4.84 to 4.8 and 4.85 to 4.9. This calculation converts the amount from line B9 into allowances.

Line B11. Credits reduce the amount of tax you must pay. Standard and carryforward credits can reduce your tax to zero but can't be refunded to you. Refundable credits can reduce your tax to zero and also result in a refund of any remaining amount. See Publication OR-17 for a list of credits and instructions.

Enter an estimate of the credits you will claim on your 2024 Oregon return. **Don't** include your exemption credits.

Line B12. Divide line B11 by \$249. Round using one decimal place. For example, round 4.84 to 4.8 and 4.85 to 4.9. This calculation converts the amount from B11 into allowances.

Line B13. Add lines B10 and B12. Round to the nearest whole number that is closer to zero by eliminating the decimal value. For example, round 4.3 or 4.8 to 4 and round -3.3 or -3.7 to -3.

Example 1. Roger entered -3.1 on line B10. He entered 2.4 on line B12. He will enter -0- on line B13 ($-3.1 + 2.4 = -0.7$, which is rounded to 0).

Line B15. If the result when you add lines B13 and B14 is less than zero, you may owe tax when you file your return. Request additional withholding or consider making estimated tax payments to avoid owing tax plus potential penalties and interest. See Publication OR-ESTIMATE for information about estimated payments.

Worksheet C—Two earners / multiple jobs

Use Worksheet C if you work more than one job at a time or you have a working spouse.

Line C5. For your highest paying job, enter the result of **Worksheet C**, line C5 on Form OR-W-4, line 2. For all of your lower paying jobs, claim zero allowances.

Line C8. For your highest paying job, enter the result of **Worksheet C**, line C8 on Form OR-W-4, line 3. Round to the nearest whole dollar. For all of your lower paying jobs, claim zero as the additional amount to be withheld.

Example 2. Todd is completing this form in January and has entered \$824 on line C7. For his highest paying job, he is paid every two weeks and has 25 paychecks left for the year. Todd will enter \$33 on line C8 and Form OR-W-4, line 3 ($\$824 \div 25 = \32.96 , which is rounded up to the nearest whole dollar).

 - o Itemize your Oregon deductions or claim additional standard deduction amounts.
 - o Claim federal adjustments to income or Oregon additions, subtractions, or credits (other than personal exemption credits).
 - o Report nonwage income (such as dividends, interest, or self-employment income).
- **Worksheet C**—Use this worksheet if you (including your spouse) have more than one job **and** the combined earnings from **all** jobs exceed \$20,000.

If neither of the above worksheets apply, stop here and enter the number from line A4 on Form OR-W-4, line 2.

Worksheet B—Deductions, adjustments, credits, and nonwage income

Use this worksheet if you plan to do **any** of the following on your 2024 Oregon return:

- Itemize your Oregon deductions or claim additional standard deduction amounts.
- Claim federal adjustments to income or Oregon additions, subtractions, or credits (other than personal exemption credits).
- Report nonwage income (such as dividends, interest, or self-employment income).

Having your most recent Oregon tax return on hand may help you when completing this worksheet.

Don't use negative numbers unless otherwise instructed. For example, write a \$1,000 Oregon subtraction as "\$1,000", not "\$(-1,000)" or "-\$1,000". For more information, see the instructions for this worksheet starting on page 3.

Worksheet C – Two earners / multiple jobs

If you (including your spouse) work three or more jobs at one time, consider using the **Oregon Withholding Calculator** at www.oregon.gov/dor for a more accurate calculation of your allowances.

If you don't use the online calculator, use this worksheet to figure the number of allowances to claim on the Form OR-W-4 for your **highest paying job**. For the best results, we recommend that you claim allowances only on the Form OR-W-4 you submit for your highest paying job, and that you claim zero allowances on Form OR-W-4, line 2 for all of your (or your spouse's) other jobs. Doing so will help prevent under-withholding. For more information, see the instructions for this worksheet starting on page 4.

Complete this worksheet only if you (including your spouse) have more than one job **and** the combined earnings from **all** jobs exceed \$20,000.

C1. Enter the number from **Worksheet B**, line B15. If you didn't use Worksheet B, enter the number from **Worksheet A**, line A4..... C1.

C2. Enter the indicated number based on your 2024 anticipated filing status C2.

- **Single, Head of Household, or Married Filing Separately:** Enter "2"; **however**, if two of your jobs individually exceed \$40,000, enter "4".
- **Married Filing Jointly or Qualifying Surviving Spouse:** Enter "3"; **however**, if two of your jobs individually exceed \$50,000, enter "6".

C3. If you (including your spouse) will work three or more jobs at the same time at any point during the year, enter the indicated number for your 2024 anticipated filing status. Otherwise, enter 0 C3.

- **Single, Head of Household, or Married Filing Separately:** Enter "2".
- **Married Filing Jointly or Qualifying Surviving Spouse:** Enter "3".

C4. Add lines C2 and C3.....C4.

C5. Is line C1 **less** than line C4?

- **Yes.** Enter 0 on line C5 and on Form OR-W-4, line 2. Continue with lines C6 through C8 to figure the additional withholding amount necessary to avoid owing tax with your return.
- **No.** Line C1 minus line C4. Enter the result on line C5 (if zero, enter 0) and on Form OR-W-4, line 2. **Don't** complete the rest of this worksheet.....C5.

C6. Line C4 minus line C1C6.

C7. Line C6 multiplied by \$249C7.

C8. Line C7 divided by the number of **paychecks remaining in 2024** for the highest paying job and rounded to the nearest dollar. Enter the result here and on Form OR-W-4, line 3. This is the additional amount to be withheld from each paycheck..... C8.

Reminder: If you're requesting additional withholding for part of the year, remember to check your withholding again early next year.

INSTRUCTIONS

The Withholding Exemption Certificate (Form 499 R-4.1) is the document used by the employee to notify his/her employer of the personal exemption, exemption for dependents and the allowance based on deductions. These three factors are considered to determine the income tax to be withheld from the employee's wages.

Complete the upper part of the form, indicating your name, social security number, home and postal address. If you are married, include your spouse's name and social security number, and indicate if you choose the optional computation of tax in the case of married individuals living together and filing a joint return (**optional computation**), as provided by Section 1021.03 of the Puerto Rico Internal Revenue Code of 2011, as amended (Code).

Under the Military Spouses Residency Relief Act (MSRRS), if you are the spouse of an active service member that was transferred under military orders to a new military station in any of the states, possessions or territories of the United States or the District of Columbia, you can keep your original residence or domicile for tax purposes. Indicate if you elect this option so that the employer is not required to withhold income tax for Puerto Rico purposes. Nevertheless, you may be subject to the payment of federal estimated tax or from the state, possession or territory for which you elected to keep as your residence or the employer may withhold federal, local or state taxes, as applicable.

If you are a young individual resident of Puerto Rico whose age fluctuates between 16 and 26 years at the end of the taxable year, you are entitled to an exemption on the first \$40,000 of gross income from wages. To benefit from this exemption, indicate your date of birth. If your annual wage is more than \$40,000, the excess over the first \$40,000 will be taxed as ordinary income, to the extent that this amount is more than the withholding exemption to which you are entitled.

It is important to point out, that if the young employee has more than one job, the limit of \$40,000 shall be applied on the aggregate wages. That is, on the total of all wages even if they come from more than one employer.

Since the exemption cannot be applied to an amount larger than \$40,000, you must notify the employer (or employers) of your election, for them not to consider the exemption as you have chosen to benefit from it with another employer. Also, you may choose not to benefit from this exemption and elect that your employer withholds tax on your wages.

PART A - PERSONAL EXEMPTION

Indicate with an "X" your option regarding the personal exemption that your employer will consider to determine the income tax to be withheld.

Line 1 – An individual taxpayer (single person, married that granted prenuptial agreement of total separation of assets or married not living with spouse) may claim or not the personal exemption. If you want to claim the complete personal exemption, mark the column titled "Complete". On the other hand, if you choose to claim no exemption at all, you may do so by marking the column titled "None". An individual taxpayer cannot choose to consider "Half" of his/her personal exemption.

Line 2 - Married couples are entitled to only one personal exemption, therefore, each spouse cannot claim the complete personal exemption. If you are a married person, and both spouses receive wages subject to withholding, both of you should agree on how to claim the personal exemption and shall mark the corresponding column. If the married couple determines that only one of them will consider the complete personal exemption, such spouse shall mark the column titled "Complete". In such case, the other spouse shall mark the column titled "None". If you agreed with your spouse to divide the personal exemption in half, indicate so by marking the column titled "Half". If you do not want to claim the personal exemption, mark the column titled "None".

If you are married and choose the **optional computation**, the personal exemption will be considered on a 50% basis for each spouse. Therefore, each spouse may choose to consider the complete personal exemption or no personal exemption at all regarding this 50%.

Line 3 – Every veteran is entitled to claim an additional personal exemption. The veteran may claim the complete additional personal exemption or may choose to claim no additional personal exemption at all.

PART B - EXEMPTION FOR DEPENDENTS

Indicate the number of dependents that will be considered for the withholding computation. It shall be the same as the number that you will claim as dependents on your income tax return. Indicate separately in the corresponding box, the children for which you are entitled to joint custody and have not released the claim to exemption. In these cases, only 50% of the exemption will be considered.

If you are an employee who elected the **optional computation**, your exemption for dependents will be 50% of the total amount provided by Section 1033.18(b) of the Code, since in such cases each spouse is entitled to claim only half of the exemption for dependents, as provided in Section 1021.03 of the Code.

The Code provides that every employer, who receives an exemption certificate from an employee in which the **number of dependents claimed exceeds 8**, shall submit a copy of such certificate to the Secretary of the Treasury, as well as a copy of any written statement received from the employee to support the information contained in the certificate.

PART C - ALLOWANCE BASED ON DEDUCTIONS

You are entitled to certain allowances based on deductions which your employer shall consider in the determination of the amount of income tax to be withheld.

Line 1 – You have the **option** to consider in the withholding computation, the deductions that you will be able to claim on your income tax return. Such deductions will reduce the

amount of tax that the employer will withhold on your wages. If you do not wish to consider these deductions in the computation, do not complete this line.

Enter on lines 1(a) through 1(j), the amount of these deductions that you estimate you will be entitled to claim on your return. Such deductions are subject to the limitations and requirements provided in Section 1033.15 of the Code.

If you are married and choose the **optional computation**, the number of allowances shall be determined by dividing the deductions among the spouses. In the case of home mortgage interests, charitable contributions, medical expenses, and loss on your principal residence or personal property as a result of certain casualties, include 50% of each deduction. In the case of contributions to governmental pension or retirement systems, Individual Retirement Accounts, Educational Contribution Accounts, Health Savings Accounts and interests paid on student loans at university level, include the amount that corresponds individually.

Line 1(e) – If you are a governmental employee, you shall consider the contributions made to your pension or retirement system. This amount will be 10% of your annual wage or the amount established by the system to which you contribute. Indicate with an "X" in the box at the end of this Part C, if you are a governmental employee who participates in a pension or retirement system. **If you work for an agency which payroll is processed by the Department of the Treasury, do not consider your contributions to the pension or retirement system on this line. This deduction will automatically be considered in the withholding computation.**

Line 2 – Divide the amount figured on line 1(k) by \$500. Any fraction obtained as a result of the preceding division exceeding 50%, shall be considered as an additional allowance.

Line 3 – Indicate the allowances that you wish to claim, from the amount determined on line 2. If you file as a married person living with spouse and **do not** choose the **optional computation**, you and your spouse shall be allowed to divide the total allowances as you wish, but based on complete allowances. However, any allowance considered by one spouse cannot be claimed by the other spouse.

PART D – ELECTION FOR ADDITIONAL WITHHOLDING

Any employee may elect for his/her employer to withhold an amount in addition to the one required by Section 1062.01(e) of the Code. Under no circumstances, this option will be allowed for an amount less than the tax determined according to the withholding tables approved by the Secretary based on the tax rates provided by the Code.

OATH

You declare under penalty of perjury, that you have examined this form, and that to the best of your knowledge, the information contained therein is true, correct and complete.

SIGNATURE

This form must be signed and dated by the employee.

PENALTIES

Any employee required to submit a withholding exemption certificate to his/her employer, who willfully provides false or fraudulent information, or who willfully fails to provide information which would require an increase in the tax to be withheld, shall be guilty of a misdemeanor as provided in Section 6041.08 of the Code.

In the case of employees who elect to consider the allowance for deductions provided in Section 1062.01(c)(2)(A)(ii) of the Code, in addition to the criminal penalty mentioned in the above paragraph, if 70% of the tax attributable to income derived from wages subject to withholding exceeds the tax withheld at source on said income, there shall be added to the tax the smaller of: (1) an amount equal to such excess, or (2) an amount equal to 18% of the amount for which such tax so determined exceeds the tax withheld.

INSTRUCTIONS TO THE EMPLOYER

The employer shall consider the information provided by the employee on this Exemption Certificate with respect to the personal exemption, exemption for dependents and allowance based on deductions in order to make the withholding according to the Employer's Guide on the Withholding of Income Tax at Source on Wages (Withholding Guide) for the corresponding taxable year.

If the employee elects the provisions of the MSRRS, no withholding of tax at source on wages shall be made for Puerto Rico purposes. Nevertheless, such wages may be subject to withholding of federal taxes according to the provisions of the Internal Revenue Service.

If the number of dependents exceeds 8, submit copy of this Certificate to the Fiscal Audit Bureau, as well as copy of any written statement received from the employee to support the information contained on the certificate.

Employee whose age fluctuates between 16 and 26 years: In order for the employee to benefit from the exemption on the first \$40,000 from wages, he/she must complete the information required in the heading and provide the date of birth. If the annual wage is equal or less than \$40,000, the employee will not complete the rest of the form although he/she should sign it. If the annual wage is for a greater amount, the excess of the first \$40,000 over the withholding exemption amount (Appendix 1 of the Withholding Guide) will be subject to withholding of tax, as it corresponds. For that, the employee must complete the rest of the form.

The employee may choose for his/her employer **NOT** to consider this exemption, either because he had chosen to benefit from it with another employer or because he/she wants his/her employer to withhold tax from his/her wages. In that case, in addition to selecting the corresponding box, he/she will complete Parts A through D, as applicable.

**State of Rhode Island Division of Taxation
Employee's Withholding Allowance Certificate**

Federal Form W-4 can no longer be used for Rhode Island withholding purposes. You must complete Form RI W-4 for your employer(s). Once you have completed Form RI W-4 for your employer, Form RI W-4 only needs to be completed if you are making changes to your withholding allowance or have a new employer. Form RI W-4 must be completed each year if you claim "EXEMPT" or "EXEMPT-MS" on line 3 below.

If you have more than one job or your spouse works, you should figure the total number of allowances you are entitled to claim. Your withholding usually will be more accurate if you claim all of your allowances on the Form RI W-4 for the highest-paying job and claim zero on all of your other RI W-4 forms. You may reduce the number of allowances or request that your employer withhold an additional amount from your pay, which may help avoid having too little tax withheld. Also, keep in mind that if your annual wages exceed \$274,650, your exemption amount will be phased out and be equal to zero.

Line 1: Figure your personal allowances (including allowances for dependents)

- A. No one else can claim me as a dependent. If yes, enter "1" on line 1A..... 1A. _____
- B. I can claim my spouse as a dependent. If yes, enter "1" on line 1B..... 1B. _____
- C. Enter the number of dependents (other than you or your spouse) you will claim on your tax return..... 1C. _____
- D. Enter any additional allowances (review carefully to avoid underwithholding) 1D. _____
- E. Add lines A, B, C and D and enter here. However, if line E is more than 10, enter 10.
This is the total number of personal allowances to which you are entitled. Enter on line 1 below..... 1E. _____

Line 2: Additional withholding amounts

If you want additional withholding taken out of your pay, enter that dollar amount which is to be withheld **each pay period** on line 2 below.

Line 3: Exempt Taxpayer

Exempt Status #1

If you meet both of the conditions below, you may claim exemption from Rhode Island withholding for 2024:

- a) Last year I had a right to a refund of all Rhode Island income tax withheld because I had **no** tax liability **AND**
- b) This year I expect a refund of all Rhode Island income tax because I expect to have **no** tax liability.

If you meet both of the above conditions, write "EXEMPT" on line 3 below.

Exempt Status #2

If you are the spouse of a servicemember stationed in Rhode Island, your wages may be exempt under the Military Spouses Residency Relief Act. If you meet both of the conditions below, you may claim exemption from Rhode Island withholding for 2024.

- a) You moved to Rhode Island solely to be with your servicemember spouse in compliance with military orders sending the servicemember to Rhode Island **AND**
- b) You have the same non-Rhode Island domicile as your servicemember spouse.

If you meet both of the above conditions, write "EXEMPT-MS" on line 3 below.

INSTRUCTIONS

Employee instructions

Complete the SC W-4 so your employer can withhold the correct South Carolina Income Tax from your pay. If you have too much tax withheld, you will receive a refund when you file your tax return. If you have too little tax withheld, you will owe tax when you file your tax return, and you might owe a penalty.

Determine the number of withholding allowances you should claim for withholding for 2023 and any additional amount of tax to have withheld. For regular wages, withholding must be based on allowances you claimed and may not be a flat amount or percentage of wages.

Consider completing a new SC W-4 each year and when your personal or financial situation changes. This keeps your withholding accurate and helps you avoid surprises when you file your South Carolina Individual Income Tax return.

For the latest information about South Carolina Withholding Tax and the SC W-4, visit dor.sc.gov/withholding.

Exemptions: You may claim exemption from South Carolina withholding for 2023 for one of the following reasons:

- For tax year 2022, you had a right to a refund of **all** South Carolina Income Tax withheld because you had **no** tax liability, **and** for tax year 2023 you expect a refund of **all** South Carolina Income Tax withheld because you expect to have **no** tax liability.
- Under the Servicemembers Civil Relief Act, you are claiming the same state of residence for tax purposes as your military servicemember spouse. You are only in South Carolina, or a bordering state, to be with your military spouse who is serving in the state in compliance with military orders. Provide your employer with a copy of your current military ID card and a copy of your spouse's latest Leave and Earnings Statement (LES). Your military ID card must have been issued within the last four years. The assignment location on the LES must be in South Carolina or a bordering state. Enter your spouse's state of domicile on the line provided.

If you are exempt, complete **only** line 1 through line 4 and line 7. Check the box for the reason you are claiming an exemption and write **Exempt** on line 7. Your exemption for 2023 expires February 15, 2024. If you are a military spouse and you no longer qualify for the exemption, you have 10 days to update your SC W-4 with your employer.

Filers with multiple jobs or working spouses: You will need to file an SC W-4 for each employer. If you have more than one job, or if you are married filing jointly and your spouse is also working, you may want to consider only claiming allowances on the SC W-4 for the highest earning job and/or adding additional withholding on line 6 to ensure you are having enough withheld.

Nonwage income: If you have a large amount of nonwage income not subject to withholding, such as interest or dividends, consider making Estimated Tax payments using the SC1040ES, Individual Declaration of Estimated Tax, or adding additional withholding from this job's wages on line 6. Otherwise, you may owe additional tax. Find the SC1040ES with instructions at dor.sc.gov/forms. The fastest, easiest way to make Estimated Tax payments is using our free, online tax portal, **MyDORWAY**, at dor.sc.gov/pay. Select **Individual Income Tax Payment** to get started. Do not mail a paper copy of the SC1040ES if you pay online. If you have not yet filed a South Carolina Individual Income Tax return, you must use the SC1040ES and cannot make Estimated Tax payments on MyDORWAY.

Employer instructions

Complete box 8 through box 10, as necessary. Employees do **not** complete this section.

- **New hire reporting:** You must report newly-hired employees within 20 days after the employee's first day of work. For more information, see SC Code Section 43-5-598 and 42 USC Section 653a or visit newhire.sc.gov.
- **Box 8:** Enter your name and address. If you are sending a copy of this form to the State Directory of New Hires, enter the address where child support agencies should send income withholding orders.
- **Box 9:** If you are sending a copy of this form to the State Directory of New Hires, enter the employee's first date of employment, which is the date services for payment were first performed by the employee. If you rehired the employee after they had been separated from your service for at least 60 days, enter the rehire date.
- **Box 10:** Enter your Employer Identification Number (EIN).

All employers reporting South Carolina wages or withholdings must submit the W-2s directly to the SCDOR. Submitting the W-2s to the Social Security Administration does not meet this requirement. The fastest, easiest way to submit W-2s is using our free, online tax portal, **MyDORWAY**, at MyDORWAY.dor.sc.gov. Sign in to your existing account or create an account to get started. Once you've logged in, select the **More** tab, then click **Upload W-2s**, listed under the **Other** section.

Personal Allowances Worksheet: Complete the worksheet on page 3 to determine the number of withholding allowances to claim.

- **Line C: Head of household** - Generally, you may claim the head of household filing status on your tax return only if you are unmarried and pay more than 50% of the costs of keeping up a home for yourself and a qualifying individual. For more information on filing status, refer to IRS Pub. 501, available at irs.gov.
- **Line E: Dependents** - The total number of dependents claimed on your South Carolina return must equal the number of dependents claimed on your federal return. This includes qualifying children and qualifying relatives. Enter the total number of eligible dependents.
- **Line F: Dependents under the age of 6** - Enter the number of dependents from line E who have **not** reached the age of six by December 31, 2023.

Enter the total from line G of this worksheet on line 5 of the SC W-4.

Deductions, Adjustments, and Additional Income Worksheet: Complete this **optional** worksheet if you plan to itemize or claim adjustments to income and want to reduce your withholding, or if you have a large amount of nonwage income not subject to withholding and want to increase your withholding.

- **Reduce withholding:** Complete this worksheet to determine if you are able to reduce the tax withheld from your paycheck to account for your itemized deductions and other adjustments to income, such as IRA contributions. If you reduce your withholding, your refund at the end of the year will be smaller, but your paycheck will be larger.
- **Increase withholding:** You can also use this worksheet to determine how much to increase the tax withheld from your paycheck if you have a large amount of nonwage income not subject to withholding, such as interest or dividends.

Enter the total from line 10 of this worksheet on line 5 of the SC W-4.

The Family Privacy Protection Act

Under the Family Privacy Protection Act, the collection of personal information from citizens by the SCDOR is limited to the information necessary for the SCDOR to fulfill its statutory duties. In most instances, once this information is collected by the SCDOR, it is protected by law from public disclosure. In those situations where public disclosure is not prohibited, the Family Privacy Protection Act prevents such information from being used by third parties for commercial solicitation purposes.

Social Security Privacy Act Disclosure

It is mandatory that you provide your Social Security Number on this tax form if you are an individual taxpayer. 42 U.S.C. 405(c)(2)(C)(i) permits a state to use an individual's Social Security Number as means of identification in administration of any tax. SC Regulation 117-201 mandates that any person required to make a return to the SCDOR must provide identifying numbers, as prescribed, for securing proper identification. Your Social Security Number is used for identification purposes.

EMPLOYEE: Give the original SC W-4 to your employer and keep a copy for your records.

NOTE: This form is only valid for ONE calendar year. In order to maintain the exemption, an employee must complete a new SC W-4 in the last quarter before the start of the new calendar year.

Purpose of SC W-4. A servicemember's nonresident spouse must complete SC W-4 each year in order to claim an exemption from South Carolina withholding tax under the Servicemembers Civil Relief Act (50 U.S.C. App. §§ 501-596), as amended by the Military Spouses Residency Relief Act (P.L. 111-97).

Expiration of SC W-4. SC W-4 must be completed before January 1 of each calendar year during which the employee's income remains exempt. The exemption expires on December 31 unless a new SC W-4 is completed.

Revocation of SC W-4. An employee's circumstances may change during the year so that the exemption no longer applies. Within 10 days of no longer qualifying for the exemption, an employee must revoke SC W-4 by notifying the employer in writing that the exemption no longer applies. Effective with the date that exemption no longer applies, the employer must withhold in accordance with the employee's federal Form W-4. An employee who fails to revoke SC W-4 in a timely manner may be liable for underpayment penalties.

Employer's Responsibilities.

An employer is not exempt from its withholding requirements unless the employee completes federal Form W-4 in addition to SC W-4. An employer must retain these items with the employee's personnel records:

- **Photocopy of servicemember's latest Leave and Earning Statement.** An employee claiming this exemption must provide an original of the servicemember's latest Leave and Earning Statement (LES). The LES assignment location must match the information provided on SC W-4.
- **Photocopy of Employee's Military ID Card.** An employee claiming this exemption must provide an original of the employee's current Military Identification Card, identifying the employee as a military spouse. Military Identification Cards are issued every four years. Therefore, a Military Identification Card that is more than four years old does not meet this requirement.
- **Employee's Completed SC W-4.** The employer must verify that SC W-4 as completed qualifies the employee for the exemption. An employer who believes that an employee is improperly claiming an exemption must contact the Department of Revenue immediately by writing to SC Department of Revenue, Income Office Audit, Columbia, SC 29214-0021 or by calling 803-898-5960.

See SC Revenue Ruling #10-5.

Social Security Privacy Act Disclosure

It is mandatory that you provide your social security number on this tax form. 42 U.S.C 405(c)(2)(C)(i) permits a state to use an individual's social security number as means of identification in administration of any tax. SC Regulation 117-201 mandates that any person required to make a return to the SC Department of Revenue shall provide identifying numbers, as prescribed, for securing proper identification. Your social security number is used for identification purposes.

The Family Privacy Protection Act

Under the Family Privacy Protection Act, the collection of personal information from citizens by the Department of Revenue is limited to the information necessary for the Department to fulfill its statutory duties. Exempt: If you had a right to a refund of all your Vermont income tax withheld last year because you had no tax liability and you also expect to have no liability this year, write "Exempt" here. _____

General Information

Form W-4VT is designed so that you can have as much "take-home pay" as possible without an income tax liability due to Vermont when you file your tax return. Each withholding allowance you claim on Line 5 above will reduce the amount of income you are taxed on and therefore the amount of Vermont income tax withheld each paycheck.

Here are some things to remember as you complete this form:

- Generally, dependents are children under 19 (or up to 24 if they are a full-time student) and any relatives who live with you and you support financially.
- If you and your spouse both claim your dependents on your respective W-4VTs, not enough income tax will be withheld, and you might end up with taxes due when you file. Only one spouse should claim the dependents.
- If you entered an additional amount to be withheld on the federal W-4, consider entering 30% of that amount on Line 6.
- If you have more than one employer, consider claiming zero allowances with the employer(s) where you earn less income.

EMPLOYER: Keep exemption certificates with your records. If you believe the employee has claimed too many exemptions, notify the Department of Taxation, P.O. Box 1115, Richmond, Virginia 23218-1115, telephone (804) 367-8037. Note: Employers may establish a system to electronically receive Forms VA-4 from employees, provided the system meets Internal Revenue Service requirements as specified in § 31.3402(f)(5)-1(c) of the Treasury Regulations (26 CFR).

FORM VA-4 INSTRUCTIONS

Use this form to notify your employer whether you are subject to Virginia income tax withholding and how many exemptions you are allowed to claim. You must file this form with your employer when your employment begins. If you do not file this form, your employer must withhold Virginia income tax as if you had no exemptions.

PERSONAL EXEMPTION WORKSHEET

You may not claim more personal exemptions on form VA-4 than you are allowed to claim on your income tax return unless you have received written permission to do so from the Department of Taxation.

Line 1. You may claim an exemption for yourself.

Line 2. You may claim an exemption for your spouse if he or she is not already claimed on his or her own certificate.

Line 3. Enter the number of dependents you are allowed to claim on your income tax return.

NOTE: A spouse is not a dependent.

Line 5. If you will be age 65 or over by January 1, you may claim one exemption on Line 5(a). If you claim an exemption for your spouse on Line 2, and your spouse will also be age 65 or over by January 1, you may claim an additional exemption on Line 5(b).

Line 6. If you are legally blind, you may claim an exemption on Line 6(a). If you claimed an exemption for your spouse on Line 2, and your spouse is legally blind, you may claim an exemption on Line 6(b).

FORM VA-4

Be sure to enter your social security number, name and address in the spaces provided.

Line 1. If you are subject to withholding, enter the number of exemptions from:

- (a) Subtotal of Personal Exemptions - line 4 of the Personal Exemption Worksheet
- (b) Subtotal of Exemptions for Age and Blindness - line 7 of the Personal Exemption Worksheet
- (c) Total Exemptions - line 8 of the Personal Exemption Worksheet

Line 2. If you wish to have additional tax withheld, and your employer has agreed to do so, enter the amount of additional tax on this line.

Line 3. If you are not subject to Virginia withholding, check the box on this line. You are not subject to withholding if you meet any one of the conditions listed below. Form VA-4 must be filed with your employer for each calendar year for which you claim exemption from Virginia withholding.

- (a) You had no liability for Virginia income tax last year and you do not expect to have any liability for this year.
- (b) You expect your Virginia adjusted gross income to be less than the amount shown below for your filing status:

	Taxable Years 2005, 2006 and 2007	Taxable Years 2008 and 2009	Taxable Years 2010 and 2011	Taxable Years 2012 and Beyond
Single	\$7,000	\$11,250	\$11,650	\$11,950
Married	\$14,000	\$22,500	\$23,300	\$23,900
Married, filing a separate return	\$7,000	\$11,250	\$11,650	\$11,950

- (c) You live in Kentucky or the District of Columbia and commute on a daily basis to your place of employment in Virginia.
- (d) You are a domiciliary or legal resident of Maryland, Pennsylvania or West Virginia whose only Virginia source income is from salaries and wages and such salaries and wages are subject to income taxation by your state of domicile.

Line 4. Under the Servicemember Civil Relief Act, as amended by the Military Spouses Residency Relief Act, you may be exempt from Virginia income tax on your wages if (i) your spouse is a member of the armed forces present in Virginia in compliance with military orders; (ii) you are present in Virginia solely to be with your spouse; and (iii) you maintain your domicile in another state. If you claim exemption under the SCRA check the box on Line 4 and attach a copy of your spousal military identification card to Form VA-4.

Complete this form and present it to your employer to avoid any delay in adjusting the amount of state income tax to be withheld from your wages.

If you do not complete this form, the amount of tax that is now being withheld from your pay may not be sufficient to cover the total amount of tax due the state when filing your personal income tax return after the close of the year. You may be subject to a penalty on tax owed the state.

Individuals are permitted a maximum of one exemption for themselves, plus an additional exemption for their spouse and any dependent other than their spouse that they expect to claim on their tax return.

If you are married and both you and your spouse work and you file a joint income tax return, or if you are working two or more jobs, the revised withholding tables should result in a more accurate amount of tax being withheld.

If you are Single, Head of Household, or Married and your spouse does not work, and you are receiving wages from only one job, and you wish to have your tax withheld at a lower rate, you must check the box on line 5.

When requesting withholding from pension and annuity payments you must present this completed form to the payor. Enter the amount you want withheld on line 6.

If you determine the amount of tax being withheld is insufficient, you may reduce the number of exemptions you are claiming or request additional taxes be withheld from each payroll period. Enter the additional amount you want to have withheld on line 6.

Employees who reside in Kentucky, Maryland, Ohio, Pennsylvania, Virginia or who are a Military Spouse exempt from income tax on wages, see page 2.

EMPLOYEE INSTRUCTIONS:

• WHO MUST COMPLETE:

Effective on or after January 1, 2020, every newly-hired employee is required to provide a completed Form WT-4 to each of their employers. Form WT-4 will be used by your employer to determine the amount of Wisconsin income tax to be withheld from your paychecks. If you have more than one employer, you should claim a smaller number or no exemptions on each Form WT-4 provided to employers other than your principal employer so that the total amount withheld will be closer to your actual income tax liability.

You must complete and provide your employer a new Form WT-4 within 10 days if the number of exemptions previously claimed DECREASES.

You may complete and provide to your employer a new Form WT-4 at any time if the number of your exemptions INCREASES.

Your employer may also require you to complete this form to report your hiring to the Department of Workforce Development.

• UNDER WITHHOLDING:

If sufficient tax is not withheld from your wages, you may incur additional interest charges under the tax laws. In general, 90% of the net tax shown on your income tax return should be withheld.

• OVER WITHHOLDING:

If you are using Form WT-4 to claim the maximum number of exemptions to which you are entitled and your withholding exceeds your expected income tax liability, you may use Form WT-4A to minimize the over withholding.

WT-4 Instructions – Provide your information in the employee section.

• LINE 1:

(a)-(c) Number of exemptions – Do not claim more than the correct number of exemptions. If you expect to owe more income tax for the year than will

be withheld if you claim every exemption to which you are entitled, you may increase your withholding by claiming a smaller number of exemptions on lines 1(a)-(c) or you may enter into an agreement with your employer to have additional amounts withheld (see instruction for line 2).

(c) Dependents – Those persons who qualify as your dependents for federal income tax purposes may also be claimed as dependents for Wisconsin purposes. The term "dependents" does not include you or your spouse. Indicate the number of dependents that you are claiming in the space provided.

• LINE 2:

Additional withholding – If you have claimed "zero" exemptions on line 1, but still expect to have a balance due on your tax return for the year, you may wish to request your employer to withhold an additional amount of tax for each pay period. If your employer agrees to this additional withholding, enter the additional amount you want deducted from each of your paychecks on line 2.

• LINE 3:

Exemption from withholding – You may claim exemption from withholding of Wisconsin income tax if you had no liability for income tax for last year, and you expect to incur no liability for income tax for this year. You may not claim exemption if your return shows tax liability before the allowance of any credit for income tax withheld. If you are exempt, your employer will not withhold Wisconsin income tax from your wages.

You must revoke this exemption (1) within 10 days from the time you expect to incur income tax liability for the year or (2) on or before December 1 if you expect to incur Wisconsin income tax liabilities for the next year. If you want to stop or are required to revoke this exemption, you must complete and provide a new Form WT-4 to your employer showing the number of withholding exemptions you are entitled to claim. This certificate for exemption from withholding will expire on April 30 of next year unless a new Form WT-4 is completed and provided to your employer before that date.

General Instructions

Who May Use Form A-4V

Arizona Form A-4V is for Arizona resident employees who are performing work outside of Arizona. Use this form to request that your employer withhold Arizona income taxes from your wages for work done outside of Arizona. This amount is applied to your Arizona income tax due when you file your return. Your employer is not required by statute to grant your request.

If your employer agrees to withhold Arizona income tax from your wages, Arizona withholding is a percentage of your gross taxable wages of every paycheck. You may also have your employer withhold an extra amount from each paycheck.

What are my "Gross Taxable Wages"?

For withholding purposes, "gross taxable wages" are the wages from each paycheck that will generally be in box 1 of your federal Form W-2. It is your gross wages less any pretax deductions, such as your share of health insurance premiums.

What Should I do With Form A-4V?

Complete this form to request that your employer withhold Arizona income tax from your wages and elect an Arizona withholding percentage and any additional amount to be withheld from each paycheck. Give your completed form to your employer.

Employer Certification

_____, the employer of an Arizona resident,
(NAME OF EMPLOYER – COMPANY OR INDIVIDUAL)

_____, whose compensation is for services performed outside of Arizona,
(EMPLOYEE'S NAME)

has agreed to withhold Arizona income taxes from the employee's compensation as authorized by A.R.S. § 43-408. As stated in A.R.S. § 43-408(B), the employer understands and agrees that the employer and the employee are subject to the provisions of Chapter 4 of Title 43 of the Arizona Revised Statutes, as if the employer were required to withhold Arizona income taxes from such compensation.

INSTRUCTIONS FOR THE TEXARKANA EXEMPTION CERTIFICATE

Any employee who qualifies for the exemption should check the appropriate box then sign and date the form.

The place of physical residency should be placed in the employee address field. A post office box or route number is not acceptable.

It is the responsibility of the employee to notify the employer within seven (7) days after any change to the exemption claimed.

The completed certificate should be maintained by the employer.

The employer does not have the authority to cease withholding Arkansas Income Tax unless the employee qualifies for, and checks, one the exemptions above.

Employees exempt from Arkansas Withholding, who would be required to file a return without the exemption, must still file an Arkansas Individual Income Tax return.

If you have any questions regarding the Texarkana exemption please contact the Withholding Tax Department at 501-682-7290.

Form CT-W4NA

Employee's Withholding Certificate Nonresident Apportionment

Effective January 1, 2024

Do not mail this form to the Department of Revenue Services (DRS). Give the certificate to your employer.

Your first name and middle initial	Last name	Your Social Security Number ____-____-____ : : : :
Home address (number and street), apartment number, PO Box		
City, town, or post office	State	ZIP code

Purpose: Complete Form CT-W4NA and give it to your employer if you are a nonresident who performs services partly within and partly outside of Connecticut for the same employer. Form CT-W4NA, in addition to **Form CT-W4, Employee's Withholding Certificate**, will assist your employer in withholding the correct amount of Connecticut income tax from your wages for services performed in Connecticut.

How Your Employer Will Calculate Your Withholding

If you are a nonresident, your employer is required to withhold Connecticut income tax on all wages paid to you unless:

1. You have filed Form CT-W4NA with your employer; **or**
2. Your employer maintains adequate current records to accurately determine the amount of wages paid to you for the services performed within Connecticut.

If you have completed Form CT-W4NA, your employer will withhold Connecticut income tax from your wages based on the percentage of your services you estimate you will perform in Connecticut during the calendar year. Your employer may determine the percentage of wages paid to you for services performed within Connecticut based on your Form CT-W4NA on file from the preceding calendar year. Your employer will make necessary adjustments during the calendar year if your employer knows or has reason to know that the percentage of services you estimated on Form CT-W4NA is no longer correct. In making the adjustments, your employer will determine the percentage of wages paid to you for the performance of services within Connecticut by using the same percentage your wages derived from or connected with Connecticut sources bears to your total wages.

Employee Apportionment Worksheet - Complete Lines 1 through 5 when the income from employment is earned both inside and outside Connecticut.		
1. Estimated total working days inside and outside of Connecticut at this job: Total days in the year less nonworking days (holidays, weekends, etc.)	1.	
2. Estimated number of days physically in Connecticut for employment-related activities: See instructions.	2.	
3. Estimated number of days in Connecticut attributed to ancillary activities: See instructions.	3.	
4. Estimated Connecticut working days: Subtract Line 3 from Line 2.	4.	
5. Estimated Connecticut percentage of services performed in Connecticut: Divide Line 4 by Line 1.	5.	%

Employee Declaration: I certify that I am not a resident of Connecticut and my residence is as stated above. I further certify that the percentage of my services performed in Connecticut during the calendar year is accurately estimated above. I will notify my employer within ten days of any change in the percentage of my services performed within Connecticut or of a change in my status from nonresident to resident of Connecticut. I declare under penalty of law that I have examined this certificate and, to the best of my knowledge and belief, it is true, complete, and correct. I understand the penalty for reporting false information is a fine of not more than \$5,000, imprisonment for not more than five years, or both.

Signature of employee	Date
-----------------------	------

Employer Declaration: I certify that I am an authorized representative of the employer and that I have direct knowledge of the duties and work locations of the employee submitting this form. To the best of my knowledge the information provided by the employee is a reasonable estimate of the proportion of time and duties this employee will perform within Connecticut.

Signature of authorized representative	Date
Employer name and address	Connecticut Tax Registration Number

Employer: You must withhold the applicable amount of Connecticut income tax from wages paid to employees who complete this certificate. You must make necessary adjustments during the calendar year if you know or have reason to know the percentage of services your nonresident employee estimated on Form CT-W4NA is no longer correct. In making those adjustments, you must determine the percentage of wages paid to the employee for the performance of services within Connecticut by using the same percentage the employee's wages

derived from or connected with Connecticut sources bears to the employee's total wages. If you maintain adequate current records to accurately determine the amount of the nonresident employee's wages paid to the employee for services performed within Connecticut, you may withhold Connecticut income tax from your employee's wages based on those records whether or not your employee files Form CT-W4NA. Keep this certificate with your records.

When to Complete Form CT-W4NA

You must complete Form CT-W4NA if any of the following is true for the calendar year:

- You are a nonresident who performs services partly within and partly outside of Connecticut for the same employer; **or**
- The percentage of services you perform within Connecticut has changed from the percentage you indicated on the most recent Form CT-W4NA on file with your employer; **or**
- Your residency status has changed from resident to nonresident.

General Instructions: Before you complete Form CT-W4NA, review the information you have provided on Form CT-W4 and make any necessary changes. If you have not completed Form CT-W4, you must complete and provide it to your employer before you complete Form CT-W4NA.

Complete the certificate, sign it, and return it to your employer.

Convenience of the Employer Test

Residents of states with a “convenience of the employer” test will be subject to similar rules for work performed for a Connecticut employer.

Employee Apportionment Worksheet

A nonresident or part-year resident who is employed in Connecticut during the nonresidency period is required to use the *Employee Apportionment Worksheet* on Page 1 to estimate the percentage of time spent performing services in Connecticut if the employer does not maintain adequate current records to accurately determine the amount of wages paid for services performed within the state.

The apportionment must be a reasonable estimate of your time spent performing services in Connecticut. If you discover later that the percentage originally reported to your employer is no longer accurate, you must complete and provide a new Form CT-W4NA to your employer.

Regardless of the estimated percentage computed on this worksheet, you must file **Form CT-1040NR/PY**, *Connecticut Nonresident and Part-Year Resident Income Tax Return*, for the taxable year and report your Connecticut-sourced wages based on the actual days worked in Connecticut and the actual income received. The percentage indicated on this form does not determine the amount of Connecticut income tax that may be due when filing your Form CT-1040NR/PY.

Line Instructions for Employee Apportionment Worksheet

Line 1: Enter the estimated total number of days you expect to work inside and outside of Connecticut during the calendar year. A work day does not include days on which you are not required to work, such as holidays, sick days, vacations, paid or unpaid leave, but does include days in which you perform activities that are ancillary to your primary work duties.

Line 2: Enter the number of days you expect to be physically present in Connecticut for any employment-related activities including duties that may be considered ancillary to your primary work duties. If you spend a working day partly inside and partly outside of Connecticut, treat the day as having been spent entirely inside Connecticut. Include the number of days you worked for a Connecticut employer from a remote location. See *Convenience of the Employer Test*, in the previous column.

Line 3: Enter the estimated number of days in Connecticut that you expect to perform activities that are ancillary to your primary work duties.

An activity performed in Connecticut may be considered ancillary if the activity is secondary to your primary work duties normally performed at a base of operations outside of Connecticut. Days on which you perform ancillary activities are not considered Connecticut working days in calculating the estimated percentage of services performed in Connecticut during the calendar year.

INSTRUCTIONS

PERSONAL CREDITS: On Lines A and B enter "1" for yourself & your spouse. You and your spouse are each entitled to an extra personal credit if age 60 or over. On Line C enter the number of dependents other than your spouse you will claim. On Line D enter the total of Lines A through C. The total number of personal credits on this form may not necessarily equal the number of exemptions entered on your federal W-4 form. The effects of itemized deductions and adjustments to income on your withholding are not reconciled by increasing your number of personal credits (exemptions) as is done on the federal W-4 form. These adjustments are made below in the "Income and Adjustments" and "Deductions" sections of this form.

INCOME AND ADJUSTMENTS

LINE 1. ESTIMATED WAGES: Enter an estimate of your total annual wage income in Column A, and your Delaware source wage income in Column B.

LINE 2. ESTIMATED NON-WAGE INCOME: Enter an estimate of your total annual non-wage income in Column A, and your Delaware source non-wage income in Column B. Non-wage income includes the following: business income, winnings from pari-mutuel wagering, income or gain derived from the ownership or disposition of real or tangible personal property, annuities, dividends and interest. All pension income should be included under total non-wage income on Line 2, Column A. **NO PENSION, ANNUITIES, DIVIDEND OR INTEREST INCOME SHOULD BE INCLUDED UNDER DELAWARE SOURCE NON-WAGE INCOME (Line 2, Column B).** Capital and operating losses should be taken into account when estimating non-wage income. If you are unsure about the amount of your non-wage income estimate, for the purposes of completing this form, you may wish to consult your prior year federal form 1040 to help form an approximation.

LINE 3. TOTAL INCOME: Add Lines 1 and 2 for both columns. Enter the results on Line 3 in each column. This is your estimated total income.

LINE 4a. FEDERAL ADJUSTMENTS TO INCOME: Enter an estimate of your current year's FEDERAL adjustments to income. These include alimony paid, IRA contributions, and payments to a Keogh. Federal adjustments are related to the income creating the allowance of the adjustment. In most cases, the optimum withholding for Delaware purposes will be achieved by entering all federal adjustments on Line 4a, Column A, and entering a zero on Line 4a, Column B.

LINE 4b. DELAWARE ADJUSTMENTS TO INCOME: Enter an estimate of your current year's DELAWARE adjustments to income. These adjustments include an exclusion for certain persons age 60 and over or disabled, the deduction of federally taxable Social Security, and deductions acquired through the State Travelink program. An estimate for your Delaware pension exclusion should be included in the amount entered on Line 4b, Column A. **DO NOT INCLUDE AN ESTIMATE OF YOUR DELAWARE PENSION OR RETIREMENT EXCLUSION IN THE AMOUNT YOU ENTER ON LINE 4b, COLUMN B. NOTE: Effective January 1, 2000 for taxpayers who are 60 years of age or older, the amount of allowable pension exclusion is \$12,500. See your most recent Delaware instructions for items included as adjustments.**

LINE 4c. TOTAL ADJUSTMENTS TO INCOME: Add Lines 4a and 4b. Enter the results on Line 4c.

LINE 5. ADJUSTED GROSS INCOME (AGI): Subtract the amounts on Line 4c from the amounts on Line 3. Enter the results on Line 5.

LINE 6. PRORATION DECIMAL: Divide the amount on Line 5, Column B (Delaware Source AGI) by the amount on Line 5, Column A (Total AGI). Round off to the fourth position. For example, if Delaware Source AGI is \$11,500 and Total AGI is \$20,000, the proration decimal would be 0.5795 ($11,500/20,000=0.5795$).

DEDUCTIONS

LINE 7. DEDUCTIONS: Please enter the higher of the available standard deductions or itemized deductions.

Standard Deduction: Filing Status 1 (Single) \$3,250; Filing Status 2 (Joint) \$6,500 Filing Status 3 (Married Filing Separate Forms) \$3,250. Taxpayers age 65 and over (and or/blind) are entitled to an additional standard deduction in the amount of \$2,500. Persons electing to itemize their deductions DO NOT qualify for an additional standard deduction.

Itemized Deductions: Enter an estimate of your current year's itemized deductions, i.e., home mortgage interest, real estate and other taxes (excluding State of Delaware income tax paid), charitable contributions, medical expenses in excess of 7.5% of AGI, and miscellaneous deductions (most miscellaneous deductions are now deductible only in excess of 2% of your income.) If computing this section using the married filing separate status, the following rule applies: Include **ONLY** the amount of itemized deductions that pertain to **YOUR** return.

WITHHOLDING CALCULATION

LINE 8. ESTIMATED TAXABLE INCOME: Subtract Line 7 from Line 5. Enter the result on Line 8.

LINE 9. GROSS TAX LIABILITY: Calculate tax liability based on the amount found on Line 8. Enter the result on Line 9. Refer to the tax table and example of the tax liability calculation on the front of this form.

LINE 10. PERSONAL CREDITS: Multiply the number on Line D by \$110. Enter the result on Line 10.

LINE 11. NET LIABILITY BEFORE PRORATION: Subtract Line 10 from Line 9. Enter the result on Line 11. Enter zero if Line 9 is greater than Line 10.

LINE 12. PRORATION DECIMAL: Enter the proration decimal from Line 6.

LINE 13. ESTIMATED DELAWARE SOURCE LIABILITY: Multiply Line 11 by Line 12 (Round to two positions.) Enter the result on Line 13.

LINE 14. NUMBER OF PAY PERIODS: Enter the number of pay periods per year for your Delaware source wage income. (i.e.: If you are paid weekly, enter 52. If you are paid every other week, enter 26. If you are paid bi-monthly, enter 24. If you are paid monthly, enter 12.)

LINE 15. WITHHOLDING PER PAY PERIOD: Divide amount on Line 13 by the number of pay periods on Line 14. This is the amount which will be withheld from your paycheck for the State of Delaware's Personal Income Tax.

PLEASE NOTE: You will be in violation of the estimated tax laws if, when filing your tax return, you have not paid to the Division of Revenue: (1) 90% of your current tax liability; or (2) 100% of your previous year tax liability or 110% if your AGI is over \$150,000 (\$75,000 if filing separately) for the current year. For underpayment of estimated tax, a penalty of 1.5% per month, or fraction of a month, is imposed on the amount of the underpayment, for the period the underpayment existed.

Additional information and Estimated tax forms are available from the Division of Revenue, 820 N. French Street, Wilmington, DE 19801 or by phoning (302) 577-8200.

Who must file a Form D-4A?

If you are not a resident of DC you must file a Form D-4A with your employer to establish that you are not subject to DC income tax withholding. You qualify as a nonresident if:

- Your permanent residence is outside DC during all of the tax year **and** you do not reside in DC for 183 days or more in the tax year.
- You are a service member's spouse.

Employees who are residents of DC should file a Form D-4, DC Withholding Allowance Certificate.

What if your resident status changes?

If you become a DC resident any time after you have filed a Form D-4A with your employer, you must file a Form D-4 promptly so that the proper amount of DC income tax can be withheld from your wages.

How do you file the Form D-4?

After completing this form, give it to your employer to keep on file.

- you are not an Illinois resident; **and**
- you are expecting to perform non-incidental services for more than 30 working days within Illinois on your employer's behalf during the calendar year.

A **working day** is spent within Illinois if:

- you perform service on behalf of the employer and a greater amount of time on that day is spent by the individual performing duties on behalf of the employer within Illinois, without regard to time spent traveling, than is spent performing duties on behalf of the employer outside of Illinois; or
- the only service you perform on behalf of your employer on that day is traveling to a destination within Illinois, and you arrive on that day.

In addition, by January 1, 2024, you must also complete and submit **2023 Form IL-W-6-WS, Worksheet to Report Days Worked in Illinois for Non-Residents** to your employer, to report the dates and addresses of locations worked in Illinois.

Step 2: Employee information (completed by employee)

Complete and submit this form to your employer prior to your first workday performing services in Illinois, or as soon as practicable after being requested.

By signing below, I certify that I am expecting to perform services on my employer's behalf for _____ working days in Illinois for the calendar year. I understand I must report the dates and address of locations worked in Illinois on Form IL-W-6-WS throughout the calendar year.

Iowa and Illinois have a reciprocal agreement for individual income tax purposes. A resident of Illinois working for wages or salary in Iowa should complete and file this form with their employer to withhold Illinois income tax. Any wages or salary made by an Illinois resident working in Iowa is taxable only to Illinois and not to Iowa.

Note: If you change your state of residence, you must notify your employer within 10 days.

Employer

You are required to have a copy of this form on file for each employee who is a resident of Illinois receiving wages or salary paid in Iowa and who claims exemption from withholding of Iowa income tax under the reciprocal agreement between Iowa and Illinois.

Declaration: I, the undersigned, declare under penalties of perjury or false certificate, that I have examined this document and, to the best of my knowledge and belief, it is true, correct, and complete.

I hereby certify that I am an employee residing at the address stated above. I estimate that the above percentage of my compensation from the employer with whom I file this certificate is for services subject to Kansas income tax withholding. I will notify my employer by filing another Form K-4C within ten (10) days of any substantial change in the proportion of services subject to Kansas withholding tax.

Employee: File this certificate with your employer. Do not send it to the Kansas Department of Revenue.		
Employer: Retain this certificate with your withholding tax records. An employer shall only accept a Kansas Employee Certificate for Allocation of Withholding Tax (K-4C) from an employee in good faith. As the employer, you may withhold on the basis of this certificate, but you must make any necessary adjustments during the year so that the proper amount is withheld from the employee. The percentage indicated on Form K-4C does not determine the amount of Kansas wages or other compensation to be reported on the Form W-2. Contact the Kansas Department of Revenue for questions about withholding tax or completing this form: Taxpayer Assistance, PO Box 3506, Topeka, Kansas 66625-3506 or call 785-368-8222. If you prefer you may fax your questions to 785-291-3614.		

INSTRUCTIONS

This form enables an employee to estimate the percentage of services performed in Kansas. This form must be filed with the employee's employer. Any substantial changes in the percentage of services performed in Kansas must be made within 10 days with the employer by completing a new form K-4C. This certificate should only be completed when the employee wishes to take on the responsibility of determining the amount of Kansas tax to be withheld. The percentage determined should approximate the employee's annual tax liability on a calendar year basis based on the services performed in Kansas.

The computation of this Kansas withholding percentage for an employee that performed services inside and outside of Kansas is calculated by first, determining the total service being performed in Kansas in hours for hourly employees, days for salary employees, or commission for commission employees. Then, the Kansas withholding percentage is obtained by dividing the total amount of service performed in Kansas by the total services performed.

Kansas Withholding Percent = $\frac{\text{Services performed in Kansas}}{\text{Total Services Performed}}$

This is the percentage that is subject to Kansas withholding and should be entered above in the box provided.

Form MWR Instructions

Instructions for Employees

Minnesota has income tax reciprocity agreements with Michigan and North Dakota. These agreements only cover personal service income such as wages, bonuses, tips, and commissions.

Every year, fill out this form and give it to each Minnesota employer if all of these apply:

- You are a resident of Michigan or North Dakota
- You return to your residence in that state at least once a month
- You do not want Minnesota income tax withheld from your wages

Give the completed form to your employer by the later of:

- February 28
- 30 days after you begin working or change your permanent state of residence

If you complete and submit Form MWR, you do not need to complete Form W-4MN, *Minnesota Employee Withholding/Exemption Certificate*, to claim exempt from Minnesota Withholding Tax.

Fill Out the Form Completely

If you do not complete every item on this form or do not give the form to your employer by the due date, your employer must withhold Minnesota income tax from your wages.

To Get a Refund of Tax Already Withheld for the Year

File Form M1, *Individual Income Tax*, with the Minnesota Department of Revenue. See the Form M1 instructions for details.

Penalties

If you make any statements on this form that you know are incorrect, we may assess a \$500 penalty.

Use of Information

All information on Form MWR is private by state law. It may only be given to your state of residence, the Internal Revenue Service (IRS), and to other state tax agencies as provided by law. The information may be compared with other information you gave to the Minnesota Department of Revenue.

Your name, address, and Social Security Number are required for identification. Your address is also required to verify your state of residence. Your employer's name, Federal Employer Identification Number, and address and phone number are required.

The only information not required is your phone number. We ask for it so we can contact you if we have questions.

Instructions for Employers

Employees must provide you a complete Form MWR if one of these applies:

- They reside in Michigan or North Dakota
- They requested that you do not withhold Minnesota income tax from their wages

Form MWR is due by February 28 each year, or within 30 days after they begin working for you or change their state of residence. Employees who live in other states, including Minnesota, cannot use this form.

If an employee does not complete every item of Form MWR or does not provide the form to you by the due date, you must withhold Minnesota income tax, using the same marital status and number of allowances claimed on the employee's Minnesota Form W-4MN (or federal Form W-4, if they did not complete Form W-4MN).

If the employee provides you with a properly completed Form MWR, the employee is not required to complete Form W-4MN to claim exemption from Minnesota income tax withholding.

Submit Completed Forms MWR to the Department

By March 31 of each year, send the completed Forms MWR to:

Minnesota Department of Revenue
Mail Station 6501
600 N. Robert St.
St. Paul, MN 55146-6501

You must keep a copy of all forms for five years from the date received.

For new employees or employees who change their state of residence, send the form within 30 days after the employee gives it to you.

You may be assessed a \$50 penalty for each form you do not send us when required.

Instructions

Nonresidents Performing Personal Services Substantially in Nebraska

Nonresidents performing personal services substantially in Nebraska must complete either the Form W-4NA or W-4NB. The payor should retain the applicable form in their records. For additional information see the Form W-4NB and [General Information Letter 21-18-1, Nonresident Income Tax Withholding for Personal Services](#).

Purpose. Form W-4NA is used by payors of nonresident individuals to compute Nebraska income tax withheld from payments for personal services performed substantially in Nebraska. Personal services include, but are not limited to: payments to nonresident entertainers; individual athletes; performers; consultants; public speakers; corporate board directors; or other professional services.

Who Must Withhold Income Tax. Any person paying a nonresident for services performed substantially in Nebraska may be required to withhold Nebraska income tax. A person must withhold Nebraska income tax if the payee is not an employee; the payment is not subject to federal income tax withholding; and the payor is either (1) maintaining an office or transacting business within Nebraska and making a payment or payments of more than \$600, or (2) making a payment or payments in excess of \$5,000.

Form W-4NA. Cooperation between the payor and payee is necessary to complete the [Nebraska Income Tax Withholding Certificate for Nonresident Individuals, Form W-4NA](#). Compute the amount of income tax to be withheld from payments using Form W-4NA. The income tax withholding is reported to the person performing the personal services and the Nebraska Department of Revenue (DOR) in the same manner as wages or other payments subject to income tax withholding. Use Federal Forms 1099-NEC or 1042-S and Forms [941N](#) and [W-3N](#).

Nonresident Individuals. Nonresident individuals can use Form W-4NA to report their business expenses and payments for performing personal services in Nebraska. If there are other payees receiving payments for services performed in Nebraska as nonresident individuals, each must complete a separate Form W-4NA.

A payor or withholding agent who pays a nonresident alien individual for providing personal services and who has withheld federal income tax on Federal Form 1042-S, Foreign Person's U.S. Source Income Subject to Withholding, must also withhold state income tax using Nebraska Form W-4NA.

A nonresident alien whose country has a tax treaty with the U.S. may not be subject to nonresident income tax withholding. The payor must obtain a written statement from the payee certifying the existence of a treaty exempting U.S. income earned by the alien from federal or state income tax.

Payments to a corporation are subject to the income tax withholding requirements if 80% or more of the voting stock of the corporation is held by the shareholders who are performing the personal services. **Payments to a partnership or LLC** are subject to the income tax withholding requirements if 80% or more of the capital interest or profits interest of the partnership or LLC is held by the partners or members who are performing the personal services. All payments and withholding are deemed to be made to the individuals performing the personal services. The Form 1099-NEC should be issued only to an individual, not an entity. See line 11 instructions.

The completed Form W-4NA is a part of the payor's records and must be kept with other income tax withholding records. Federal Forms 1099-NEC or 1042-S will be issued by the payor based on the information on the completed Form W-4NA. The Forms 1099-NEC, or 1042-S state copies, will be included with the Nebraska Reconciliation of Income Tax Withheld, Form W-3N, filed with DOR.

Penalties. A penalty may be imposed, in addition to other penalties provided by law, on a nonresident individual for giving false information to a payor regarding payments subject to income tax withholding, if the information could result in the amount of income tax withheld totaling less than 75% of the income tax liability on these payments. A penalty may also be imposed on any payor who either knowingly uses false information or who maintains records which show the information is false.

The penalties will equal: (a) the amount of tax evaded, not collected, or not accounted for and paid over; and (b) an additional amount up to \$1,000.

Taxpayer Assistance. Questions may be directed to the Nebraska Department of Revenue, PO Box 98915, Lincoln, Nebraska 68509-8915. Call 800-742-7474 (NE & IA), or 402-471-5729.

Payor Instructions

Name and Location Address. The payor must complete the payee's name, address, and Social Security number or federal employer ID number of the nonresident individual, corporation, partnership, or LLC.

Line 2. Enter the total amount of the payment for personal services performed substantially in Nebraska. Include any amounts paid to the service provider as reimbursement for expenses. See [GIL 21-18-1 Nonresident Income Tax Withholding for Personal Services](#).

Line 9. If line 8 is less than \$28,000, compute the amount of income tax to be withheld. Otherwise, enter zero (-0-) and compute the amount of income tax to be withheld using line 10 instructions.

Payee Instructions

Line 3. Ordinary and necessary business expenses reasonably related to Nebraska income. Expenses listed on this schedule are amounts paid for travel, lodging, meals, and other ordinary and necessary expenses incurred while earning income in Nebraska.

Line 4. Payments made to others for performances, or appearances and other fees reasonably related to Nebraska income. Payments listed are amounts such as a percentage paid to agents or payments made to others assisting in the performance. This does **not** include payments to partners, shareholders, or members.

Note: If persons providing personal services also hire others to assist them, they may have an income tax withholding responsibility on the payments made to such persons. If the persons are hired as employees, then Nebraska's regular income tax withholding rules apply. If the persons are not employees and are nonresidents of Nebraska, then the person paying them must follow the guidelines in Form W-4NA. Contact the Department to receive an Income Tax Withholding Certificate to withhold Nebraska income tax.

Line 11. If the payment was payable to a nonresident partnership, corporation, or LLC, the Nebraska income tax withheld, computed on line 9 or line 10, must be distributed to the appropriate nonresident partners, shareholders, or members.

The payee must use line 11 to distribute the income tax withheld to the appropriate nonresident partners, shareholders, or members. Federal Forms 1099-NEC or 1042-S will be issued by the payor to each partner, shareholder, or member and must be attached to payee's individual income tax return to receive proper credit.

Signatures. The nonresident individual, partner, corporate officer, or member must sign this certificate, and include his or her phone number. If the payee authorizes another person to sign, there must be a power of attorney on file with the Department or attached to this certificate. Any person paid to prepare Form W-4NA must also sign the certificate.

Email. By entering an email address, the taxpayer acknowledges that DOR may contact the taxpayer by email. The taxpayer accepts any risk to confidentiality associated with this method of communication. DOR will send all confidential information by secure email or the State of Nebraska's file share system. If you do not wish to be contacted by email, write "Opt Out" on the line labeled "email address."

Contract Description	

I declare that Nebraska Income Tax Withholding does not apply to payments for personal services made pursuant to the contract or agreement referenced above because one or more of the following conditions apply:

- No essential services or activities are required to be performed in Nebraska **AND** the services or activities required to complete the project will be performed predominantly in a state other than Nebraska.
- Payment will be made to an entity, but the personal services are **not** performed by shareholders, partners, or members who are individuals representing at least 80% of the stock or other controlling interest of the entity.

Note: The entity receiving payment must withhold Nebraska income taxes on wages earned in Nebraska by the employees who actually perform the personal services in Nebraska.

- Payment will be made to a nonresident construction contractor or custom harvester furnishing capital that is a material income-producing factor. Capital is considered a material income-producing factor when the value of the capital furnished, or the value of the use of the capital, is more than 50% of the amount of the payment to the nonresident.
- The payee is a construction contractor and payment is being made to its subcontractor who is registered in the Nebraska Contractor Database. If the subcontractor is not registered in the Database, all payments are subject to income tax withholding at a rate of 5% per Neb. Rev. Stat. § 77-2753(3).
- Payment will be made to a nonresident alien whose country has a tax treaty with the U.S. A written statement must be attached to this form from the nonresident alien certifying the existence of a treaty which exempts U.S. income earned by the nonresident alien from federal or state income tax.
- Payment is made to a booking agent. Typically, when this occurs, the booking agent that actually books the persons performing the personal services must withhold under Neb. Rev. Stat. § 77-2753. See the information guide Income Tax Withholding For Nonresident Individuals Performing Personal Services in Nebraska.

This form is not valid unless signed by the payor and payee or their authorized agent.

I, the Payee (or authorized agent, if applicable) declare under penalties of law that I have examined this form, and to the best of my knowledge and belief, it is true, correct, and complete. This declaration is based on all information of which I have any knowledge. The payor's (or authorized agent, if applicable) signature on this document indicates acceptance in good faith. If the information above is not correct and payor accepted this document in good faith, all assessments by the Department will be made against the payee unless the terms or circumstances of the engagement materially change.

Instructions

Resident and nonresident defined

To determine whether or not you are a resident of New York State, New York City, or Yonkers, you must consider your domicile and permanent place of abode. In general, your *domicile* is the place you intend to have as your permanent home. In general, a *permanent place of abode* is a residence (a building or structure where a person can live) that you permanently maintain, whether you own it or not, that is suitable for year-round use. A *permanent place of abode* usually includes a residence your spouse owns or leases. For additional information, visit our website.

Resident

New York State resident – You are a New York State resident if:

1. You maintain a permanent place of abode in New York State for substantially all of the taxable year and spend 184 days or more (a part of a day is a day for this purpose) in New York State during the taxable year, whether or not domiciled in New York State.

However, if you are a member of the armed forces, and your domicile is not New York State, you are not a resident under this definition. If you are a military spouse, you may not be a resident under this definition. For more information, see TSB-M-10(1), *Military Spouses Residency Relief Act*, and TSB-M-19(3), *Veterans Benefits and Transition Act of 2018*;
or

2. Your domicile is New York State. However, even if your domicile is New York State, you are not a resident if you meet **all three** of the conditions in either Group A or Group B as follows:

Group A

1. You did not maintain any permanent place of abode in New York State during the tax year, **and**
2. you maintained a permanent place of abode outside New York State during the entire tax year, **and**
3. you spent **30 days or less** (a part of a day is a day for this purpose) in New York State during the tax year.

Group B

1. You were in a foreign country for at least 450 days (a part of a day is a day for this purpose) during any period of 548 consecutive days, **and**
2. you, your spouse (unless legally separated), and minor children spent **90 days or less** (a part of a day is a day for this purpose) in New York State during this 548-day period; **and**
3. during the nonresident portion of the tax year in which the 548-day period begins, and during the nonresident portion of the tax year in which the 548-day period ends, you were present in New York State for no more than the number of days which bears the same ratio to 90 as the number of days in such portion of the tax year bears to 548. The following formula illustrates this condition:

$$\frac{\text{number of days in the nonresident portion}}{548} \times 90 = \text{maximum number of days allowed in New York State}$$

To determine if you are a New York City or Yonkers resident, substitute *New York City* or *Yonkers*, whichever is applicable, for *New York State* in the above definition.

Nonresident and part-year resident

You are a *nonresident* if you do not meet the above definition of a resident. You are a *part-year resident* if you meet the definition of resident or nonresident for only part of the year.

Percent of services

The percent of services performed in New York State or Yonkers may be computed using days, miles, time, or similar criteria. For example, an individual working in New York State two out of five days for the entire year performs 40% of his or her services in New York State.

Privacy notification

New York State Law requires all government agencies that maintain a system of records to provide notification of the legal authority for any request for personal information, the principal purpose(s) for which the information is to be collected, and where it will be maintained. NC-4 NRA Nonresident Alien Employee's Withholding Allowance Certificate

PURPOSE - If you are a nonresident alien, you must complete Form NC-4 NRA so that your employer can withhold the correct amount of State income tax from your pay. In general, a nonresident alien is an alien (not a U.S. citizen) who has not passed the green card test or the substantial presence test. (See Publication 519, U.S. Tax Guide for Aliens, for more information on the green card test and the substantial presence test.) Regardless of your actual filing status, the State income tax to be withheld will be determined as if your filing status is "Single" along with the number of allowances you claim on this form. If you do not provide a new Form NC-4 NRA to your employer before the first day of the first payroll period that ends on or after January 1, your employer is required to withhold as "Single" with zero allowances.

GENERAL INSTRUCTIONS - Complete the **NC-4 NRA Allowance Worksheet** on page 2. The worksheet will help you determine the number of withholding allowances you are entitled to claim based on federal and State adjustments to gross income, including the N.C. Child Deduction Amount, N.C. itemized deduction for charitable contributions, and N.C. tax credits. However, you may claim fewer allowances than you are entitled to if you wish to increase the tax withheld during the tax year. If your withholding allowances decrease, you must file a new NC-4 NRA with your employer within 10 days after the change occurs.

Generally, a nonresident alien is not eligible for the standard deduction. Line 2 of this form requires the nonresident alien employee to enter an additional amount of income tax to be withheld for each pay period to account for the inclusion of the standard deduction in the wage bracket tables, percentage, and annualized methods of computing income tax withheld. The additional tax to withhold per pay period is identified in a chart on page 2 of Form NC-4 NRA and represents the income tax on the standard deduction for the single filing status (\$10,750) divided by

the number of payroll periods during the year. For example, an employee paid monthly is required to enter \$48 ($\$10,750 \times 5.35\% \div 12$). The additional withholding properly addresses the tax impact of the ineligibility for the standard deduction for most nonresident alien employees. However, the additional withholding results in overwithholding on nonresident alien employees who are either students or business apprentices from India. These individuals should report \$0 on Line 2.

WAGES EXEMPT FROM WITHHOLDING - Wages that are exempt from U.S. income tax under an income tax treaty are generally exempt from withholding. Residents of Canada and Mexico who enter or leave the United States at frequent intervals are not subject to withholding on their wages if these persons either (1) perform duties in transportation service between the United States and Canada or Mexico, or (2) perform duties connected to the construction, maintenance, or operation of a water-way, viaduct, dam, or bridge crossed by, or crossing, the boundary between the United States and Canada or the boundary between the United States and Mexico. Nonresident aliens who are bona fide residents of the U.S. Virgin Islands are not subject to withholding of tax on income earned while temporarily employed in the United States.

TWO JOBS - If you have more than one job, determine the total number of allowances you are entitled to claim on all jobs using one Form NC-4 NRA. Your withholding will usually be most accurate when all allowances are claimed on the NC-4 NRA filed for the higher paying job and zero allowances are claimed for the other.

NONWAGE INCOME - If you have a large amount of nonwage income, such as interest or dividends, you should consider making estimated tax payments using Form NC-40. Form NC-40 is available on the Department's website at: www.ncdor.gov.

CAUTION: All NC-4 NRA forms are subject to review by the North Carolina Department of Revenue. Your employer may be required to send this form to the Department. If you furnish an employer with a Nonresident Alien Employee's Withholding Allowance Certificate that contains information which has no reasonable basis and results in a lesser amount of tax being withheld than would have been withheld had you furnished reasonable information, you are subject to a penalty of 50% of the amount not properly withheld.

Cut here and give this certificate to your employer. Keep the top portion for your records.

Instructions for employee

North Dakota has income tax reciprocity agreements with Minnesota and Montana. If you are a resident of one of these states, the agreements provide that you do not have to pay North Dakota income tax on wages you earn for work in North Dakota. If you are a resident of Minnesota, this applies only if you return to your permanent residence in Minnesota at least once a month.

Note: The wages you earn for work in North Dakota are subject to income tax in your state of residence.

If you do not want North Dakota income tax withheld from your wages, you must complete this form and give it to your employer by February 28 of the calendar year for which you want it to apply, or within 30 days after you begin working or change your permanent residence. You must complete a new form and give it to your employer each year to continue the exemption from withholding.

If you do not complete this form and give it to your employer as explained above, your employer must withhold North Dakota income tax from your wages.

If North Dakota income tax was already withheld from your wages, you must complete and file a North Dakota income tax return at the end of the year to obtain a refund.

Fill out the form completely

If you do not fill in every item on this form, your employer must withhold North Dakota income tax from your wages. Sign and date the form. Your phone number is not required, but we ask for it so we can contact you if we have questions.

Your employer will be able to provide you with the correct federal ID number if you do not have this information.

Make a copy of this form for your records and give the original to your employer.

Use of information

All information on this form is confidential by state law. It may only be given to your state of residence, the Internal Revenue Service, other states that guarantee the same confidentiality, and to other state agencies as provided by law. The information may be compared with other information you furnished to the Office of State Tax Commissioner.

Your name, address and social security number are required for identification. Your address is also required to verify your state of residence. Your employer's name, address, federal ID number and telephone number are required in case we have to contact your employer regarding withholding income tax from your wages. If you do not complete any of this information, your employer is required to withhold North Dakota income tax from your wages.

Instructions for employer

Employees who reside in Minnesota or Montana who ask you not to withhold North Dakota income tax from their wages must complete this form and give it to you by February 28 or within 30 days after they begin working for you or change their residence. Employees who live in other states, including North Dakota, cannot use this form.

For forms received by February 28, mail the original on or before March 31 to: Office of State Tax Commissioner
600 E. Boulevard Ave., Dept. 127
Bismarck, ND 58505-0599

For new employees or employees who change their permanent home address, mail the original to the above address within 30 days of receipt.

Please verify your federal ID number is correct. Make a copy of the completed form for your records.

If an employee does not fill in every item on this form and the employee does not correct the omission, you must withhold North Dakota income tax from the employee's wages.

An employee must complete this form and give it to you each year to continue the exemption from withholding.

Instructions for REV-419

Employee's Nonwithholding Application Certificate

WHAT'S NEW

The form has been redesigned to meet the branding, formatting and instructions standards used for all department forms. The instructions and form have also been updated as a result of recent amendments to the federal Servicemembers Civil Relief Act.

GENERAL INFORMATION

PURPOSE OF FORM

Complete Form REV-419 so that your employer can withhold the correct Pennsylvania personal income tax from your pay. Complete a new Form REV-419 every year or when your personal or financial situation changes. Photocopies of this form are acceptable.

 **NOTE:** Unless the state of residence changes, residents of the reciprocal states listed in the next paragraph do not need to refile this application every year.

GENERAL INSTRUCTIONS

WHO IS ELIGIBLE FOR NONWITHHOLDING?

You may be entitled to nonwithholding of PA personal income tax if you incurred no liability for income tax the preceding tax year and/or you anticipate that you will incur no liability for income tax during the current tax year, according to the Special Tax Provisions of section 304 of the Tax Reform Code, as a resident of the reciprocal state of Indiana, Maryland, New Jersey, Ohio, Virginia or West Virginia and your employer agrees to withhold the income tax from that state or as the spouse of an active duty service member under the Servicemembers Civil Relief Act (SCRA), as amended.

WHEN TO CLAIM?

File this certificate with your employer as soon as you determine you are entitled to claim nonwithholding. You must file a certificate each year you are eligible (see Note above for an exception). If you are employed by more than one employer you must file a separate REV-419 with each employer.

RESPONSIBILITIES OF EMPLOYEES

You must revoke this certification within 10 days from the day you anticipate you will incur PA personal income tax liability for the current tax year. To discontinue or revoke this certification, submit notification in writing to your employer. Claimants who qualify for complete Tax Forgiveness under section 304 of the Tax Reform Code must file a PA-40,

Pennsylvania Personal Income Tax Return, and Schedule SP to claim Tax Forgiveness even if they are eligible for non-withholding.

Under the SCRA, as amended, you may be exempt from PA personal income tax on your wages if (i) your spouse is a member of the armed forces present in PA in compliance with military orders; (ii) you are present in PA solely to be with your spouse; and (iii) you and your spouse both maintain domicile (state residency) in another state. If you claim exemption under the SCRA, enter your state of domicile (legal residence) on Line d below and attach a copy of your spousal military identification card and your spouse's current military orders to form REV-419. See **Personal Income Tax Bulletin 2010-01** for additional information.

RESPONSIBILITIES OF EMPLOYER

If you agree not to withhold PA tax because your employee is a resident of a reciprocal state, you must withhold the other state's tax.

Retain Form REV-419 with your records. You are required to submit a copy of this certificate and accompanying attachments to the **PA DEPARTMENT OF REVENUE, BUREAU OF INDIVIDUAL TAXES, PO BOX 280507, HARRISBURG, PA 17128-0507**, when:

1. You have reason to believe this certificate is incorrect;
2. The PA taxable gross compensation of any employee who claimed exemption from nonwithholding on the form under Section II, Line a, exceeds \$1,625 for any quarter;
3. The employee claims an exemption from withholding on the basis of residence in a reciprocal state (Indiana, Maryland, New Jersey, Ohio, Virginia or West Virginia) and therefore, you agree to withhold income tax of the employee's state of residence; or
4. The employee claims an exemption from withholding under the SCRA, as amended.

DEPARTMENT'S RESPONSIBILITY

Upon receipt of any exemption application, the department will make a determination and notify the employer if a change is required. If the department disapproves the application, the employer must immediately commence withholding at the regular rate. Once a certificate is revoked by the department, the employer must send any new application received from the employee to the department for approval before implementing the nonwithholding.

If you are a resident of Kentucky, Maryland, Ohio, Pennsylvania or Virginia and your only source of income from West Virginia is wages or salaries, you are exempt from West Virginia Personal Income Tax Withholding. Upon receipt of this form, properly completed, your employer is authorized to discontinue the withholding of West Virginia Income Tax from your wages or salaries earned in West Virginia.

If you are a military spouse and (a) your spouse is a member of the armed forces present in West Virginia in compliance with military orders; (b) you are present in West Virginia solely to be with your spouse; and (c) you maintain your domicile in another State and you are claiming exemption under the Servicemember Civil Relief Act, enter your state of domicile (legal residence) on the following statement and attach a copy of your spousal military identification card.

NOTE: THIS DECLARATION MAY ONLY BE USED BY A NONRESIDENT WORKING IN WISCONSIN WHO IS A LEGAL RESIDENT OF ILLINOIS, INDIANA, KENTUCKY, OR MICHIGAN.

Reciprocal agreements Wisconsin has with Illinois, Indiana, Kentucky, and Michigan exempt legal residents of those states from Wisconsin income taxes on compensation (e.g., wages, fees, commissions) earned for personal services performed in Wisconsin.

A nonresident employee qualifying for this exemption must complete and file this declaration with their employer as authorization for the employer to stop the withholding of Wisconsin income taxes. If the employer has withheld Wisconsin income taxes while the employee qualifies for the exemption, the employee must file a Wisconsin income tax return (Form 1NPR), during the regular filing season, requesting a refund of those income taxes.

Applicable Laws and Rules

This document provides statements or interpretations of the following laws and regulations in effect as of November 22, 2019: Military Spouses Residency Relief Act, Public Law 111-97.

Employees

A spouse of a servicemember may be exempt from Wisconsin income tax on wages performed in Wisconsin if (1) the servicemember is present in Wisconsin in compliance with military orders, (2) the spouse is in Wisconsin solely to be with the servicemember, and (3) the spouse maintains a domicile (legal residence) in another state.

If you meet these requirements, you may claim an exemption from Wisconsin withholding of income tax on wages earned in Wisconsin. Complete, sign, and date this form to claim an exemption from withholding. Give the completed form to your employer.

Check the above box if you no longer qualify for the exemption. For example, you would check the box if you changed your legal residence to Wisconsin or separated from your spouse. You may be required to complete a Wisconsin Form WT-4, *Employees Wisconsin Withholding Exemption Certificate*, and submit it to your employer so that the correct amount of Wisconsin income tax can be withheld from your wages.

Note If at any time you change your legal residence to Wisconsin, it is your responsibility to contact your employer to begin withholding Wisconsin income tax.

If your employer has withheld Wisconsin income tax while you qualify for the exemption, you must file a Wisconsin income tax return (Form 1NPR), during the regular filing season, requesting a refund of the withheld taxes.

If you have questions, contact the Department of Revenue at (608) 266-2486 or by e-mail at: dorincome@wisconsin.gov .

The 403B Deferred Compensation for Non-Profit Organization Employees is a pre-tax deduction that creates a retirement savings program for employees of tax-exempt organizations, such as public schools, colleges and universities, religious groups, and public charities.

408K Salary Reduction Simplified Employee Pension

The 408K Salary Reduction Simplified Employee Pension (SARSEP) is a SEP that includes a salary reduction arrangement. Employees can elect to make pre-tax deductions to their IRAs through salary reductions each year. Employers may also make contributions to these plans. Salary reduction arrangements are not available for a SEP if there are more than 25 eligible employees in the previous year. In addition, state and local governments and tax-exempt organizations cannot sponsor a SARSEP.

The Small Business Job Protection Act of 1996 (SBJPA) prospectively repealed SARSEPs. No new SARSEPs can be established after December 31, 1996. However, employers that established SARSEPs prior to January 1, 1997 can continue to maintain them, and new employees of the employer hired after December 31, 1996 can participate in the existing SARSEP. The introduction of SIMPLE IRA plans under IRC Section 408(p) was intended to fill the need for retirement plans like SARSEPs.

408P SIMPLE Plan

The 408P Savings Incentive Match Plan for Employees of Small Employers (SIMPLE Plan) is either an IRA, or a part of a 401K cash or some other deferred arrangement that allows employees to defer wages into the plan.

409A Nonqualified Deferred Compensation

Section 409A applies to compensation that workers earn in one year, but that is paid in a future year. This is referred to as nonqualified deferred compensation. This is different from deferred compensation in the form of elective deferrals to qualified plans (such as a 401(k) plan, a 403(b) plan, or 457(b) plan).

457 Deferred Compensation Plan

The 457 Deferred Compensation for State and Local Government Employees is a pre-tax deduction that allows employees to defer the receipt of wages that would otherwise be considered current income. These wages are paid by the employer in a scheduled amount and time frame agreed upon with the employee.

Alternate Annualized Method

The Alternate Annualized Method for calculating withholding taxes multiplies the wages in the current pay period by the number of pay periods in a year to approximate total annual wages. Tax is calculated on the total annual wages (allowances and standard deductions are not taken into consideration). This amount is divided by the number of pay periods in a year to determine the tax for the current pay period.

Alternate Flat Rate

The Alternate Flat Rate method is for calculating bonuses or stock options at a higher rate.

Annualized Exclusion	The Annualized Exclusion is the amount of annual income which taxpayers at certain income levels may exclude from taxable income for New York state income tax.
Annualized Method	The Annualized method for calculating withholding taxes multiplies the wages in the current pay period by the number of pay periods in a year to approximate total annual wages. Tax is calculated on the total annual wages minus any allowances and standard deductions. This amount is divided by the number of pay periods in a year to determine the tax for the current pay period.
Annualized Previous Aggregation Method	The Annualized Previous Aggregation method combines the annualized Regular Pay amount from the previous pay period and the Supplemental Pay. Tax is calculated on this total amount. The state tax for Regular Pay in the previous pay period is subtracted from the total taxes for the year to determine the tax for the current pay period.
Certificate of Nonresidency	A Certificate of Nonresidency is a document filed by an employee covered by a reciprocal agreement certifying his or her eligibility for exemption from withholding in the state in which he or she performs services. Taxes are withheld in the state of the employee's residence.
Clergy Housing Allowance	<p>The clergy housing allowance is a portion of a pastor's income designated specifically by a church or denominational authority to cover his or her housing expenses. These expenses include, but are not limited to the following:</p> <ul style="list-style-type: none">• Down payment on a home• Mortgage payments• Real estate taxes• Property insurance• Utilities• Furnishings and appliances (including repairs)• Structural repairs• Yard maintenance• Snow removal• Trash pickup <p>To be eligible, the pastor must be a "minister of the gospel" and be ordained, licensed, or commissioned by a church, convention, or association of churches. The minister's employing organization must officially designate the allowance as a housing allowance before paying it to the minister.</p>
Concurrent Aggregation	The Concurrent Aggregation method combines the Regular Pay with the Supplemental Pay into a total amount. Taxes are calculated on this total amount.
Credit for Tax Paid Elsewhere	Credit for Tax Paid Elsewhere is a credit to be deducted from the total tax amount due given by one tax jurisdiction to a filer for taxes the filer was required to pay in another jurisdiction.
Cumulative Aggregation Method	The Cumulative Aggregation method combines the current gross and Year-to-Date gross amounts to determine the annual gross. Tax is calculated on the difference between the tax due for the entire year and the Year-to-Date tax paid.

Cumulative Method	The Cumulative method for calculating federal withholding taxes is used when wage amounts fluctuate over a range of pay periods. This method divides the sum of the current plus Year-to-Date wages by the number of pay periods to date to compute an average wage for a given pay period. The tax is computed on the average wage as if this amount were paid to each employee each pay period. The taxes paid on the Year-to-Date are subtracted from the sum of the current plus Year-to-Date to determine the tax amount for the current pay period.
Deceased Worker Pay	The final paycheck for an employee who has passed within the same year. May include accrued but unused vacation, sick time, Paid Time Off (PTO), and other leave in accordance with state law. Final wages paid within the same calendar year that the employee has died are not subject to Federal Income Tax (FITW), but are subject to FICA and FUTA.
Deduction Allowance	The Deduction Allowance is a standard amount to be deducted from the taxable income of all taxpayers for New York state income tax.
Dislocated Worker Tax	Dislocated Worker Tax is included in the state unemployment tax paid by employers in Minnesota.
Emergency Paid Sick Leave	Leave paid under the Emergency Paid Sick Leave Act as part of the Families First Coronavirus Response Act (FFCRA). Eligible employees receive 100 percent employee's pay up to 80 hours over a two-week period. This is effective April 1, 2020, through December 31, 2020.
Employee	An employee is a person who performs services for another person or entity in return for compensation.
Employer	An employer is someone who hires and pays wages, thereby providing a livelihood to the individuals who perform work.
Exemption Allowance	The Exemption Allowance is the amount of annual income per dependent that can be deducted from taxable income for Mississippi state income tax.
Exemption Value	The Exemption Value is the amount of annual income per dependent that can be deducted from taxable income for Montana state income tax.
Expanded Family and Medical Leave	Expanded Family and Medical Leave Act (FMLA) under the Families First Coronavirus Response Act (FFCRA), covering up to 12 weeks. The first 10 days may consist of unpaid leave or supplemented with accrued sick or vacation time. Up to 10 weeks of qualifying leave up to 2/3 of the employee's pay for an employee who is unable to work because of a need to care for a child whose school or childcare facility or childcare provider closed due to the Coronavirus. This is effective April 1, 2020, through December 31, 2020.
Filing Status	Filing status is often the employee's marital status and notes the number of dependents an employee can claim. Filing status is one of several criteria used to correctly withhold taxes.
Flat Amount Method	The Flat Amount method applies a state-specified flat amount to a range of taxable gross wages.
Flat Rate Combined Method	The Flat Rate Combined method multiplies the Supplemental Pay amount for the current pay period by a flat percentage. The tax on the Regular Pay is calculated using the annualized method. The total tax is the sum of these two calculations.

Flexible Spending Account (FSA)	The Flexible Spending Account allows an employee to have pre-tax dollars deducted from wages and put into an account to pay for health care-related expenses.
Gross Earnings	Gross earnings refer to the total earnings prior to any deductions.
Health Savings Account (HSA)	Tax-exempt trusts or custodial accounts created exclusively to pay for the qualified medical expenses of the account holder (for example, an employee) and his or her spouse and dependents.
Jurisdiction	Jurisdiction refers to a legal entity that collects taxes. A jurisdiction can be a state, county, township, city, or school district.
Low Income Exception Limits	Low Income Exception Limits are the maximum annual income taxpayers of different filing statuses can earn and still receive a reduction in taxable income for California state income tax.
Maximum Tax	Maximum Tax is the highest dollar amount that can be charged for a tax. If the amount determined by multiplying income by the tax rate is greater than the maximum tax amount, the employee should only be charged for the maximum tax amount.
Mental Health Tax	Mental Health Tax is a local tax that may be charged in addition to the Occupational License Fee in Kentucky.
Net Pay	Net Pay refers to the total earnings of an employee after all deductions have been taken. Net pay is also referred to as take-home Pay.
No Self Adjust Method	The No Self Adjust method compares the Year-to-Date wages against the maximum wage limit for a tax stored in the <i>Vertex Payroll Tax Q Series</i> database. No adjustment is made if an employee has not paid sufficient taxes to date.
Non Qualified Stock Option	Non Qualified Stock Option refers to non-qualified stock options at the time of exercise.
Occupational License Fee	The Occupational License Fee is a local flat rate tax charged on employee's gross wages per pay period in Kentucky.
Occupational Privilege Tax	The Occupational Privilege Tax is a local flat amount tax charged on employee's annual gross wages in Pennsylvania,
Pay Period	A pay period is a period of service for which the employer pays wages to employees. This duration of time can be daily, weekly, bi-weekly, semi-monthly, monthly, or annually.
Percent of Federal-Combined Method	The Percent of Federal Combined method uses two-steps to calculate state tax. The tax on the Regular Pay amount is a state-defined flat percentage rate of the federal withholding tax. The tax on the Supplemental Pay amount is a state-specified flat percentage of the federal supplemental tax. The total state tax is the sum of the combined taxes on both the Regular and Supplemental Pay amounts.
Percent of Federal Method	The Percent of Federal method multiplies the federal supplemental tax amount by a flat percentage rate. This percentage is unique for each state that uses this method.

Personal Exemption	The Personal Exemption is a standard amount to be deducted from the taxable income of all taxpayers for Alabama state income tax.
Personal Tax Credit	The Personal Tax Credit is a standard amount to be deducted from the taxable income of all taxpayers for Connecticut state income tax.
Pre-Tax Deduction	A pre-tax deduction refers to any deductions not subject to tax. These amounts are deducted from the gross earnings prior to calculating any taxes. Examples of pre-tax deductions include 125 Cafeteria, 401K, 403B, and 457 plans. See these terms within this Glossary for details on these pre-tax deductions.
Previous Aggregation Method	The Previous Aggregation method combines regular wages from the previous pay period and the current supplemental wages. Taxes are calculated on this total amount. The amount of the tax paid on the previous Regular Pay wages is subtracted from the total. The result is the tax amount on the Supplemental Pay.
Primary Work Location	<p>The Primary Work Location is the state to which State Unemployment Insurance and State Disability Insurance is paid.</p> <p>Unemployment insurance, State disability insurance, and state miscellaneous taxes are always paid to only one state. When an employee has worked in more than one state, four basic factors must be considered to determine coverage. These factors, in order of importance, are:</p> <ol style="list-style-type: none">1. The place where work is localized, that is, where the employee normally does most of his or her work2. The site of the base of operations, that is, where the employee reports to work, or customarily returns to3. The place from which operations are directed or controlled4. The employee's residence
Qualified Moving Expense Reimbursements	Reimbursed and employer-paid qualified moving expenses (those that would otherwise be deductible by the employee) paid under an accountable plan are not includible in an employee's income unless you have knowledge that the employee deducted the expenses in a prior year.
Qualified Parking	<p>Qualified parking expenses include the following costs: P</p> <p>Parking a vehicle in a facility that is near the employee's place of work</p> <p>Parking at a location from where the employee commutes to work (for example, the cost of parking in a lot at the train station so that the employee can continue his/her commute on the train).</p> <p>Qualified parking expenses may either be employer-financed, when a company pays directly for the cost of an employee's parking; or employee-financed, when an employee designates a portion of salary before taxes (pre-tax income) to pay for parking expenses. In <i>Payroll Tax Q Series</i>, employer-financed expenses are handled as alternate compensation and employee-financed expenses are handled as pre-tax deductions.</p>

Reciprocal Agreement	A reciprocal agreement allows you to withhold only for the state of residence, as opposed to the state in which services are performed. In most cases, the employee will be required to submit a certificate of nonresidence for the state in which they work before you can honor the reciprocal agreement. Sometimes the nonresident status is indicated on the state W-4 form instead of a certificate of nonresidence. In Q series, we do not assume reciprocal processing. Customers are required to indicate they want reciprocal processing by setting JIT to 1 or setting the NRCERT form on the work tax handle. Refer to each state's Withholding Tax Summary page for specific reciprocal agreement rules.
Reciprocity	Reciprocity refers to the relationship between two taxing jurisdictions whereby privileges granted by one are returned by the other as a courtesy under the terms of a reciprocal agreement.
Regular Pay	Regular Pay refers to the wages an employee receives for services rendered. Regular Pay is a type of pay where taxes are calculated only on regular wages.
S Corp 2% Shareholders Health Insurance	Health and accident insurance premiums paid on behalf of a greater than 2-percent S corporation shareholder-employee are deductible by the S corporation and reportable as wages on the shareholder-employee's Form W-2, subject to income tax withholding. (A 2-percent shareholder is someone who owns more than 2 percent of the outstanding stock of the corporation or stock possessing more than 2 percent of the total combined voting power of all stock of the corporation.)
Self Adjust at a Maximum	The Self Adjust at a Maximum method compares the Year-to-Date wages against the maximum wage limit for a tax stored in the <i>Vertex Payroll Tax Q Series</i> database. <i>Vertex Payroll Tax Q Series</i> also checks the Year-to-Date tax amounts paid. An adjustment is made, if necessary, to "catch up" on an employee's taxes. After a maximum wage limit is reached, no taxes are withheld.
Self-Adjust Method	<p>The Self Adjust method compares the Year-to-Date wages against the wage limit for a tax stored in the <i>Vertex Payroll Tax Q Series Database</i>. <i>Vertex Payroll Tax Q Series</i> also checks the Year-to-Date tax amounts paid. An adjustment is made, if necessary, to "catch up" an employee's taxes. After a wage limit is reached, no taxes are withheld.</p> <p>Several taxes, such as Social Security, Medicare, FUTA, SDI, SUI, Railroad Retirement Tier 1, 2, and Unemployment, have a fixed wage limit above which no more taxes are calculated. This method prevents over-deduction in these taxes.</p>
Severance Pay	<p>The compensation that an employer provides to an employee who has been laid off, whose job has been eliminated, who through mutual agreement has decided to leave the company, or who has parted ways with the company for other reasons. Use alternate compensation code 28, unless you are required by law or contract to provide severance pay.</p> <p>Note: Employers that are required by law or contract to provide severance pay use alternate compensation code 29.</p>
Standard Deduction	The Standard Deduction is a standard amount to be deducted from the taxable income of all taxpayers for Maryland state income tax.

State Disability Insurance (SDI)	SDI is an acronym for State Disability Insurance. Some states have a separate provision for financial support to those who can no longer work due to a disability. These states collect a contribution from employers and/or employees to fund this provision.
State Health Insurance	State Health Insurance tax is a flat rate tax applied to employee's current gross annual income and charged to employers in Massachusetts.
State Unemployment Insurance (SUI)	SUI is an acronym for State Unemployment Insurance, a fund used in states to support workers who have lost their jobs and are looking for employment.
